Rise And Rise Kerry Packer:

The Rise and Rise of Kerry Packer Uncut Paul Barry, 2007 Paul Barry's *THE RISE AND RISE OF KERRY PACKER* is a classic piece of Australian non-fiction publishing. Originally released in 1993 when Packer was still alive, it has sold well over a quarter of a million copies and is widely seen as the definitive book on a man who throughout his remarkable life mystified, inspired, and challenged those around him. Since Kerry Packer's death, Barry has unearthed a substantial amount of new testimony from those now prepared to come forward. This new edition of the book *THE RISE AND RISE OF KERRY PACKER UNCUT* brings the true Packer story to Australia in a way that was never possible for the first edition. This is the real deal about Kerry Packer, unvarnished, uncut, more astonishing than you ever could have imagined. **The Rise and Rise of Kerry Packer** Paul Barry, 2003

Sir Frank Packer Bridget Griffin-Foley, 2014-03-19 Legendary media baron Sir Frank Packer was pugnacious, autocratic, and always controversial. After joining forces with Labor politician E. G. Theodore to establish Australian Consolidated Press and the *Women's Weekly* in the 1930s, his empire grew to encompass newspapers, magazines, and the Nine television network. **Ruling Class Men** Mike Donaldson, Scott Poynting, 2007 The Murdochs, Packers, Kennedys, Anglens, and other men like them directly determine the fates of thousands and influence the future of the world like no other people. To learn about these often reclusive men, the authors extended the life history technique to interrogate autobiographies, diaries, and biographies. **Writing Feature Stories** Matthew Ricketson, 2020-07-29 Good writing engages as it informs, and feature journalism offers writers the opportunity to tell deep, affecting stories that look beyond the immediate mechanics of who, what, where, and when, and explore the more difficult and more rewarding questions of how and why. Whether you're a blogger, a news journalist, or an aspiring lifestyle reporter, a strong voice and a fresh, informed perspective remain in short supply and strong demand. This book will help you craft the kind of narratives people can't wait to share on their social media feeds. *Writing Feature Stories* established a reputation as a comprehensive, thought-provoking, and engaging introduction to researching and writing feature stories. This second edition is completely overhauled to reflect the range of print and digital feature formats and the variety of online, mobile, and traditional media in which they appear. This hands-on guide explains how to generate fresh ideas, research online and offline, make the most of interviews, sift and sort raw material, structure and write the story, edit and proofread your work, find the best platform for your story, and pitch your work to editors. A wide-ranging, much-needed master class for anyone who tells true yarns in this fast-changing journalistic marketplace. Bruce Shapiro, Columbia University. Useful and thought-provoking. Margaret Simons, journalist and author. A must-read for any digital storyteller who wants to write emotive, engaging, believable content. Nidhi Dutt, foreign correspondent. **The Big Gamble** Jose D. Roncal, Jose N. Abbo, 2009 *The Big Gamble* takes you on an armchair journey from the tulip fields of 17th-century Holland and the South Seas to the gaming tables in Las Vegas. Discover how economic bubbles form and learn about an early warning system you can use to either avoid the next one or wisely capitalize on it. In

plain English without jargon or blue sky economic theory discover Why you re not really playing it safe when you invest conservatively even in U S Treasury bills or mutual funds Nine financial risks you need to watch out for when building a portfolio or allocating investments in your 401 k plan The twelve cardinal rules of speculating that are critical to successfully making your assets grow Why you should think twice before sinking your life savings into economic icons like General Motors or Wal Mart Three surefire economic signals that will show you the next big thing and identify potential bubbles when they are beginning Who Wants to be a Billionaire?
