

Fire Risk Assessment

Fire risk assessment is a legal requirement for every workplace. Even a small fire could have fatal consequences and will have serious financial implications for any business.

Safety point	Why?	How do you do this?
By law a competent person must carry out a fire risk assessment of the premises.	A competent person will have the knowledge to identify the risks and suggest practical precautions you can take.	By developing your own knowledge, training a suitable, interested member of staff, or employing a qualified advisor. Ask for information from your Fire Authority.

Use the blank fire assessment form provided on the last page to go through this process and do a fire risk assessment of your premises. Photocopy the form for additional areas if required.

Fire safety risk assessment

1	Identify fire hazards Identify: • sources of ignition such as naked flames • sources of fuel such as flammable liquids • sources of oxygen such as the air around us
2	Identify people at risk Identify: • people in and around the premises and • people who are especially at risk
3	Evaluate, remove or reduce, and protect from risk • Evaluate the risk of a fire starting • Evaluate the risk to people from a fire • Remove or reduce fire hazards • Remove or reduce the risks to people from a fire • Protect people by providing fire precautions
4	Record, plan, inform, instruct and train • Record any major findings and action you have taken • Discuss and work with other responsible people • Prepare an emergency plan • Inform and instruct relevant people • Provide training
5	Review • Review your fire-risk assessment regularly • Make changes where necessary

Remember to review your fire-risk assessment regularly

Risk Management In Fire Service

U. S. FIRE ADMINISTRATION.

Risk Management In Fire Service:

Risk Management in the Fire Service Steven S. Wilder, 1997 Defines and discusses risk management a new idea in fire service even though it has been informally applied for years Ten chapters address topics such as the nature of loss processes and methods the safety committee incident investigation managing risks and emergency operations quality management and sexual harassment in the fire service Two appendices provide case law studies and common departmental loss exposures Annotation copyrighted by Book News Inc Portland OR

Risk Management Practices in the Fire Service U. S. FIRE ADMINISTRATION., 2013-04-29 The manual is designed as a comprehensive guide that helps fire and emergency service providers understand the concepts that form the foundation of risk management principles and practices In addition the manual directs the reader to sources of additional information and operational examples The manual focuses on the practical application of risk management principles to fire department operations

Managing Risk in the Volunteer Fire Service Joe Nedder, 2020-06-16 Risk management is one of the most important but frequently ignored fireground management skills The volunteer fire service is particularly vulnerable because of a lack of understanding and training in a risk management system why we need it how it works and how to use it What are some risk reduction strategies How do you identify risks and dangers and how they affect firefighters How do you control those risks and limit danger to firefighters How often have firefighters taken unnecessary risks Firefighting is a dangerous job but risks need to be measured against the capabilities of the responding firefighters Do their capabilities match the immediate needs of the size up What about your personal capabilities Are you truly prepared Joe Nedder knows risk safety and firefighting and brings clarity to often diametrically opposing objectives Joe writes with clarity and insight gained from real world experience and skin in the game Managing Risk in the Volunteer Fire Department is a must read for every firefighter career or volunteer Chief Bobby Halton editorial director Clarion Fire Rescue Group and educational director FDIC International Everything you want to know about managing risk in your volunteer department is here in this new book by Joe Nedder who dedicated his fire service career to providing better training for volunteer fire departments He understands the specialized needs of departments big and small and tailors his teaching to encompass departments across North America Diane Rothschild executive editor Fire Engineering and conference director FDIC International

Risk Management for the Fire Service Fire Academy (B.C.), 1999
