Department of Education & Professional Studies,2010 In Japan the team teaching of English language classes has been a growing phenomenon since the late 1980s Team teaching typically involves two teachers a Japanese teacher of English JTE who has a university degree in English or education and a teaching qualification and an assistant English teacher AET who is usually an untrained recent university graduate from Britain the United States or another country whose citizens are primarily thought to be native English speakers The stated goal of team teaching is to improve Japanese students English abilities by having a native English speaking AET in the class as a model of the target language AETs are often popular with students their parents and administrators primarily because they are seen to provide motivation for language learning JTEs may appreciate AETs especially as co workers to share the workload with something any teacher would certainly appreciate Less research has been done into asking JTEs how they feel about team teaching as it relates to their identities as teachers and as English speakers For this thesis I used qualitative research interviews and classroom observation to investigate what it means to be a Japanese teacher of English who working with an AET This data was related to the relevant literature Several key findings were uncovered JTEs receive no training on team teaching leaving them feeling unable to manage their AET partners JTEs feel that AETs speak real English leaving JTEs in the unenviable position of being expected to teach a language that they are not thought to have mastered AETs provide students with little exposure to real English JTEs sometimes disparage AETs teaching skills and distrust AETs motives for working in Japan and JTEs do not feel they themselves have the skills to teach English **Ganbatte Means Go for It!** Celeste Heiter,2002 A step by step guide to researching the market getting a job moving to Japan and succeeding as an English teacher abroad Includes the popular ODo You Have What It TakesO questionnaire Teaching English in Japan ,2014 Key advice for Canadians planning to teach languages in Japan **A Guide to Teaching English in Japan** Charles B.
