The Religious History of American Women Catherine A. Brekus, 2009-11-13 More than a generation after the rise of women's history alongside the feminist movement it is still difficult, observes Catherine Brekus, to locate women in histories of American religion. Mary Dyer, a Quaker who was hanged for heresy; Lizzie Robinson, a former slave and laundress who sold Bibles door to door; Sally Priesand, a Reform rabbi; Estela Ruiz, who saw a vision of the Virgin Mary: how do these women's stories change our understanding of American religious history and American women's history? In this provocative collection of twelve essays, contributors explore how considering the religious history of American women can transform our dominant historical narratives. Covering a variety of topics including Mormonism, the women's rights movement, Judaism, witchcraft trials, the civil rights movement, Catholicism, everyday religious life, Puritanism, African American women's activism, and the Enlightenment, the volume enhances our understanding of both religious history and women's history. Taken together, these essays sound the call for a new, more inclusive history. Contributors: Ann Braude, Harvard Divinity School; Catherine A. Brekus, University of Chicago Divinity School; Anthea D. Butler, University of Rochester; Emily Clark, Tulane University; Kathleen Sprows Cummings, University of Notre Dame; Amy Koehlinger, Florida State University; Janet Moore Lindman, Rowan University; Susanna Morrill, Lewis and Clark College; Kristy Nabhan, Warren Augustana College; Pamela S. Nadell, American University; Elizabeth Reis, University of Oregon; Marilyn J. Westerkamp, University of California, Santa Cruz.

Roman Sources for the History of American Catholicism, 1763-1939 Matteo Binasco, 2018-05-15 Roman Sources for the History of American Catholicism, 1763-1939 is a comprehensive reference volume researched and compiled by Matteo Binasco that introduces readers to the rich content of Roman archives and their vast potential for U.S. Catholic history in particular. In 2014, the University of Notre Dame's Cushwa Center for the Study of American Catholicism hosted a seminar in Rome that examined transatlantic approaches to U.S. Catholic history and encouraged the use of the Vatican Secret Archives and other Roman repositories by today's historians. Participants recognized the need for an English language guide to archival sources throughout Rome that would enrich individual research projects and the field at large. This volume responds to that need. Binasco offers a groundbreaking description of materials relevant to U.S. Catholic history in fifty-nine archives and libraries of Rome. Detailed profiles describe each repository and its holdings relevant to American Catholic studies. A historical introduction by Luca Codignola and Matteo Sanfilippo reviews the intricate web of relations linking the Holy See and the American Catholic Church since the Treaty of

Paris of 1763 Roman sources have become crucial in understanding the formation and development of the Catholic Church in America and their importance will continue to grow This timely source will meet the needs of a ready and receptive audience which will include scholars of U S religious history and American Catholicism as well as Americanist scholars conducting research in Roman archives **Legacy of Hate: A Short History of Ethnic, Religious and Racial Prejudice in America**

The American Catholic Historical Researches ,1889 *The American Catholic Quarterly Review* James Andrew Corcoran,Patrick John Ryan,Edmond Francis Prendergast,1922 *American Catholic* D. G. Hart,2020-10-15 American Catholic places the rise of the United States political conservatism in the context of ferment within the Roman Catholic Church How did Roman Catholics shift from being perceived as un American to emerging as the most vocal defenders of the United States as the standard bearer in world history for political liberty and economic prosperity D G Hart charts the development of the complex relationship between Roman Catholicism and American conservatism and shows how these two seemingly antagonistic ideological groups became intertwined in advancing a certain brand of domestic and international

politics Contrary to the standard narrative Roman Catholics were some of the most assertive political conservatives directly after World War II and their brand of politics became one of the most influential means by which Roman Catholicism came to terms with American secular society It did so precisely as bishops determined the church needed to update its teaching about its place in the modern world Catholics grappled with political conservatism long before the supposed rightward turn at the time of the Roe v Wade decision in 1973 Hart follows the course of political conservatism from John F Kennedy the first and only Roman Catholic president of the United States to George W Bush and describes the evolution of the church and its influence on American politics By tracing the roots of Roman Catholic politicism in American culture Hart argues that Roman Catholicism s adaptation to the modern world whether in the United States or worldwide was as remarkable as its achievement remains uncertain In the case of Roman Catholicism the effects of religion on American politics and political conservatism are indisputable

What They Wished for Lawrence John McAndrews,2014 Though divided by race class gender and party Catholics have influenced issues of war and peace social justice and life and death among modern presidents in a profound way from President Kennedy s election to John Kerry s run The Rise and Fall of Triumph Mark D. Popowski,2011-12-16 This is a history of Triumph a post Vatican II Roman Catholic lay magazine that examines its origins and decline paying special attention to the editors often bellicose views on a range of issues from Church affairs to the Vietnam War and civil rights to abortion Triumph s editors formed the magazine to defend the faith against what they perceived as the imprudent and secular excesses of Vatican II reformers but especially against what they viewed as an increasing barbarous and anti Christian American society Yet Triumph was not a defensive magazine rather it was audaciously triumphalist proclaiming the Roman Catholic faith as the solution to America s ills The magazine sought to convert Americans to Roman Catholicism and to construct a confessional state which subjected its power to the moral authority of the Roman Catholic Church If the liberalizing and secularizing trajectory in American society exalted man as sovereign of himself and his world as Triumph s editors posited then their mission was to reinstitute Christ s Kingship to hallow the world in His name

Stepping Out of the Brain Drain Michele R. Pistone,John J. Hoeffner,2007-05-30 Stepping Out of the Brain Drain is an important contribution to the intensifying debate about highly skilled migration from developing to developed countries Addressing the issue from the perspective of Catholic social thought the authors demonstrate that both the economic and ethical rationales for the teaching s opposition to brain drain have been undermined in recent years and show how the adoption of a less critical policy could provide enhanced opportunities for poor countries to accelerate their economic development
