,1969 **Developing Arts Loving Readers** Nan McDonald, Douglas Fisher, 2002-05-21 *Developing Arts Loving Readers* is based on the premise that children can and do learn a great deal about the arts and their own abilities innately. Involvement and immersion author Nan L. McDonald argues are the ways in which children may feel welcome to write, move, create, draw and otherwise express ideas about art and music directly. Teaching suggestions are offered to classroom teachers and other non-specialists so that classroom reading activities may be extended into group discussions, cooperative learning, arts projects and creative performances. Appended are extensive resource lists for further integrated arts teaching in the classroom. *School Music*, 1927 *Silver Burdett Making Music* Scott, Foresman and Company, Pearson Education, Inc., 2005

Making Music in Montessori Michael Johnson, 2020-11-21 Infused with a warm, affable tone, *Making Music in Montessori* is the Guide's guide to music education, providing Montessori teachers all at once a snappy practical handbook, music theory mentor, pedagogical manual and resource anthology. The book's goal: To give teachers confidence in music so that when their children walk away from a lesson all fired up to compose their own music, their teacher will know how to guide them. Before *Making Music in Montessori*, teachers may have only dreamed of a classroom buzzing with children working, learning and growing with music alongside all of the other subject areas in the Montessori curriculum. Now it's a reality. If children's minds are a fertile field, then *Making Music in Montessori* will stir Montessori teachers of all musical backgrounds to don their overalls, roll up their sleeves, sow the musical seeds and watch them blossom under their children's flaming imagination.
