Making Of The Poets:

Melville Hershel Parker, 2008 Revealed here is an unknown Melville the autodidact who made himself a poet and who brilliantly constructed a personal aesthetic credo Dispelling baseless claims that Melville had a quarrel with fiction after Moby Dick or Pierre and that he did not in 1860 complete a book he called Poems Parker offers new evidence of the full trajectory of Melville's career in all its glory and frustration **BOOK JACKET** *Poetry and Poets* Amy Lowell, 1971

Making Poems Todd F. Davis, Erin Murphy, 2010-02-02 This diverse collection of poems and companion essays by forty nationally and internationally known poets allows readers to experience the creative process through the eyes and voice of each poet No matter how often we are told that revision is an essential component of poetic composition it can be difficult to resist the temptation to think of the poem as having sprung spontaneously Athena like from the writer's head By exposing readers to the finished product as well as the poet's own account of the poem's creation *Making Poems* offers a behind the scenes perspective on the poetic process that will fascinate both beginning and established writers The book also affords poetry instructors an opportunity to demonstrate to their students the ways in which poems can originate from seemingly mundane and unlikely sources **Plato and the Poets** Pierre Destrée, Fritz-Gregor Herrmann, 2011-03-21 The nineteen essays presented here aim to illuminate the ways poetry and the poets are discussed by Plato throughout his writing career As well as throwing new light on old topics such as mimesis and poetic inspiration the volume introduces fresh approaches to Plato's philosophy of poetry and literature Lofty Dogmas: Poets on Poetry (p), 2005 Compiled by three noted poets this is an eclectic stimulating and informed selection of poets' remarks on poetry spanning eras ethnicities and aesthetics The 102 selections from nearly as many poets reach back to the Greeks and Romans then draw on Chaucer Shakespeare Sidney and Milton on to Shelley Keats Coleridge and Poe then Hopkins Yeats Eliot Rilke and Pound concluding with many of our contemporaries including Hall Clifton Mackey Kunitz and Rukeyser The book is divided into three sections Musing concerns issues of inspiration Making issues of craft from diction to meter to persona and voice and Mapping the role of poetry and the poet Headnotes at the beginning of each selection provide background information about the poet and commentary on the significance of the selection There is also a useful appendix with a listing of essays arranged according to more specific topics As the poets write in their introduction This book was intended to deepen readers' understanding of age-old poetic ideas while at the same time pointing out new directions for thinking about poetry juxtaposing the familiar and the strange reconfiguring old boundaries and shaking up stereotypes **Chinese Theories of Reading and Writing** Ming Dong Gu, 2012-02-01 This ambitious work provides a systematic study of Chinese theories of reading and writing in intellectual thought and critical practice The author maintains that there are two major hermeneutic traditions in Chinese literature the politico-moralistic mainstream and the metaphysico-aesthetical undercurrent In exploring the interaction between the two Ming Dong Gu finds a movement toward interpretive openness In this the Chinese practice anticipates modern and Western

theories of interpretation especially literary openness and open poetics Classic Chinese works are examined including the Zhouyi the I Ching or Book of Changes the Shijing the Book of Songs or Book of Poetry and selected poetry along with the philosophical background of the hermeneutic theories Ultimately Gu relates the Chinese practices of reading to Western hermeneutics offering a cross cultural conceptual model for the comparative study of reading and writing in general

The Making of Poetry Arthur H. R. Fairchild, 2017-05-03 A critical study of the nature and value of poetry whose aim is to give the student and reader a consistent view of this form of writing Contents Can poetry be defined The material of poetry The making of poetry how the poet first deals with his material The making of poetry the combination of images The making of poetry versifying The nature of poetry The need and value of poetry Some forms of poetry examined Notes The value of the book indeed resides not in the lucid exposition of the mysteries of poetry but in the thoughtful frame of mind that it induces in the reader Too rarely do we think about poetry Dial Many pages are given over often to platitudes but at times to a pleasant vagueness Withal this book is sure to impress the reader with the author's unaffected love of poetry and with his wide reading Nation Well worthwhile study on The making of poetry N Y Times Dealing with poetry both in its primitive and its modern forms it is richly suggestive to teachers and students and likely to lead to a larger and more intelligent reading of the poets Outlook

Poetry's Knowing Ignorance Joseph Acquisto, 2019-09-19 What kind of knowledge if any does poetry provide Poets make poems but they also make meaning and craft a kind of learned and creative ignorance as they provide infinitely revisable answers to the question of what poetry is That question of poetry's definition invites broader ones about the relationship of poetry to other lived experience Poetry thus implies something like a way of life that is resistant to definitive statements and conclusions and the creation of communities of readers and writers that live in ever renewed questioning To resist concluding is to embrace a kind of productive ignorance a knowledge that is first and foremost aware of poetic knowledge's own limits Poetry's Knowing Ignorance shows through an examination of French poetry how it is this dialogue in response to a constant questioning to an answer turned question that continues to blur the boundary between poetry and writing about poetry between poetry and criticism and between poetry and other kinds of experience

The Common Asphodel Robert Graves, 1970 A collection of essays by the author of *The White Goddess* linked together by some common assumptions regarding the nature of poetry The title of the book according to the writer is shorthand for saying that the popular view of what poetry is or ought to be has for centuries been based on sentimental misapprehensions

The Rift in the Lute Maximilian De Gaynesford, 2017 What is it for poetry to be serious and to be taken seriously What is it to be open to poetry attuned to what it says alive to what it does These questions call equally on poetry and philosophy but poetry and philosophy have an ancient quarrel Maximilian de Gaynesford converts their mutual antipathy into something mutually enhancing

The Origins of Criticism Andrew Ford, 2009-01-10 By literary criticism we usually mean a self-conscious act involving the technical and aesthetic appraisal by individuals of autonomous works of art Aristotle and Plato come to mind The word social does not Yet as this book shows it should if that is we wish to understand where literary criticism as we think of it today came from Andrew Ford offers a new understanding of the development of criticism demonstrating that its roots stretch back long before the sophists to public commentary on the performance of songs and poems in the preliterate era of ancient Greece He pinpoints when and how later in the Greek tradition than is usually assumed poetry was studied as a discipline with its own principles and methods *The Origins of Criticism* complements the usual history of ideas approach to the topic precisely by treating criticism as a social as well as a theoretical activity With unprecedented and penetrating detail Ford considers varying scholarly interpretations of the key texts discussed Examining Greek discussions of poetry from the late sixth century B C through the rise of poetics in the late fourth he asks when we first can recognize anything like the modern notions of

literature as imaginative writing and of literary criticism as a special knowledge of such writing Serving as a monumental preface to Aristotle's Poetics this book allows readers to discern the emergence within the manifold activities that might be called criticism of the historically specific discourse on poetry that has shaped subsequent Western approaches to literature

Lyric Poetry Mutlu Blasing, 2009-01-10 Lyric poetry has long been regarded as the intensely private emotional expression of individuals powerful precisely because it draws readers into personal worlds But who exactly is the I in a lyric poem and how is it created In *Lyric Poetry* Mutlu Blasing argues that the individual in a lyric is only a virtual entity and that lyric poetry takes its power from the public emotional power of language itself In the first major new theory of the lyric to be put forward in decades Blasing proposes that lyric poetry is a public discourse deeply rooted in the mother tongue She looks to poetic linguistic and psychoanalytic theory to help unravel the intricate historical processes that generate speaking subjects and concludes that lyric forms convey both personal and communal emotional histories in language Focusing on the work of such diverse twentieth century American poets as T S Eliot Ezra Pound Wallace Stevens and Anne Sexton Blasing demonstrates the ways that the lyric I speaks from first to last as a creation of poetic language
