Filipinos Represent Antonio T. Tiongson Jr., 2013-07-01 The Hip hop Nation has been scouted staked out and settled by journalists and scholars alike Antonio T. Tiongson Jr. steps into this well mapped territory with questions aimed at interrogating how nation is conceptualized within the context of hip hop What happens Tiongson asks to notions of authenticity based on hip hop's apparent blackness when Filipino youth make hip hop their own Tiongson draws on interviews with Bay Area based Filipino American DJs to explore the authenticating strategies they rely on to carve out a niche within DJ culture He shows how Filipino American youth involvement in DJing reconfigures the normal boundaries of Filipinoness predicated on nostalgia and cultural links with an idealized homeland Filipinos Represent makes the case that while the engagement of Filipino youth with DJ culture speaks to the broadening racial scope of hip hop and of what it means to be Filipino such involvement is also problematic in that it upholds deracialized accounts of hip hop and renders difference benign Looking at the ways in which Filipino DJs legitimize their place in an expressive form historically associated with African Americans Tiongson examines what these complex forms of identification reveal about the contours and trajectory of contemporary U.S. racial formations and discourses in the post civil rights era

Dance, Drugs and Escape Stan Beeler, 2007-06-05 In the late 1980s the rave phenomenon swept the youth culture of the United Kingdom incorporating the generations two newest social stimulants modern electronic dance music and a notorious designer drug known as Ecstasy Although the movement began in rebellion against mainstream culture its underground dynamism soon attracted the interest of novelists screenwriters and filmmakers who attempted to reflect the phenomenon in their works Through artistic and commercial popularization the once obscure subculture was transformed into a pop culture behemoth with powerful links to the entertainment industry This study deals with the transformative effects of film television and literature on club culture Chapters furthermore reflect club culture's own effect on crime ethnicity sexuality and drug use As the study traces artistic

 The changes to U S immigration law that were instituted in 1965 have led to an influx of West African immigrants to New York creating an enclave Harlem residents now call Little Africa These immigrants are immediately recognizable as African in their wide sleeved robes and tasseled hats but most native born members of the community are unaware of the crucial role Islam plays in immigrants lives Zain Abdullah takes us inside the lives of these new immigrants and shows how they deal with being a double minority in a country where both blacks and Muslims are stigmatized Dealing with this dual identity Abdullah discovers is extraordinarily complex Some longtime residents embrace these immigrants and see their arrival as an opportunity to reclaim their African heritage while others see the immigrants as scornful invaders In turn African immigrants often take a particularly harsh view of their new neighbors buying into the worst stereotypes about American born blacks being lazy and incorrigible And while there has long been a large Muslim presence in Harlem and residents often see Islam as a force for social good African born Muslims see their Islamic identity disregarded by most of their neighbors Abdullah weaves together the stories of these African Muslims to paint a fascinating portrait of a community's efforts to carve out space for itself in a new country
