Rip Van Australia:

Rip Van Australia John Singleton, Robert Howard, 1977 Anthology Of Australian Colonial Gothic Fiction Ken Gelder, Rachael Weaver, 2013-05-31 Grisly corpses ghostly women and psychotic station owners populate an unforgiving landscape that is the stuff of nightmares These compelling stories are the dark underside to the usual story of colonial progress promise and nation building and reveal the gothic imagination that lies at the heart of Australian fiction This anthology collects the best examples of colonial Australian gothic short stories by authors such as Marcus Clarke Hume Nisbet Henry Lawson and Katherine Susannah Prichard among others Australian Literary Manuscripts in North American Libraries Nan Bowman Albinski, 1997 **Australia's First Fabians** Race Mathews, 1993-01-01 Many of Australia's first Fabians are known as legislators priests jurists men and women of letters diplomats feminists and educators yet few are recognised as Fabians Until this book little attention has been given to Australian Fabian thinkers activists and organisations and their long term influence on Australian political and intellectual life This book recreates the lives of the first Fabians in Australia their political ideas and strategies and presents their visions for society in a lively and entertaining way It also explores the similarities between the Fabian Society's development in Britain and Australia The book will fill a long standing gap in Australian intellectual history and the history of early socialist movements in Australia **The Cambridge Companion to Australian Poetry** Ann Vickery, 2024-06-13 An invaluable resource for staff and students in literary studies and Australian studies this volume is the first major critical survey on Australian poetry It investigates poetry's central role in engaging with issues of colonialism nationalism war and crisis diaspora gender and sexuality and the environment Individual chapters examine Aboriginal writing and the archive poetry and activism print culture and practices of internationally renowned poets such as Lionel Fogarty Gwen Harwood John Kinsella Les Murray and Judith Wright The Companion considers Australian leadership in the diversification of poetry in terms of performance the verse novel and digital poetries It also considers Antipodean engagements with Romanticism and Modernism **Australia's Lost Films** Ray Edmondson, Andrew Pike, 1982 Australia's Lost Films was published by the National Library of Australia to coincide with THE LAST FILM SEARCH a project to find as many of these important films as possible and commit them to the care of the National Film and Sound Archive But with its many photographs and a complete checklist of silent feature films 1896 1930 the book stands as an important record of a necessarily little known part of Australia's cinematic past **Australia's Welfare Wars Revisited** Philip Mendes, 2007 This book explores the role played by ideologies and lobby groups in determining welfare state outcomes with specific reference to up to date theories about globalisation Free Market Missionaries Sharon Beder, 2012-06-25 In her recent book *Suited to Success* bestselling author Sharon Beder exposed how the global corporate elite have brazenly rewritten the rules of the global economy to line their pockets In this new book she turns her sights on the insidious underbelly of this global trend to show how they have also orchestrated a mass propaganda

campaign to manipulate community values and convince us that their interest co-opting and controlling all of us in the name of the free market is in our interest During the 20th century business associations coordinated mass propaganda campaigns combining 20th century American PR methods with revitalized free market ideology from 18th century Europe The aim was to persuade people to eschew their own power as workers and citizens and forego their democratic power to restrain and regulate business activity Sophisticated corporate funded think tanks augmented these campaigns in the 1970s and 1980s promoting free enterprise and business friendly policies These free market missionaries now seek to change individual and institutional values through bolder strategies such as expanding share ownership and manipulating wider public concerns In each case the goal is the same the triumph of business values over community values Beder's is an intellectual call to arms challenge the ideology of the free market missionaries or be converted to it

Roads, Tourism and Cultural History

Rosemary Kerr, 2018-12-20 Roads and road tourism loom large in the Australian imagination as distance and mobility have shaped the nation's history and culture but roads are more than simply transport routes they embody multiple layers of history mythology and symbolism Drawing on Australian travel writing diaries and manuscripts tourism literature fiction poetry and feature films this book explores how Australians have experienced and imagined roads and road touring beyond urban settings from Aboriginal songlines to modern day road trips It also tells the stories of iconic roads including the Birdsville Track Stuart Highway and Great Ocean Road and suggests alternative approaches to heritage and tourism interpretation of these important routes The ongoing impact of the colonial past on Indigenous peoples and contemporary Australian society and culture including representations of the road and road travel is explored throughout the book The volume offers a new way of thinking about roads and road tourism as important strands in a nation's cultural fabric
