Special Notice to Mariners, 1994 **The Rise of Merchant Empires** James D. Tracy, 1991 **The Rise of Merchant Empires** James D. Tracy, 1990 This volume examines the rise of the many different trading empires from the end of the Middle Ages to the eighteenth century Europe in the World from 1350 to 1650 Rila Mukherjee, 2025-08-23 This book covers both European and global History from 1350 to 1650 The eight modules in the textbook offer an all encompassing perspective on European history and a parallel understanding of world history establishing a holistic framework of the events narrated It provides a conceptual framework for understanding the factors that led to the rise of the modern West The textbook offers maps tables and illustrations to quickly comprehend and recollect significant events and their causes and consequences in Europe s transformation from medieval to modern maps The textbook covers political economic intellectual and social history from 1350 to 1650 Each module carries suggested questions and exercises to achieve greater interactive learning The textbook serves as a convenient source of information for advanced readers and upper undergraduates in history to understand the genesis of modern Europe from multiple sources perspectives and languages

Goods from the East, 1600-1800 Maxine Berg, Felicia Gottmann, Hanna Hodacs, Chris Nierstras, 2015-07-13 Goods from the East focuses on the fine product trade s first Global Age how products were made marketed and distributed between Asia and Europe between 1600 and 1800 It brings together established scholars as well as new to provide a full comparative and connective study of this trade **The Colonies of Genoa in the Black Sea Region** Evgeny Khvalkov, 2017-07-28 This book focuses on the network of the Genoese colonies in the Black Sea area and their diverse multi ethnic societies It raises the problems of continuity of the colonial patterns reveals the importance of the formation of the late medieval early modern colonialism the urban demography and the functioning of the polyethnic entangled society of Caffa in its interaction with the outer world It offers a novel interpretation of the functioning of this late medieval colonial polyethnic society and rejects the widely accepted narrative portraying the whole history of Caffa of the fifteenth century as a period of constant decline and depopulation **The Spinning World** Giorgio Riello, Prasanna Parthasarathi, 2011-09-22 This collection of essays examines the history of cotton textiles at a global level over the period 1200 1850 It provides new answers to two questions what is it about cotton that made it the paradigmatic first global commodity And second why did cotton industries in different parts of the world follow different paths of development *The Silver Empire* Oliver Volckart, 2024-02-16 The Silver Empire is the first comprehensive account of how the Holy Roman Empire created a common currency in the sixteenth century The problems that gave rise to the widespread desire to introduce a common a currency were myriad While trade was able to cope with and even to benefit from the parallel circulation of many different types of coin it nevertheless harmed both the common people and the political authorities The authorities in particular suffered from neighbours who used their comparatively good money as raw material to mint poor imitations Debasing their own coinage provided an at best short

term solution Over the medium and long term it drove the members of the Empire into rounds of competitive debasements until they realised that a common currency was the only answer that addressed the core of the problem Oliver Volckart examines the conditions that shaped the monetary outlook of the member states of the Empire paying particular attention to the uneven access to silver and gold Following closely the negotiations that prepared the common currency he is able to illuminate the interest groups that were formed what their agendas and ulterior motives were how alliances were forged and how it was eventually possible to obtain majority agreement on what a common currency should look like a silver based currency that was introduced in 1559 66 In fact in contrast to what historians once believed the common currency they achieved turns out to have functioned not significantly worse than other currencies of the time it had similar problems and similar advantages as the money issued by more centralized governments The Cambridge Companion to the Roman Economy Walter Scheidel, 2012-11-08 Thanks to its exceptional size and duration the Roman Empire offers one of the best opportunities to study economic development in the context of an agrarian world empire This volume which is organised thematically provides a sophisticated introduction to and assessment of all aspects of its economic life The Rise of Merchant Empires, Longdistance Trade in the Early Modern World 1350-1750 James D.
