Rising Before They Were Left Behind:

The Rising Tim LaHaye, Jerry B. Jenkins, 2005 The countdown to Rapture begins as Marilena Carpathia unknowingly gives birth to the Antichrist and half a world away God's plans begin to take form in young Ray Steele **Left Behind Answered Verse by Verse** David Reed, 2008-01-01 Will unbelievers and half hearted churchgoers have 7 more years to make up their minds about Christ after He raptures the Church LEFT BEHIND gives them all a second chance But is that what Jesus taught His parables of the talents the wise and foolish virgins the wheat and the tares and the faithful and evil servant all show him returning unexpectedly with both rewards and punishments in his hands Neither the parables nor the plain words of Christ teach a second chance for those surprised by his coming But LEFT BEHIND does Few Christians realize LEFT BEHIND tosses aside the teachings of Luther Calvin Tyndale Wesley Wycliffe and Spurgeon Read dozens of quotes from these and other respected sources that show LEFT BEHIND strays far from the truths Bible readers have understood for centuries Author of JEHOVAH'S WITNESSES ANSWERED VERSE BY VERSE and MORMONS ANSWERED VERSE BY VERSE Baker Book House David A Reed is known worldwide as an expert in refuting false prophecy **The End of Meaning** Matthew Gumpert, 2012-04-25 The specter of the apocalypse has always been a semiotic fantasy only at the end of all things will their true meaning be revealed Our long romance with catastrophe is inseparable from the Western hermeneutical tradition our search for an elusive truth one that can only be uncovered through the interminable work of interpretation Catastrophe terrifies and tantalizes to the extent it promises an end to this task 9 11 is this book's beginning but not its end Here it seemed was the apocalypse America had long been waiting for until it became just another event And indeed the real lesson of 9 11 may be that catastrophe is the purest form of the event From the poetry of classical Greece to the popular culture of contemporary America *The End of Meaning* seeks to demonstrate that catastrophe precisely as the notion of the sui generis has always been generic This is not a book on the great catastrophes of the West it offers no canon of catastrophe no history of the catastrophic *The End of Meaning* asks instead what if meaning itself is a catastrophe [The Authorized Left Behind Handbook](#) Tim LaHaye, Jerry B. Jenkins, Sandi Swanson, 2005 A wonderful companion book for avid Left Behind readers this complete guide covers the events people technologies and meanings of names and numbers that have driven speculation and conversation since 1995 *The Apocalypse Is Everywhere* Anne Rehill, 2009-11-12 This wide ranging exploration of the apocalypse in Western culture seeks to understand how we have come to be so preoccupied with spectacular visions of our own annihilation offering abundant examples of the changing nature of our imagined destruction and predisposing readers to discover many more all around them *The Apocalypse Is Everywhere A Popular History of America's Favorite Nightmare* explores why apocalyptic thinking exists how it has been manifested in Western culture through the ages and how it has woven itself so thoroughly into our popular culture today Beginning with contemporary apocalyptic expressions the book demonstrates how surprisingly widespread they are It then discusses how we inherited them and where they arose Author

Annie Rehill surveys the ancient belief systems from which Christianity evolved including ancient Judaism and other faiths She explores the vision outlined in the Book of Revelation and traces the apocalyptic thread through the Middle Ages across the Reformation and Enlightenment and to the Americas Finally to prove that the Apocalypse is indeed everywhere Rehill returns to the present to consider the idea of apocalypse as it occurs in movies books comics and graphic novels games music and art as well as in televangelism and even presidential speeches Her fascinating scholarship will surely have readers looking about them with new eyes Exceptional State Ashley Dawson, Malini Johar Schueller, 2007-06-29 Explores the role culture plays in legitimating unsettling and contesting America's aggressively interventionist foreign policy since 9/11

Once Upon a Time in a Dark and Scary Book K. Shryock Hood, 2018-06-07 Contemporary American horror literature for children and young adults has two bold messages for readers adults are untrustworthy unreliable and often dangerous and the monster always wins as it must if there is to be a sequel Examining the young adult horror series and the religious horror series for children *Left Behind: The Kids* for the first time and tracing the unstoppable monster to Seuss's *Cat in the Hat* this book sheds new light on the problematic message produced by the combination of marketing and books for contemporary American young readers **American Cities in Post-Apocalyptic Science Fiction** Robert Yeates, 2021-11-15 Visions of the American city in post-apocalyptic ruin permeate literary and popular fiction across print visual audio and digital media *American Cities in Post-Apocalyptic Science Fiction* explores the prevalence of these representations in American culture drawing from a wide range of primary and critical works from the early twentieth century to today Beginning with science fiction in literary magazines before taking in radio dramas film video games and expansive transmedia franchises Robert Yeates argues that post-apocalyptic representations of the American city are uniquely suited for explorations of contemporary urban issues Examining how the post-apocalyptic American city has been repeatedly adapted and repurposed to new and developing media over the last century this book reveals that the content and form of such texts work together to create vivid and immersive fictional spaces in ways that would otherwise not be possible Chapters present media specific analyses of these texts situating them within their historical contexts and the broader history of representations of urban ruins in American fiction Original in its scope and cross media approach *American Cities in Post-Apocalyptic Science Fiction* both illuminates little studied texts and provides provocative new readings of familiar works such as *Blade Runner* and *The Walking Dead* placing them within the larger historical context of imaginings of the American city in ruins **Evangelical America** Timothy J. Demy, Paul R. Shockley Ph.D., 2017-09-21 An essential new reference work for students and general readers interested in the history dynamics and influence of evangelicalism in recent American history politics and culture What makes evangelical or born again Christians different from those who identify themselves more simply as Christian What percentage of Americans believe in the Rapture How are evangelicalism and Baptism similar What is the influence of evangelical religions on U.S. politics Readers of *Evangelical America: An Encyclopedia of Contemporary American Religious*

Culture will learn the answers to these questions and many more through this single volume work's coverage of the many dimensions of and diversity within evangelicalism and through its documentation of the specific contributions evangelicals have made in American society and culture. It also illustrates the Evangelical movement's influence internationally in key issues such as human rights, environmentalism, and gender and sexuality. **The Rising** Tim F. LaHaye, 2005
