Ripples on the Water Anna Charles, 2006-02 Veteran journalist Mike Noble and Liz McKendrick his photographer assistant go to Cornwall to visit Liz's father in the quiet village of Penhaven Shortly after their arrival a child goes missing and they begin to realise that well known and influential local inhabitants are involved in something sinister leading to the murder of a convicted paedophile

Community Visioning Programs Norman Walzer, Gisele Hamm, 2012-01-30 Community visioning is key in helping local public officials and community leaders create a flourishing future for their cities and is essential for the effective planning and implementation of these strategies Visioning involves collaborative goal setting to motivate actions of planners citizens and officials in order to design and carry out a strategic planning process for the successful development of the community The use of visioning since the 1980s has led to a wealth of information on the productivity of the paths it has taken The contributors all with experience working in the area review the successes and failures of the strategies and look at new innovations which are pushing the frontiers of community visioning This review of the development of visioning focuses on small and medium sized communities in North America It aims to guide citizens local leaders and planners on what strategies are best to help them revitalise their communities and ensure a prosperous future

A Change of Heart Kevin J. McCarthy, Ph.D, 2014-09-25 Any attempt to produce a change of mind or a change in behaviors is doomed to fail given our human natures While we may have thoughts of creating this process in our personal life we are unable to sustain our focus given the constant barrage of worldly distractions Slowly or quickly our resolve ebbs away and once more we're caught up in the choices that bring pain and shame into our life and the lives of those we love Nothing changes until we experience a change of heart This is not an event but rather a journey that guides life and transforms character This change of heart is a gift that is extended to those who have come to the realization that of themselves they can do nothing Surrender is the key word and that is likely a difficult concept to tolerate in our

human condition Yet as you surrender your will on a regular basis your life purpose will slowly and consistently be revealed in the opportunities that arise With each succeeding door that opens there will come a flow of challenges blessings and gifts that serve to sustain and nourish continued growth Out of this process you will come to fully understand that there is a purpose for life and that the greatest joy comes from fulfilling that promise This is not a preachy book filled with solemn sayings rather it is a tribute to Jesus Christ who can work His purpose in any surrendered life My desire is that you join me on this pathway to personal transformation Your faith will grow as you come to understand the dynamic of surrender Out of your faith will grow a new and profound sense of hope that will complete its work in your life You cannot buy this gift or steal it as a possession yet it is offered freely to those who are committed to finding the truth Community Colleges as Economic Engines Kjell A. Christophersen, Richard L. Alfred, 2019-12-05 Over the past 19 years Economic Modeling Specialists International Emsi has responded to the demand for credible and affordable economic impact studies by completing over 2000 such studies for colleges in the US UK Canada and Australia The book chronicles the lessons learned over this time period and highlights what an economic impact study is is not what the results mean and why they are important It also discusses how presidents and governing boards can leverage the impact results to address other issues they deal with on a daily basis Few college presidents are fully aware of this opportunity however and thus do not fully exploit the richness of the study A strong case is also made that the college leadership should play a much stronger leadership roles in regional economic development of their region in addition to their roles as advocates for their colleges only
