Computing the News Sylvain Parasie, 2022-10-11 Faced with a full blown crisis a growing number of journalists are engaging in seemingly unjournalistic practices such as creating and maintaining databases handling algorithms or designing online applications Data journalists claim that these approaches help the profession demonstrate greater objectivity and fulfill its democratic mission In their view computational methods enable journalists to better inform their readers more closely monitor those in power and offer deeper analysis In *Computing the News* Sylvain Parasie examines how data journalists and news organizations have navigated the tensions between traditional journalistic values and new technologies He traces the history of journalistic hopes for computing technology and contextualizes the surge of data journalism in the twenty first century By importing computational techniques and ways of knowing new to journalism news organizations have come to depend on a broader array of human and nonhuman actors Parasie draws on extensive fieldwork in the United States and France including interviews with journalists and data scientists as well as a behind the scenes look at several acclaimed projects in both countries Ultimately he argues fulfilling the promise of data journalism requires the renewal of journalistic standards and ethics Offering an in depth analysis of how computing has become part of the daily practices of journalists this book proposes ways for journalism to evolve in order to serve democratic societies

The New Partridge Dictionary of Slang and Unconventional English Tom Dalzell, Terry Victor, 2015-06-26 Booklist Top of the List Reference Source The heir and successor to Eric Partridge's brilliant magnum opus *The Dictionary of Slang and Unconventional English* this two volume *New Partridge Dictionary of Slang and Unconventional English* is the definitive record of post WWII slang Containing over 60 000 entries this new edition of the authoritative work on slang details the slang and unconventional English of the English speaking world since 1945 and through the first decade of the new millennium with the same thorough intense and

lively scholarship that characterized Partridge's own work. Unique, exciting and at times hilariously shocking key features include unprecedented coverage of World English with equal prominence given to American and British English slang and entries included from Australia, New Zealand, Canada, India, South Africa, Ireland and the Caribbean, emphasis on post World War II slang and unconventional English, published sources given for each entry often including an early or significant example of the term's use in print, hundreds of thousands of citations from popular literature, newspapers, magazines, movies and songs illustrating usage of the headwords, dating information for each headword in the tradition of Partridge commentary on the term's origins and meaning. New to this edition: A new preface noting slang trends of the last five years. Over 1 000 new entries from the US, UK and Australia. New terms from the language of social networking. Many entries now revised to include new dating, new citations from written sources and new glosses. *The New Partridge Dictionary of Slang and Unconventional English* is a spectacular resource infused with humour and learning; it's rude, it's delightful and it's a prize for anyone with a love of language. *Bringing Criminological Theory to Life* Emily Turner, Rose Broad, Caroline Miles, Shadd Maruna, 2025-08-14. Taking a unique approach to bring the theories of desistance and of development criminology to life, the chapters in this book are framed around a single individual's life story which have inspired rigorous evidence-based and scholarly chapters on key issues in criminology. **Style and Form in the Hollywood Slasher Film** Wickham Clayton, 2015-10-12. *Style and Form in the Hollywood Slasher Film* fills a broad scholastic gap by analysing the elements of narrative and stylistic construction of films in the slasher subgenre of horror that have been produced and/or distributed in the Hollywood studio system from its initial boom in the late 1970s to the present. **Sequels** Janet G. Husband, Jonathan F. Husband, 2009. A guide to series fiction lists popular series, identifies novels by character and offers guidance on the order in which to read unnumbered series. *The New Partridge Dictionary of Slang and Unconventional English: J-Z* Eric Partridge, 2006. Entry includes attestations of the head word's or phrase's usage usually in the form of a quotation. Annotation 2006. Book News Inc, Portland, OR, booknews.com. *Criminology for the Police* Craig Paterson, Ed Pollock, 2022-05-02. This book offers an applied approach to criminology suitable for prospective police officers. It covers the fundamentals of criminological knowledge, theory and research and their relevance to policing. The book is split into two parts: the first introducing the basics of criminology and the second connecting criminological research to police practice. It focuses on the principles of evidence-based practice and encourages students to think critically about the issues covered. Core content includes the following: A history of policing in England and Wales through a criminological lens. An overview of the literature on police culture, bias and discretion. A review of the challenges of applying criminological insights to policing and the impact of the College of Policing code of ethics on police practice. An exploration of the challenges of contemporary policing including complex crime, transnational investigation, digital and organised crime. A critical overview of evidence and public sources of evidence. An examination of the contested definitions and perspectives on Evidence Based Policing. An introduction

to criminological research including quantitative qualitative and mixed methods A review of problem solving in policing including SARA and Atlas models This book is essential reading for all students studying degrees in Professional Policing as well as students of criminology engaged in criminal justice knowledge and practice **Direct Response to the Commission on Race and Ethnic Disparities Report.** David Gomadza,2021-04-08 The biggest Mystery But how come in the 21st century a government or authority or even institutions can be regarded as practising structural or institutional racism with all these rights groups and laws People are saying there is no racism while some are adamant that racism exists because the byproducts are exactly those that result from structural or institutional racist structures So is there something that exists that people can't pinpoint but what is causing all this This is the billion dollar question What are we missing Is there something else that is going on that is creating the same effects that people especially young generations born here are complaining about OK first what is similar to racism or what can yield the same effects as racism FORENSICS III Harry A. Milman PhD,2024-04-21 In Forensics III They Got Fifteen Minutes of Fame from the Way They Died I reviewed twenty eight ordinary people who were thrust into the spotlight gaining fame not for their talents or accomplishments while living but for the way they died Newspaper and magazine articles ensured that stories of the circumstances surrounding their deaths remained in the public eye so that as Andy Warhol had predicted their fame would last at least fifteen minutes In some cases it lasted much longer While these individuals may have been ordinary before they died they became extraordinary after death Some of the people I reviewed in Forensics III They Got Fifteen Minutes of Fame from the Way They Died include the Boy in the Box later identified as Joseph Zarelli who died from blunt force trauma Azaria Chamberlain a nine week old infant who was killed by a dingo at Ayers Rock in Australia George Floyd whose death resulted from police brutality Ron Goldman and Nicole Brown Simpson who were stabbed to death Elisa Lam who drowned in a water tank on the roof of her hotel Michael Faherty whose death in Ireland was attributed to spontaneous human combustion Katherine Morris who died from carbon monoxide poisoning due to charcoal grilling in an automobile Carlos Sousa who was mauled to death by a tiger Sahel Kazemi and Steve McNair who committed murder suicide and Jayne and Corinne Peters whose death was due to filicide suicide among many others Forensics III They Got Fifteen Minutes of Fame from the Way They Died reads like a mystery novel presenting biographical and scientific information that helps readers understand how medical examiners and coroners utilized forensic analysis to determine the causes and manners of death of twenty eight not so famous people

Dental Brief Thomas Bromwell Welch,Wilbur F. Litch,Alfred P. Lee,1904 **Propaganda 2.1** Peter K. Fallon,2022-09-08 Since the US presidential election of 2016 the words propaganda and fake news have been prominent in American political and cultural discourse Yet very few people can provide a coherent explanation of what they mean precisely when using them On the two sides of the political spectrum red and blue each points out messages from the other side that they think are untrue or that they simply don't like Unlike our dangerously biased political system however reality has more

than only two sides For decades Americans sat by while their mediated world was carved into a single red reality focused in necessary opposition to a single blue reality We've been given red media outlets and blue media outlets to stoke our collective rage each against the other's lies But the first two decades of the twenty first century have presented us with a new information environment one of unregulated and seemingly uncontrollable information Like the young boy in a popular folktale we can now see if only we can resist the pressures of social conformity that both emperors red and blue strut proudly before us naked Propaganda 2 1 is a handbook for seeing reality clearly and coping with it *Cambridge Learner's Dictionary English-Turkish with CD-ROM* ,2009-09-24 Designed for Turkish learners of English this dictionary gives definitions in English with translations in Turkish Billboard ,1999-02-06 In its 114th year Billboard remains the world's premier weekly music publication and a diverse digital events brand content and data licensing platform Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music video gaming media digital and mobile entertainment issues and trends **Ngaio Marsh** Bruce Harding,2019-06-12 Considered one of the Queens of Crime along with such greats as Agatha Christie Dorothy Sayers and Margery Allingham Ngaio Marsh 1895 1982 was a gifted writer and a celebrated author of classic British detective fiction as well as a successful theater director Best known for the 32 detective novels she published between 1934 and 1982 she was appointed a Dame Commander of the British Empire DBE in 1966 Based on years of original research by the curator of the Ngaio Marsh House in Christchurch New Zealand this book explores the fascinating literary world of Dame Ngaio , *Hit Singles* ,2004-09 Book This entertaining book presents the U S and U K Top 20 charts side by side month by month showing how rock and pop developed on each side of the Atlantic Fully updated it lists the hits from 1954 through 2003 Alongside every song listing readers will find important facts such as the artist's name and nationality current and previous month's chart position record label weeks on the chart and simultaneous position on the other side of the pond Includes an alphabetical listing of song titles with artists and an alphabetical listing of artists with song titles and chart entry dates enabling easy cross referencing to help you track down any Top 20 record since 1954 **Billboard** ,1999-06-19 In its 114th year Billboard remains the world's premier weekly music publication and a diverse digital events brand content and data licensing platform Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music video gaming media digital and mobile entertainment issues and trends
