Risky Rhetoric Aids And The Cultural Practices Of Hiv Testing:

Risky Rhetoric J. Blake Scott, 2003 *Risky Rhetoric AIDS and the Cultural Practices of HIV Testing* is the first book length study of the rhetoric inherent in and surrounding HIV testing In addition to providing a history of HIV testing in the United States from 1985 to the present J Blake Scott explains how faulty arguments about testing's power and effects have promoted unresponsive and even dangerous testing practices for so called normal subjects as well as those deemed risky Drawing on classical rhetoric as well as Michel Foucault's theorizing of the examination as a form of disciplinary power this study explores how HIV testing functions as a disciplinary technology that shapes subjects and exerts power over individual bodies and populations Testing has largely been deployed to protect those defined as normal members of the general population by detecting managing and even punishing those diagnosed as risky e g gay and bisexual men poor women of color But Scott reveals that testing's function of protection through detection has been fueled in part by faulty arguments that exaggerate testing's interventive power and benefits These arguments have also created a perception that testing is a magic bullet By overestimating the benefits of HIV testing and overlooking its contingencies and harmful effects dominant arguments about testing have enabled a shortsighted public health response to HIV and unresponsive testing policies The ultimate goal of *Risky Rhetoric AIDS and the Cultural Practices of HIV Testing* is to offer strategies to policymakers HIV educators and test counselors and other rhetors for developing more responsive and egalitarian testing related rhetorics and practices

Sexual Rhetorics Jonathan Alexander, Jacqueline Rhodes, 2015-10-16 Sexual rhetoric is the self conscious and critical engagement with discourses of sexuality that exposes both their naturalization and their queering their torquing to create different or counter discourses giving voice and agency to multiple and complex sexual experiences This volume explores the intersection of rhetoric and sexuality through the varieties of methods available in the fields of rhetoric and writing studies including case studies theoretical questioning ethnographies or close and distant readings of texts that help us think through the rhetorical force of sexuality and the sexual force of rhetoric

The State of Rhetoric of Science and Technology Alan G. Gross, Laura J. Gurak, 2020-08-26 The ubiquity of the Internet and digital technology has changed the sites of rhetorical discourse and inquiry as well as the methods by which such analyses are performed This special issue discusses the state of rhetoric of science and technology at the beginning of the twenty first century While many books connecting rhetorical theory to the Internet have paved the way for more refined and insightful studies of online communication the articles here serve as a reflective moment an opportunity to consider thoughtful statements from those who have published and been influential in the field

Communication Perspectives on HIV/AIDS for the 21st Century Timothy Edgar, Seth M. Noar, Vicki S. Freimuth, 2009-04-09 Reflecting the current state of research into the communication aspects of HIV AIDS this volume explores AIDS related communication scholarship moving forward from the 1992 publication *AIDS A Communication Perspective* Editors Timothy Edgar Seth M Noar and Vicki S Freimuth have developed

this up to date collection to focus on today s key communication issues in the HIV AIDS epidemic Chapters herein examine the interplay of the messages individuals receive about AIDS at the public level as well as the messages exchanged between individuals at the interpersonal level Acknowledging how the face of HIV AIDS has changed since 1992 the volume promotes the perspective that an understanding of effective communication through both mediated and interpersonal channels is essential to winning the continued battle against AIDS Issues addressed here include Social stigma associated with the disease social support and those living with HIV AIDS and the current state of HIV testing Parent child discussions surrounding HIV AIDS and safer sexual behavior and cultural sensitivity relating to developing HIV prevention and sex education programs The effectiveness of health campaigns to impact attitudes norms and behavior as well as the current state of entertainment education and its ability to contribute to HIV prevention News media coverage of HIV AIDS and the impact of the agenda setting function on public opinion and policy making Health literacy and its importance to the health and well being of those undergoing HIV treatment The role of technological innovations most notably the Internet used for both prevention interventions as well as risky behavior The volume also includes exemplars that showcase the diversity of approaches to health communication used to combat the HIV AIDS epidemic These cases include interpersonal and mass communication mediums traditional along with new media and technology research by academics and practitioners individual as well as community based approaches work based in the United States and internationally and campaigns directed at at risk HIV positive as well as general populations With new topics new contributors and a broadened scope this book goes beyond a revision of the 1992 volume to reflect the current state of communication research on HIV AIDS across key contexts It is designed for academics researchers practitioners and students in health communication health psychology and other areas of AIDS research As a unique examination of communication research it makes an indelible contribution to the growing knowledge base of communication approaches to combating HIV AIDS

The Rhetoric of Social Movements

Nathan Crick, 2020-09-22 This collection provides an accessible yet rigorous survey of the rhetorical study of historical and contemporary social movements and promotes the study of relations between strategy symbolic action and social assemblage Offering a comprehensive collection of the latest research in the field The Rhetoric of Social Movements Networks Power and New Media suggests a framework for the study of social movements grounded in a methodology of slow inquiry and the interconnectedness of these imminent phenomena Chapters address the rhetorical tactics that social movements use to gain attention and challenge power the centrality of traditional and new media in social movements the operations of power in movement organization leadership and local and global networking and emerging contents and environments for social movements in the twenty first century Each chapter is framed by case studies drawn from movements across the world ranging from Black Lives Matter and Occupy to Greek anarchism and indigenous land protests that ground conceptual characteristics of social movements in their continuously unfolding reality furnishing readers with both practical and

theoretical insights The Rhetoric of Social Movements will be of interest to scholars and advanced students of rhetoric communication media studies cultural studies social protest and activism and political science *The SAGE Handbook of Rhetorical Studies* Andrea A. Lunsford, Kirt H. Wilson, Rosa A. Eberly, 2008-10-29 The SAGE Handbook of Rhetorical Studies surveys the latest advances in rhetorical scholarship synthesizing theories and practices across major areas of study in the field and pointing the way for future studies Edited by Andrea A Lunsford and Associate Editors Kirt H Wilson and Rosa A Eberly the Handbook aims to introduce a new generation of students to rhetorical study and provide a deeply informed and ready resource for scholars currently working in the field Key Features Brings together scholars from across the disciplines of Speech Communication English and Writing Studies While rhetoric is by definition interdisciplinary self identified scholars in the field are most often institutionally separated from one another This Handbook bridges this divide by providing a refreshing range of transdisciplinary views on the nature status definition and scope of rhetoric today Offers a thorough going overview of rhetorical studies today Organized in four sections Historical Studies in Rhetoric Rhetoric Across the Disciplines Rhetoric and Pedagogy and Rhetoric and Public Discourse the volume provides a single resource for engaging rhetorical studies Underscores the importance of rhetoric to education across a wide range of disciplines as well as to effective participation in public arenas Thus the volume connects rhetoric's long teaching tradition to an activist agenda for informed civic engagement Addresses methodological and theoretical difficulties and offers means of negotiating them Provides one of the first introductions to rhetorical studies across cultures and to the related debates concerning comparative and contrastive rhetorics *Encyclopedia of Science and Technology Communication* Susanna Hornig Priest, 2010-07-14 The explosion of scientific information is exacerbating the information gap between richer poorer educated less educated publics The proliferation of media technology and the popularity of the Internet help some keep up with these developments but also make it more likely others fall further behind This is taking place in a globalizing economy and society that further complicates the division between information haves and have nots and compounds the challenge of communicating about emerging science and technology to increasingly diverse audiences Journalism about science and technology must fill this gap yet journalists and journalism students themselves struggle to keep abreast of contemporary scientific developments Scientist aided by public relations and public information professionals must get their stories out not only to other scientists but also to broader public audiences Funding agencies increasingly expect their grantees to engage in outreach and education and such activity can be seen as both a survival strategy and an ethical imperative for taxpayer supported university based research Science communication often in new forms must expand to meet all these needs Providing a comprehensive introduction to students professionals and scholars in this area is a unique challenge because practitioners in these fields must grasp both the principles of science and the principles of science communication while understanding the social contexts of each For this reason science journalism and science communication are often addressed

only in advanced undergraduate or graduate specialty courses rather than covered exhaustively in lower division courses. Even so, those entering the field rarely will have a comprehensive background in both science and communication studies. This circumstance underscores the importance of compiling useful reference materials. The Encyclopedia of Science and Technology Communication presents resources and strategies for science communicators including theoretical material and background on recent controversies and key institutional actors and sources. Science communicators need to understand more than how to interpret scientific facts and conclusions; they need to understand basic elements of the politics, sociology, and philosophy of science as well as relevant media and communication theory, principles of risk communication, new trends, and how to evaluate the effectiveness of science communication programmes. To mention just a few of the major challenges, this work will help to develop and enhance such understanding as it addresses these challenges and more. Topics covered include advocacy, policy, and research organizations; environmental and health communication; philosophy of science; media theory and science communication; informal science education; science journalism as a profession; risk communication theory; public understanding of science; pseudo-science in the news; special problems in reporting science and technology; science communication ethics.

Rhetoric in Debt Kellie Sharp-Hoskins, 2023-06-13. In recent years, household indebtedness in the United States reached its highest levels in history. From mortgages to student loans, from credit card bills to US deficit spending, debt is widespread and increasing. Drawing on scholarship from economics, accounting, and critical rhetoric and social theory, Kellie Sharp-Hoskins critiques debt not as an economic indicator or a tool of finance but as a cultural system. Through case studies of the student loan crisis, medical debt, and the abuses of municipal bonds, Sharp-Hoskins reveals that debt is a rhetorical construct entangled in broader systems of wealth, rule, and race. Perhaps more than any other social marker or symbol, the concept of debt indicates differences between wealthy and poor, productive and lazy, secure and risky, worthy and unworthy. Tracking the emergence and work of debt across temporal and spatial scales reveals how it exacerbates vulnerabilities and inequities under the rhetorical cover of individual moral and volitional calculation and equivalency. A new perspective on a serious problem facing our society, *Rhetoric in Debt* not only reveals how debt organizes our social and cultural relations but also provides a new conceptual framework for a more equitable world.

Rhetorical Secrets Davin Allen Grindstaff, 2014-05-15. Gay male identity as a product of rhetoric and public discourse in modern America.

Critical Power Tools J. Blake Scott, Bernadette Longo, Katherine V. Wills, 2007-06-01. Winner of the 2007 National Council of Teachers of English (NCTE) Award for Best Collection of Essays on Technical and Scientific Communication. The first book to focus on the intersection of cultural studies and technical communication, *Critical Power Tools* draws on various traditions of cultural studies to develop new or expanded theoretical, methodological, and pedagogical approaches to technical communication. Offered as a sourcebook for the field, the book is organized into three parts. The first section, emphasizing theory building, reconceptualizes key concepts or practices such as usability through a cultural studies

lens The second section illustrates alternative research methods through several case studies The third section offers critical and productive pedagogical approaches including specific assignments applicable to both undergraduate and graduate courses

Risky Rhetoric Aids And The Cultural Practices Of Hiv Testing: Bestsellers in 2023 The year 2023 has witnessed a noteworthy surge in literary brilliance, with numerous captivating novels enthralling the hearts of readers worldwide. Lets delve into the realm of bestselling books, exploring the captivating narratives that have enthralled audiences this year. The Must-Read : Colleen Hoover's "It Ends with Us" This heartfelt tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover masterfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can prevail. Uncover the Best : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This intriguing historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids compelling storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens "Where the Crawdads Sing" This captivating coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens crafts a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These bestselling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of engaging stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a exceptional and thrilling novel that will keep you guessing until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
