Making Of A Great Jewish Leader:

The Making of a Great Jewish Leader Pinchas Winston, 1993 Masculinity and the Making of American Judaism Sarah Imhoff, 2017-03-13 An examination of how early twentieth century American Jewish men experienced manhood and presented their masculinity to others How did American Jewish men experience manhood and how did they present their masculinity to others In this distinctive book Sarah Imhoff shows that the project of shaping American Jewish manhood was not just one of assimilation or exclusion Jewish manhood was neither a mirror of normative American manhood nor its negative effeminate opposite Imhoff demonstrates how early twentieth century Jews constructed a gentler less aggressive manhood drawn partly from the American pioneer spirit and immigration experience but also from Hollywood and the YMCA which required intense cultivation of a muscled male physique She contends that these models helped Jews articulate the value of an acculturated American Judaism Tapping into a rich historical literature to reveal how Jews looked at masculinity differently than Protestants or other religious groups Imhoff illuminates the particular experience of American Jewish men There is so much literature and very good scholarship on Judaism and gender but the majority of that literature reflects an interest in women A hearty thank you to Sarah Imhoff for writing the other half of the story and for doing it so elegantly Claire Elise Katz author of *Levinas and the Crisis of Humanism* Invariably lucid and engaging Sarah Imhoff provides a secure foundation for how religion shaped American masculinity and how masculinity shaped American Judaism in the early twentieth century Judith Gerson author of *By Thanksgiving We Were Americans* German Jewish Refugees and Holocaust Memory The Making of the West, Combined Volume Lynn Hunt, 2012-01-04 Students of Western civilization need more than facts They need to understand the cross cultural global exchanges that shaped Western history to be able to draw connections between the social cultural political economic and intellectual happenings in a given era and to see the West not as a fixed region but a living evolving construct These needs have long been central to *The Making of the West* The book s chronological narrative emphasizes the wide variety of peoples and cultures that created Western civilization and places them together in a common context enabling students to witness the unfolding of Western history understand change over time and recognize fundamental relationships Read the preface *Making a Successful Jewish Interfaith Marriage* Kerry M. Olitzky, 2011-08-25 Straightforward and nonjudgmental advice for dating couples partners husbands and wives in laws counselors and others Interfaith relationships are commonplace the challenges that go along with them are not An interfaith couple will have to confront tough questions yet it s often difficult to find answers especially when traditional sources of help family friends clergy and counselors are unable or unwilling to understand the problems From a Jewish perspective this book guides interfaith couples at any stage of their relationship from dating and engagement to the wedding and marriage and the people who are affected by their relationship in any way including their families and counselors who work with interfaith couples While making no judgments or dictating answers and supporting individual choice topics covered include What is an

Are God's Representative on Earth for Good Works** Dennis Ufot Ph. D,2022-02-17 Leaders lead people administer and manage resources to their benefits but are not to lord over them Men are ordained to lead their families from creation Leaders are responsible and accountable as God s representatives for good works in families organizations and nations Dr Ufot examines the qualities of true leaders He explains that circumstantial dynamics in leadership requires adaptability in type style and form for sustainability This implies that true leaders must go through a process of making apprenticeship and training to qualify to lead This is how they learn to fight solve problems and succeed True leaders are predestined called ordained equipped and empowered to lead and fulfill their calling Leading however is not a time to experiment but to execute a God given vision God s grace is sufficient in wisdom knowledge and understanding to apply leadership tools in all situations All you have to do is look to the Bible and study leaders that succeeded or failed and why This book reveals the why who and how of true leadership and the skills to make leaders to triumph It is a must read to those seeking to allow God to lead through them *The Holocaust Averted* Jeffrey S. Gurock,2015-04-03 The increasingly popular genre of alternative histories has captivated audiences by asking questions like what if the South had won the Civil War Such speculation can be instructive heighten our interest in a topic and shed light on accepted history In *The Holocaust Averted* Jeffrey Gurock imagines what might have happened to the Jewish community in the United States if the Holocaust had never occurred and forces readers to contemplate how the road to acceptance and empowerment for today s American

Jews could have been harder than it actually was Based on reasonable alternatives grounded in what is known of the time places and participants Gurock presents a concise narrative of his imagined war time saga and the events that followed Hitler s military failures While German Jews did suffer under Nazism the millions of Jews in Eastern Europe survived and were able to maintain their communities Since few people were concerned with the safety of European Jews Zionism never became popular in the United States and social antisemitism kept Jews on the margins of society By the late 1960s American Jewish communities were far from vibrant This alternate history where among many scenarios Hitler is assassinated Japan does not bomb Pearl Harbor and Franklin Delano Roosevelt is succeeded after two terms by Robert A Taft does cause us to review and better appreciate history As Gurock tells his tale he concludes every chapter with a short section that describes what actually happened and thus further educates the reader
