Moving Toward currin Early Childedu:

Learning Across the Early Childhood Curriculum Lynn Cohen, Sandra Waite-Stupiansky, 2013-07-12 Education according to John Dewey should be viewed as dynamic and ongoing with direct teaching of integrated content knowledge This volume offers readers an examination of the content areas in early childhood curriculum that honor Dewey's belief in active integrated learning

Early Childhood Education for a New Era Stacie G. Goffin, 2013-09-12 In her provocative new book Stacie Goffin presents a leadership manifesto to the field of early childhood education It should step forward as an agent for change by assuming responsibility for the competent practice of its practitioners and for facilitating positive results for children and their learning As a field of practice ECE should formally organize as a profession to realize consistency in practice across sites and program types Goffin challenges the field to develop fieldwide leadership and diminish its reliance on public policy for defining its purpose and structure Offering a fresh viewpoint on national efforts to improve program quality and children's learning and development the book concludes with Next Steps Commentaries written by education luminaires Rolf Grafwallner Jacqueline Jones and Pamela J Winton outlining concrete action steps to jump start the essential discussion about moving forward Stacie Goffin long time leader in early childhood education brings her expertise and wisdom to a call for action urging early childhood educators to rethink the present trajectory of the field and create a professional field of practice A must read for people who care about the future of our young children Aletha Huston Pricilla Pond Flawn Regents Professor Emerita of Child Development The University of Texas at Austin Like the historic town crier Goffin calls us to create a public space for reflection dialogue and action regarding the future of our field She challenges our loose federation of early childhood educators to formally organize as a professional field of practice Once again Goffin is serving as a much needed provocateur protagonist and catalytic agent Maurice Sykes executive director Early Childhood Leadership Institute University of the District of Columbia With her usual clarity Stacie Goffin drives her stake in the ground and then gathers us around it urging us along an intellectual journey not so much toward the answers for our profession but toward exacting questions needed to get us to the place that will define us as one Jana Martella co director Center on Enhancing Early Learning Outcomes Washington DC By shifting focus from program performance to individual collective competence the field of early childhood education will emerge stronger ECE for a New Era provides a blueprint for the field's transformation It's time we move beyond the field's current narrative and create a new future scenario Stacie is right change starts with us with me Margot Chappel director Nevada Head Start Collaboration and Early Childhood Systems Office Stacie presents a powerful challenge all of us must step up to organize early childhood education as a professional field of practice While parts of her analysis are sure to be debated I hope her message gains traction among us This issue matters enormously for children and for ourselves Valora Washington president and CEO Council for Professional Recognition Washington DC

Developmentally Appropriate Curriculum Marjorie J. Kostelnik, Anne Keil Soderman, Alice Phipps Whiren, 2007 This

best selling text has been thoroughly updated to include standards coverage and address all aspects of classroom life including the roles of children and adults the physical and social environments and teaching and learning within multiple domains for children age three to eight It provides a comprehensive cohesive approach to curriculum development which results in greater continuity for children and practitioners in such formal group settings as childcare pre school and the early elementary grades Concentrating as much on the how of curriculum development as on the what and why the authors present numerous examples and practical research based guidelines organized by developmental domain for translating theory into best practice that accommodates age appropriateness individual differences and social and cultural diversity Readers learn how to conceptualize plan implement and evaluate curriculum through detailed application opportunities in each chapter For childcare pre school and early elementary grades instructors

Curriculum Models and Early Childhood Education Stacie G. Goffin,1994 This thoroughly up to date and completely accessible book uses a socio historical perspective to examine the major curriculum models of early childhood education It examines the approaches of Montessori Developmental Interaction Direct Instruction Kamii DeVries High Scope and Reggio Emilia curriculum Comprehensive coverage looks at each model in terms of purpose and function impact on early childhood education theoretical underpinnings and current evaluations For parents and teachers interested in early childhood education and curriculum

The Early Childhood Curriculum Suzanne L. Krogh,Pamela Morehouse,2014-02-18 Based on research that demonstrates the powerful advantages of integrating the curriculum while providing inquiry opportunities The Early Childhood Curriculum shows how to make such an approach work for all children preschool through the primary grades The text demonstrates how to confidently teach using inquiry based methods that address the whole child while also meeting and exceeding academic standards Offering a foundation in early childhood theory philosophy research and development the 2nd edition of this unique textbook helps future teachers as well as current educators understand the why of curriculum in early childhood and invests them with the skills they need to move from simply following a script to knowledgeably creating curricula on their own Since each curricular subject has its own integrity there is a chapter for each discipline grounding the reader in the essentials of the subject in order to foster knowledgeable and effective integration The 2nd edition of The Early Childhood Curriculum includes information on the most recent trends in national curriculum standards particularly in regard to the Common Core State Standards Initiative and the Next Generation Science Standards Coupled with this information are practical suggestions for meeting standards while still providing young learners with a truly child centered educational experience Chapters contain real life vignettes that demonstrate inquiry and integration in practice The entire text reflects the philosophy that the use of inquiry to seek and obtain information is one of the most valuable and powerful tools children can acquire along the way to becoming lifelong learners
