Risking Faith:

Risking Faith John Guest, 1993 **Risking Truth** Scott A. Ellington, 2008-09-01 Ours is a world characterized by change Often the most fundamental changes in our lives result from experiences of profound suffering and loss as we are wrenched from our familiar world and driven into one that is alien In the midst of such loss we are compelled to choose between trying to cling to the remnants of a reality that is passing away and trying to make a home in a strange new world Biblical prayers of lament wait for us at this crossroad of loss and newness Prayers of lament are marked both by loss and by the inexplicable silence of God Everything we believe about God's justice and goodness is placed in doubt by his hiddenness The cry of lament is an act of tremendous risk To lament is to abandon the sinking ship of religious certainty and strike out in a small dingy amidst stormy seas in search of a hidden God Faced with God's silence the biblical writers are willing to place at risk their most fundamental beliefs and to lament The Psalm writers risk the loss of the Exodus story by crying out to a God who has failed to save demanding that he once more part the chaotic waters and make a way in the desert Job risks the loss of a moral God by confronting God with his injustice Jeremiah risks the loss of the covenant by calling out for God to return yet again to a faithless partner and a failed marriage Matthew and John the Revelator recognize that the coming of Messiah is impelled by the cries of innocent sufferers Throughout the Bible lament risks the possible loss of relationship with God and presses for a new though uncertain experience of God's presence Risking Intimacy Nancy Groom, 2000-05-01 The longing for relational intimacy is met by yielding first to the Lord who provides the grace from which genuine oneness with others can flow Faith: Security and Risk Richard W. Kropf, 2003-06-20 Is faith a search for security Is faith the reason for taking risks The answer to these questions will ultimately determine the quality of our faith whether it will be a faith that flourishes and grows or a faith that is stunted and limited Author Richard Kropf analyzes these faith choices with a unique approach He combines the psycho dynamics of Viktor Frankl the faith analysis of Avery Dulles and the faith stages researched by James Fowler to provide a provocative foundation for understanding our spiritual life Kropf then takes us through each faith level and highlights the challenges and pitfalls along the way He covers the broad range of topics from compulsive religious behavior fundamentalism and various enthusiasms to adolescent and mid life crises of faith and the risks of trying to achieve sainthood Faith Security and Risk is ideal for pastors spiritual directors and professional counselors and is particularly designed to complement spiritual workshops and retreats Each chapter ends with a series of questions that provide excellent stimulus for small group discussion as well as personal reflection This book has also proved most helpful for college professors as an excellent text for their students seeking to understand their own faith struggles "Risking Proclamation, Respecting Difference" Chris Boesel, 2010-04-29 This important book poses the question of whether Christian proclamation can be made ethically safe for the Jewish neighbour Boesel assesses two major approaches to a Christian theology of Judaism those exemplified by Rosemary Radford Ruether and Karl Barth This book makes a significant contribution to our

understanding of systematics ethics and homiletics at the intersection of Jewish Christian relations **NIV, Faith in Action Study Bible** Zondervan,2011-06-28 The Faith in Action Study Bible provides you with a deeply rooted understanding of how Scripture applies to contemporary issues and personal growth You will discover the relationship between history culture and the biblical narrative and gain insight into the fact that God s heart for our world that transcends times and customs Designed in a highly readable passage by passage commentary style the footnotes of this Bible are its centerpiece There and Then notes shed light on the original context and significance of a passage and Here and Now notes help you see the relevance of the passage for your life and the world Also included are articles by respected Christian authors and Snapshots of individuals with a high impact faith who have embraced Christianity not only as a view of life but also a way of life Over 175 charts graphs and tables highlight thought provoking worldwide realities helping you evaluate your spiritual life and suggesting action impact steps to help you grow share and live your faith With a 16 page full color map section this eBook has been optimized for reading on color screens but will still function effectively on other devices NIV 2011 The New International Version NIV translation of the Bible is the world s most popular modern English Bible easy to understand yet rich with the detail found in the original languages Godology Christian Timothy George,2009-01-01 There s nothing worse than catatonic Christians standing still in a world of falling people Godology is for those who crave to know more about God and why it matters Think Knowing God meets Celebration of Discipline for twenty somethings In each chapter Christian George discloses a biblical reality about the nature of God a spiritual discipline that connects us to Him and a practical way to express our faith Using humorous experiences and honest reflections George grapples with real life issues like purpose despair triumph and tragedy In an age when thinking about God can be academic and abstract George invites you to really know God But be warned it will change everything *If God Is In Control* Michael Youssef,1998-10-11 An encouraging look at why bad things happen to good people and God s compassion for the spiritually exhausted Why I Believe Alydia Smith,2017-11-01 In this devotional a variety of members and friends of the church told us about their personal faith journeys We are excited to share their candid thoughtful reflections What does it mean to follow Jesus remain faithful and choose hope especially during times of uncertainty and doubt Daily devotions for the season of Lent include a scripture passage personal reflection song suggestions reflection question and prayer Study guide included **Religion and the Political Imagination** Ira Katznelson,Gareth Stedman Jones,2010-10-07 The theory of secularisation became a virtually unchallenged truth of twentieth century social science First sketched out by Enlightenment philosophers then transformed into an irreversible global process by nineteenth century thinkers the theory was given substance by the precipitate drop in religious practice across Western Europe in the 1960s However the re emergence of acute conflicts at the interface between religion and politics has confounded such assumptions It is clear that these ideas must be rethought Yet as this distinguished international team of scholars reveal not everything contained in the idea of secularisation was false Analyses of

developments since 1500 reveal a wide spectrum of historical processes partial secularisation in some spheres has been accompanied by sacralisation in others Utilising new approaches derived from history philosophy politics and anthropology the essays collected in Religion and the Political Imagination offer new ways of thinking about the urgency of religious issues in the contemporary world
