Looted The Philippines After The Bases:

Looted Donald Kirk, 1998-01-01 In *Looted The Philippines* after the Bases veteran correspondent Donald Kirk cuts through the mystique of democracy that has shrouded the Philippines since the American withdrawal from its military bases there in 1991 and 1992 and he reveals the corruption that exists beneath the surface Making use of his extensive firsthand knowledge of the region Kirk recounts the drama of one of history's greatest volcanic eruptions as just the beginning of a period of looting and exploitation He provides details and revelations of the Philippine role in the stripdown of Clark Air Base and the subversion of Subic Bay to serve the purposes of one ambitious politician and he offers a disturbing analysis of the efforts to resolve Muslim and Communist revolt At the same time he looks ahead to the promise and danger on new frontiers to the south and west A provocative look at an often unexamined country *Looted* is a stirring account that allows the reader to feel like an eyewitness to the events that it analyzes

Historical Dictionary of the Philippines Artemio R. Guillermo, 2012 The *Historical Dictionary of the Philippines* Third Edition contains a chronology an introductory essay an extensive bibliography and several hundred cross referenced dictionary entries

After Postcolonialism Epifanio San Juan, 2000 This innovative analysis of the Philippine historical crisis is accompanied by a critique of a U S racial formation in which Filipinos constitute the largest Asian group Literary and artistic expressions by Filipinos manifest a new emerging identity defined by the multicultural debates crossing the Pacific transforming the Philippines into a borderland of East and West Caught betwixt the Asian continent and the hegemonic power of the United States the Philippines occupies a contested space between past and present Between the memory of colonial experience and an emergent nation making dream can a meaningful future be envisioned This provocative book explores this problematic zone of difference through a critique of the Western production of knowledge in the context of local resistance While Americanization of the Filipino continues the encounter of globalizing and nationalizing forces has precipitated a profound political and social crisis whose outcome may be a paradigmatic lesson for many so called third world countries What happens in this Southeast Asian nation may foretell the fate of the ideals of democracy and social justice now beleaguered by the market and the unrelenting commodification of everyday life

Military Base Closure David S. Sorenson, 2006-11-30 Between 1988 and 1995 the Base Realignment and Closure BRAC Commission closed down 97 bases and realigned over 350 other bases A hot button topic in the military field base closings is an important issue that affects not only soldiers but ordinary citizens as well Due to their massive economic significance for local and regional communities military bases impact thousands of people and thus encompass various political interests between local state and national levels This reference work investigates the politics and key political figures involved in base closing decisions and considers various reasons why bases have been and continue to be closed down An overview of the U S military base infrastructure as well as primary documents is included to help students understand the BRAC Commission process between 1988 2005 The book also analyzes the closure of overseas bases outside of the BRAC

process Ideal for high school undergraduate and graduate students this comprehensive handbook is the only complete reference guide to military base closings Between 1988 and 1995 the Base Realignment and Closure BRAC Commission closed down 97 bases and realigned over 350 other bases A hot button topic in the military field base closings is an important issue that affects not only soldiers but ordinary citizens as well Due to their massive economic significance for local and regional communities military bases impact thousands of people and thus encompass various political interests between local state and national levels This reference work investigates the politics and key political figures involved in base closing decisions and considers various reasons why bases have been and continue to be closed down An overview of the U S military base infrastructure as well as primary documents are included to help students understand the BRAC Commission process between 1988 2005 Ideal for high school undergraduate and graduate students this comprehensive handbook is the only complete reference guide to military base closings [Empire's Proxy](#) Meg Wesling, 2011-04-11 Part of the American Literatures Initiative Series In the late nineteenth century American teachers descended on the Philippines which had been newly purchased by the U S at the end of the Spanish American War Motivated by President McKinley's project of benevolent assimilation they established a school system that centered on English language and American literature to advance the superiority of the Anglo Saxon tradition which was held up as justification for the U S's civilizing mission and offered as a promise of moral uplift and political advancement Meanwhile on American soil the field of American literature was just being developed and fundamentally though invisibly defined by this new extraterritorial expansion Drawing on a wealth of material including historical records governmental documents from the War Department and the Bureau of Insular Affairs curriculum guides memoirs of American teachers in the Philippines and 19th century literature Meg Wesling not only links empire with education but also demonstrates that the rearticulation of American literary studies through the imperial occupation in the Philippines served to actually define and strengthen the field Empire's Proxy boldly argues that the practical and ideological work of colonial dominance figured into the emergence of the field of American literature and that the consolidation of a canon of American literature was intertwined with the administrative and intellectual tasks of colonial management **The Last American Diplomat** George W. Liebmann, 2012-01-27 Can John D Negroponte be described as The Last American Diplomat In a career spanning 50 years of unprecedented American global power he was the last of a dying breed of patrician diplomats devoted to public service a self effacing and ultimate insider whose prime duty was to advise guide and warn a bulwark of traditional diplomatic realism against ideologue excess Negroponte served as US ambassador to Honduras Mexico the Philippines and Iraq he was US Permanent Representative to the UN Director of National Intelligence and Deputy Secretary of State to George W Bush His was a high flying and seemingly conventional career but one full of surprises Negroponte opposed Kissinger in Vietnam supported a proxy war but opposed direct American military action against Marxists in Central America facing bitter Congress opposition in the process He swam against the floodtide of George W

Bush's neocon dominated administration warning against the Iraq war as a possible new Vietnam and criticising aspects of Bush's War on Terror. He disconcerted the administration by arguing that the re-establishment of Iraq would take as long as five years. And he was influential in international social and economic policy working for the successful re-settlement of millions of refugees in Southeast Asia following the Vietnam War, issuing early warnings about the scourge of AIDS in Africa and successfully launching the North American Free Trade Agreement (NAFTA). George W. Liebmann's incisive account is based on personal and shared experience but it is no hagiography beyond the author's discussions with Negroponte. This book is deeply researched in US state papers and includes interviews with leading actors. It will provide fascinating reading for anyone interested in the inside story of American diplomacy showing personal and policy struggles and the underlying fissures present even in the world's last remaining superpower.

The Making of the Modern Philippines Philip Bowring, 2022-05-05. Well researched and a welcome guide. The Spectator. Reliable and lucid. History Today. With a fractured geography and complex identity, the Philippines is an eclectic and unique mix of culture, environment, people and politics. Known mostly for natural disasters, migrant labour and dictatorial presidents, in this book Philip Bowring shows how it is much much more. Deftly navigating the history of this populous island republic, *The Making of the Modern Philippines* traces its history to define and explain its position in the modern world. Looking past the headlines of volcanoes, earthquakes and violence, it asks why has the Filipino economy lagged behind its neighbours, explores the importance of its location in geopolitics and investigates how its deep rooted Catholicism clashes with the Islamic consciousness of the region in which it sits. Taking the history of the Philippines from its pre-colonial era through its Spanish and American occupations and up to the modern day, it unravels the complex politics, culture, peoples and economy of this rich and unique nation. Engaging with challenges the Filipino people face today such as federalism, revolution, Mindanao, the diaspora, capitalism and relations with China, it rediscovers the struggles, culture and history of its past to understand the present. Parameters, 1998.

Historical Dictionary of United States-Southeast Asia Relations Donald E. Weatherbee, 2008-04-23. Southeast Asia consists of the countries of Brunei, Burma, Cambodia, East Timor, Indonesia, Laos, Malaysia, the Philippines, Singapore, Thailand and Vietnam. Historically, U.S. policy and diplomacy with Southeast Asia is defined by U.S. interests in the region, whether it is maintaining free lanes of communication through the South China Sea, gaining access to the resources and markets of Southeast Asia, or containing the spread of Communism. Since World War II, the U.S. has constantly been involved in conflicts in the region, providing material and financial support for France during the First Indochina War, direct involvement in the Vietnam War, providing support to Thailand during the Third Indochina War, and the declaration that Southeast Asia is the second front in the war on terror after September 11. *The Historical Dictionary of United States-Southeast Asia Relations* identifies the key issues, individuals and events in the history of U.S.-Southeast Asia relations and places them in the context of the complex and dynamic regional, strategic, political and economic processes that have fashioned the American role in

Southeast Asia This is done through a chronology a bibliography an introductory essay appendixes and several hundred cross referenced dictionary entries on key persons places events institutions and organizations **Dictionary of the Modern Politics of Southeast Asia** Michael Leifer,2013-05-13 Comprehensively revised and thoroughly updated to take full account of the many changes in South east Asia Contains over thirty new entries Includes biographical entries on the principal political personalities past and present Fully cross referenced and indexed

Labour in Southeast Asia Becky Elmhirst,Ratna Saptari,2004-05-07 In seeking to provoke debate the book reveals the variety of experiences evident in countries and regions marked by capitalist and post socialist regulatory frameworks and contrasting labour regimes histories and cultures The contributions show the importance of critically examining both the complex nature of global local links and the particular ways economic processes are around the themes of labour regimes labour processes labour mobility and labour communities the essays show how economic development is not only shaped by market forces but is also interlocked in systems of meaning

Territorial Leasing in Diplomacy and International Law Michael J. Strauss,2015-05-19 Territorial Leasing in Diplomacy and International Law focuses on an unexplored but relatively common practice in which states reallocate their rights on territory without altering formal boundaries or resorting to definitive cessions As products of diplomacy leases address a frequent situation that in extreme cases can lead to war the desire by more than one state to exercise sovereign authority in the same place As instruments of international law they paradoxically reinforce the territorial integrity of states while raising questions about the nature of their sovereignty This book draws from a large number of leases to examine the practice from historic to modern times describing their elements in detail and assessing them from both political and legal perspectives

Coming of Age Francesca Purcell,2005-07-14 In view of the increasing number of Third World countries considering the establishment of women s colleges to meet the demand for the higher education of women presenting a case study of two key women s colleges in the Philippines Within the context of global national and local changes since the fall of Ferdinand Marcos in 1986 academic and administrative leaders at two prestigious women s colleges candidly discuss how their respective institutions adapted to their environments and how the colleges will fare in the future Preferences for large coeducational institutions the emergence of less expensive tertiary institutions and the downward spiral of a weak national economy combined to destabilized the enrollment base of these colleges Factors unique to the Philippines including an increasing number of female overseas contract workers struggles with national language preferences and the growth of feminism also affected the colleges In response the colleges expanded their curricula chose high profile presidents focused on faculty development and acquired technology Decision makers at these colleges will have to continue in their efforts at solidifying their positions in the Philippine higher education system The book that women s colleges worldwide must articulate their unique purposes and collaborate with other institutions to strengthen their organizations

The Contested State Amy Blitz,2023-02-15 From the author s first hand account of the battle for democracy in the Philippines comes The

Contested State an inquiry into the international causes and consequences of regime change Regime change tends to occur in waves from the authoritarian transitions of the 1930s to the democratic transitions of the late 1980s and 1990s to the rise of authoritarianism again today But why To help answer this increasingly urgent question the author examines a series of regime transitions in the Philippines over time The book identifies structural inequality as a root cause of civil conflict which can in turn lead to proxy wars as transnational revolutionary authoritarian and democratic forces vie for control of the state Tracing the battle for control of the Philippines back to the Spanish era through the US era and beyond The Contested State presents a historical transnational picture of regime change through time offering insights into the broader transnational issues threatening democracy today

Dictionary of the Modern Politics of Southeast Asia Joseph Chinyong Liow, 2014-11-20 The past two decades since the end of the Cold War have been years of remarkable change and transformation for Southeast Asia Long seen as an arena for superpower rivalry Southeast Asia is increasingly coming into its own by locating itself at the forefront of regional integration initiatives that involve not only the Association of Southeast Asian Nations but major external powers such as the United States China India Japan and Australia as well At the same time the past two decades has seen the revival of old animosities as well as the emergence of new security challenges confronting the region Old animosities include unresolved territorial disputes while new challenges range from regional and global financial crises terrorism and pandemics Significant changes within the ten Southeast Asian countries covered in this book have also transpired that have affected not only the complexion of domestic politics but have also impacted regional diplomacy as well such as the creation of potentially the eleventh Southeast Asian country Timor Leste Extensively updated and revised in light of these changes and developments this fourth edition of Dictionary of the Modern Politics of Southeast Asia contains profiles of each Southeast Asian country Following this it provides more than 450 alphabetically arranged individual entries providing detailed accounts and analyses on major episodes and treaties political parties and institutions civil society movements and regional and international organizations Biographies of significant political leaders and personalities both past and present are also provided Entries are comprehensively cross referenced and an index by country directs readers to all entries concerning a particular country The Dictionary also includes an extensive bibliography that serves as a guide to further reading It is an essential reference tool for all scholars and students of Asian politics and international affairs and a vital resource for journalists diplomats policy makers and others with an interest in the region

Poverty and the Critical Security Agenda Pauline Eadie, 2017-11-30 Poverty and the Critical Security Agenda argues that poverty should be a central concern of security studies and critiques existing methodological approaches to poverty and well being Using the Philippines as a case study this book is critical of approaches to poverty that portray the poor as passive objects as opposed to dynamic actors With this in mind the relationship between poverty and democracy as a means to facilitating human security is central Poverty acts as a major behavioural force in international relations not least for the

state and therefore merits increased visibility within the research agenda This text is highly relevant for courses on international relations methodology and critical theory development studies security studies and international political economy

Korea Betrayed D. Kirk, 2009-12-07 This book recounts the rise of Kim Dae Jung from an oppressed region of Korea beginning with his schooldays his activities in the Korean War and his entry into politics and concluding with discussion of his Sunshine policy his summit with North Korea's Kim Jong Il and his drive for the Nobel

The Limits of Alignment John D. Ciorciari, 2010-08-16 The Limits of Alignment is an engaging and accessible study that explores how small states and middle powers of Southeast Asia ensure their security in a world where they are overshadowed by greater powers John D Ciorciari challenges a central concept in international relations theory that states respond to insecurity by either balancing against their principal foes bandwagoning with them or declaring themselves neutral Instead he shows that developing countries prefer limited alignments that steer between strict neutrality and formal alliances to obtain the fruits of security cooperation without the perils of undue dependency Ciorciari also shows how structural and normative shifts following the end of the Cold War and the advent of U S primacy have increased the prevalence of limited alignments in the developing world and that these can often place constraints on U S foreign policy Finally he discusses how limited alignments in the developing world may affect the future course of international security as China and other rising powers gather influence on the world stage

Economies and the Transformation of Landscape Lisa Cliggett, Christopher A. Pool, 2008 Economies and the Transformation of Landscape explores both the general and specific ways in which local economic ventures around the world such as mining ranching and farming affect the environment
