Ragsdale, 2016-02-22 When a significant number of Americans had to prepare meals in the out-of-doors, colonists, pioneers, moving west, cowboys, working the range or sheep herders, they needed something portable to cook their food in. Iron casters filled that need by turning out various pots, pans and ovens to be carried to cabins, campfires, wagon trains and camping trails. One such vessel was the Dutch oven, which had been in use for generations. Dutch Ovens Chronicled offers a history of the development, care and use of these ovens, complete with photos and recipes.
