Major Governments Of Asia:

Major Governments of Asia George McTurnan Kahin, Harold C. Hinton, 1963 Major Governments of Asia George McTurnan Kahin, 1958 **Major Governments of Asia** George M. Kahin, 1961 **Major governments of Asia**, 1967

Major Governments of Asia George McTurnan Kahin, 1963 *Southeast Asia*, *Bulletin of the Atomic Scientists*, 1967-01 The Bulletin of the Atomic Scientists is the premier public resource on scientific and technological developments that impact global security Founded by Manhattan Project Scientists the Bulletin's iconic Doomsday Clock stimulates solutions for a safer world *The Future United States Role in Asia and in the Pacific, Hearings Before the Subcommittee on Asian and Pacific Affairs...90-2, February 29, March 4, 7, 13, 14, 19, 20, April 4, 1968* United States. Congress. House Foreign Affairs, 1968 **The Role of Government in East Asian Economic Development** Masahiko Aoki, Hyung-Ki Kim, Masahiro Okuno, Masahiro Okuno-Fujiwara, 1997-03-13 The role of government in East Asian economic development has been a continuous issue Two competing views have shaped enquiries into the source of the rapid growth high performing Asian economies and attempts to derive a general lesson for other developing economies the market friendly view according to which government intervenes little in the market and the developmental state view in which it governs the market What these views share in common is a conception of market and government as alternative mechanisms for resource allocation They are distinct only in their judgement of the extent to which market failures have been and ought to be remedied by direct government intervention This collection of essays suggests a breakthrough third view the market enhancing view Instead of viewing government and the market as mutually exclusive substitutes it examines the capacity of government policy to facilitate or complement private sector co ordination The book starts from the premise that private sector institutions have important comparative advantages over government in particular in their ability to process information available on site At the same time it recognizes that the capabilities of the private sector are more limited in developing economies The market enhancing view thus stresses the mechanisms whereby government policy is directed at improving the ability of the private sector to solve co ordination problems and overcome other market imperfections In presenting the market enhancing view the book recognizes the wide diversity of the roles of government across various East Asian economies including Japan Korea Hong Kong Malaysia and China and its path dependant and developmental stage nature Books on Asia from the Near East to the Far East Eleazar Birnbaum, 1971-12-15 This is a selected annotated list of some 2 000 books on Asia in English and French currently in print chosen with the aim of providing a long term historical perspective for the general reader The list is presented in four main parts Asia as a whole the Islamic world India South and Southeast Asia the Far East Subdivisions cover such topics as general and reference works history social science and law history of literature literature in translation religion and ideas arts crafts architecture and science and the lands in modern times *The Nature of Asian Politics* Bruce Gilley, 2014-09-15 The Nature of Asian Politics is a broad and thematic treatment of the fundamental factors

that characterize politics in the fourteen key countries of Southeast and Northeast Asia Bruce Gilley begins with an overview of state society relations then moves on to the fundamental questions of development and democracy and finally shifts to an exploration of governance and public policy in the region This book proposes an Asian governance model that is useful for understanding politics from Japan to Indonesia By reviving an earlier paradigm known as oriental despotism and applying it to political theories on the Asian region this book is likely to attract wide debate among students of Asian politics and among Western policy makers seeking to engage the region

Soldiers and Politics in Southeast Asia J. Stephen Hoadley, The Cold War brought about increasing interest from scholars in the politics of national development and in the case of civilian led underdeveloped countries the effects of military insurgency Two ideologically opposed positions evolved around the phenomenon of military insurgency The position of technological conservatism favors military insurgency in previously civilian led governments on the presumption that it encourages stability efficiency and importantly anti communism The revisionist position on the other hand is highly critical of technological conservatism especially with regard to its political fervor J Stephen Hoadley asserts that the relevant question is not one of ideological choices rather it is whether a military or civilian led government is better suited for the political and economic development of a particular underdeveloped nation *Soldiers and Politics in Southeast Asia* introduces the reader to the sequences of events that led to military predominance in Thailand Burma South Vietnam Indonesia and Cambodia Hoadley uses the data of five case studies to test and quantify his hypotheses The author characterizes governments controlled by the military as performing slightly less well than civilian led governments in Southeast Asia Hoadley argues that while they are demonstrably less capable in responding to outside and domestic challenges there is little difference between military and civilian led governments in the areas of establishing stability and maintaining law The book concludes that neither the conservative nor radical views are fully correct as to the effects of military led governments on development Publisher's description

Government and Politics in South Asia Robert C Oberst, 2018-04-19 This comprehensive but accessible text provides students with a systematic introduction to the comparative political study of the leading nations of South Asia India Pakistan Bangladesh Sri Lanka and Nepal The seventh edition is extensively revised and updated benefiting from the fresh perspective brought on by adding a new author to the team New material includes discussions of political parties and leaders in India the Zardari regime and changes to the Pakistani constitution the rocky relationship between Pakistan and the Obama administration new prospects and dangers facing Bangladesh continuing political violence in Sri Lanka and the troubles facing Nepal as it attempts to draft a new constitution Organized in parallel fashion to facilitate cross national comparison

the sections on each nation address several topical areas of inquiry political culture and heritage government structure and institutions political parties and leaders conflict and resolution and modernization and development A statistical appendix provides a concise overview of leading demographic and economic indicators for each country making Government and Politics in South Asia an invaluable addition to courses on the politics of South Asia *External Research. ER List* United States. Department of State. External Research Division,1958 **The Battle for Asia** Mark T. Berger,2004-03-01 Asia has long been an ideological battleground between capitalism and communism between nationalism and Westernisation and between the nation state and globalization This book is a history of the Asian region from 1945 to the present day which delineates the various ideological battles over Asia s development Subjects covered include theories of development decolonization US political and economic intervention the effects of communism the end of the Cold War the rise of neo liberalism Asia after the crisis Asia in the era of globalisation Broad in sweep and rich in theory and empirical detail this is an essential account of the growth of Asian miracle and its turbulent position in the global economy of the twenty first century

The Political Economy of Regionalism in East Asia H. Yoshimatsu,2008-04-23 An exploration of the evolution of regionalism and regional economic relations in East Asia since the late 1990s The book analyzes moves towards free trade agreements cooperation in information technology energy and environment and agriculture by highlighting preferences and actions of governmental and business actors Special Bibliography Series ,1962
