Ledwidge, 2012-02-06 African Americans' analysis of and interest in foreign affairs represents a rich and dynamic legacy and this work provides a cutting edge insight into this neglected aspect of US foreign affairs. In addition to extending the parameters of US foreign policy literature to include race and ethnicity, the book documents case specific analyses of the evolutionary development of the African American foreign affairs network AAFAN. Whilst the examination of race in regard to the construction of US foreign policy is significant, this book also provides a cross disciplinary approach which utilises historical and political science methods to paint a more realistic appraisal of US foreign policy. Including analysis of original archival evidence, this theoretically informed work seeks to transcend the standard mono disciplinary approach which overestimates the separation between domestic and foreign affairs. The unique approach of this work will add an important dimension to a newly emerging field and will be of interest to scholars in ethnic and racial studies, American politics, US foreign policy and US history. **The Rise of a Prairie Statesman** Thomas J. Knock, 2016-03-01 The first major biography of the 1972 US presidential candidate and unsung champion of American liberalism.

The Rise of a Prairie Statesman is the first volume of a major biography of the 1972 Democratic presidential candidate who became America's most eloquent and prescient critic of the Vietnam War. In this masterful book, Thomas Knock traces George McGovern's life from his rustic boyhood in a South Dakota prairie town during the Depression to his rise to the pinnacle of politics at the 1968 Democratic National Convention in Chicago where police and antiwar demonstrators clashed in the city's streets. Drawing extensively on McGovern's private papers and scores of in depth interviews, Knock shows how McGovern's importance to the Democratic Party and American liberalism extended far beyond his 1972 presidential campaign and how the story of postwar American politics is about more than just the rise of the New Right. He vividly describes McGovern's harrowing missions over Nazi Germany as a B-24 bomber pilot and reveals how McGovern's combat experiences motivated him to earn a PhD in history and stoked his ambition to run for Congress. When President Kennedy appointed him director of Food for Peace in 1961, McGovern engineered a vast expansion of the program's school lunch initiative that soon was feeding tens of millions of hungry children around the world. As a senator, he delivered his courageous and unrelenting critique of Lyndon Johnson's escalation in Vietnam, a conflict that brought their party to disaster and caused a new generation of Democrats to turn to McGovern for leadership. A stunning achievement, *The Rise of a Prairie Statesman* ends in 1968 in the wake of the assassinations of Martin Luther King and Robert Kennedy when the Draft McGovern movement thrust him into the national spotlight and the contest for the presidential nomination culminating in his triumphal reelection to the Senate and his emergence as one of the most likely prospects for the Democratic nomination in 1972.
