The Inscription of Things Thomas Kelly, 2023-11-14 Why would an inkstone have a poem inscribed on it Early modern Chinese writers did not limit themselves to working with brushes and ink and their texts were not confined to woodblock printed books or the boundaries of the paper page Poets carved lines of verse onto cups ladles animal horns seashells walking sticks boxes fans daggers teapots and musical instruments Calligraphers left messages on the implements ordinarily used for writing on paper These inscriptions terse compositions in verse or epigrammatic prose relate in complex ways to the objects on which they are written Thomas Kelly develops a new account of the relationship between Chinese literature and material culture by examining inscribed objects from the late Ming and early to mid Qing dynasties He considers how the literary qualities of inscriptions interact with the visual and physical properties of the things that bear them Kelly argues that inscribing an object became a means for authors to grapple with the materiality and technologies of writing Facing profound social upheavals from volatility in the marketplace to the violence of dynastic transition writers turned to inscriptions to reflect on their investments in and dependence on the permanence of the written word Shedding new light on cultures of writing in early modern China The Inscription of Things broadens understandings of the links between the literary and the material

Inscribing Sorrow Christos Tsagalis, 2008-12-10 Fourth century Attic grave epigrams reflect a transitional phase in the evolution of the genre of epigram They testify to a shift of interest towards social issues such as the family the deceased s age and profession In a turbulent period of restlessness and uncertainty that followed the devastating Peloponnesian war the commemoration of the departed in private monuments became an effective mechanism of displaying

publicly a new set of social concerns It is within these contexts that special emphasis has been put on the composition of sepulchral epigrams their gradual autonomization and sophistication This book explores this decisive phase in the evolution of the epigram by reconstructing as many ancient contexts as possible on the one hand and studying sepulchral epigrams as a poetic art on the other
