Mr Big Ozzy Sharon And My Life As The Godfather Of Rock:

Two Riders Were Approaching: The Life & Death of Jimi Hendrix Mick Wall, 2019-11-14 Jimmy was a down at heel guitarist in New York relying on his latest lovers to support him while he tried to emulate his hero Bob Dylan A black guy playing white rock music he wanted to be all things to all people But when Jimmy arrived in England and became Jimi the cream of swinging London fell under his spell It wasn't that Jimi could play with his teeth play with his guitar behind his back It was that he could really play Journeying through the purple haze of idealism and paranoia of the sixties Jimi Hendrix was the man who made Eric Clapton consider quitting to whom Bob Dylan deferred on his own song All Along the Watchtower who forced Miles Davis to reconsider his buttoned down ways and whose Star Spangled Banner defined Woodstock And when his star which had burned so brightly was extinguished far too young his legend lived on in the music and the intrigue surrounding his death Eschewing the traditional rock biography format Two Riders Were Approaching is a fittingly psychedelic and kaleidoscopic exploration of the life and death of Jimi Hendrix and a journey into the dark heart of the sixties While the groupies lined up the drugs got increasingly heavy and the dream of the sixties burned in the fire and blood of the Vietnam War the assassination of Martin Luther King and the election of President Richard Nixon Acclaimed writer Mick Wall author of When Giants Walked the Earth has drawn upon his own interviews and extensive research to produce an inimitable novelistic telling of this tale the definitive portrait of the Guitar God at whose altar other guitar gods worship Jimi Hendrix's is a story that has been told many times before but never quite like this **Bring It On Home** Mark Blake, 2025-05-01 The authorized biography of the most notorious rock manager of all time Peter Grant best known for his work with Led Zeppelin Peter Grant is the most famous music manager of all time Often acknowledged as the fifth member of Led Zeppelin Grant's story has appeared in fragments across countless Zeppelin biographies but none has explored who this brilliant and intuitive manager yet flawed and sometimes dangerous man truly was No one has successfully captured the scope of his personality or his long lasting impact on the music business Acclaimed author and journalist Mark Blake seeks to rectify that Bring It On Home is the first book to tell the complete uncensored story of this industry giant With support from Grant's family interviews with Led Zeppelin's surviving band members and access to Grant's extensive archive and scores of unpublished material including his never before published final interview Blake sheds new light on the history of Led Zeppelin and on the wider story of rock music in the 1960s and 70s Full of new insights into Grant's early life as an actor wrestler and road manager for rock n roll pioneers Chuck Berry and Little Richard the formation of Led Zeppelin his seclusion following the demise of the band and his recovery from substance abuse Bring It On Home reveals a man who after the extraordinary highs and lows of a career in rock n roll found peace and happiness in a more ordinary life It is a celebration a cautionary tale and a compelling human drama When Giants Walked the Earth Mick Wall, 2010-11-09 This fantastic account of Led Zeppelin's wild and decadent heyday is as detailed and definitive as music biographies get London

Lite The first significant fresh reporting on the legendary band in twenty years built on interviews with all surviving band members and revealing a never before seen side of the genius and debauchery that defined their heyday Veteran rock journalist Mick Wall unflinchingly tells the story of the band that pushed the envelope on both creativity and excess even by rock n roll standards Led Zeppelin was the last great band of the 1960s and the first great band of the 1970s and When Giants Walked the Earth is the full enthralling story of Zep from the inside written by a former confidante of both Jimmy Page and Robert Plant Rich and revealing it bores into not only the disaster addiction and death that haunted the band but also into the real relationship between Page and Plant including how it was influenced by Page s interest in the occult Comprehensive and yet intimately detailed When Giants Walked the Earth literally gets into the principals heads to bring to life both an unforgettable band and an unrepeatable slice of rock history Wall does well to shine light on the myths and music magic of Led Zep rendering what could have been cartoonish real and sincere Time Out Chicago So this is the big one a fat juicy biography of the biggest band ever Mick Wall the veteran rock journalist lays it all bare in a book that can only be described as definitive The Daily Telegraph **Life in the Fast Lane** Mick Wall,2023-07-11 Surely make you lose your mind So the Eagles warn us about the outrageous and ruthless lifestyle of the ambitious rock n roller In fact Don Henley could barely listen to the track Life in the Fast Lane when they were recording it He was so high that it made him sick The band that embodied the American dream with globe straddling success impossibly luxurious lives and almost supernatural talent also descended into nightmare with bloodletting betrayal hate filled hubris the skeletons of perceived enemies brutally discarded lovers and former band mates left unburied in the road behind them The Eagles story is a truly gothic American fable one of ultimate power and rivers of money of sex and drugs at a time when both were the lingua franca of sophisticated So Cal living of a band who sang of peaceful easy feelings in public while threatening to kill each other in private Now legendary rock journalist Mick Wall delivers definitive insight into America s best selling band of all time a band that has sold more records than Led Zeppelin and the Rolling Stones combined exploring their meteoric rise to fame and the hedonistic days of the 70s music scene in LA when American music was taking over the world **Sharon Osbourne** Sue Crawford,2013-10-01 This book explores the real woman behind the relentless media circus tracing Sharon s life from her rebellious adolescence to the drink and drug fuelled years on the road with Ozzy right through to her current incarnation as an X Factor judge and popular TV star *Black Sabbath* , *Understanding the Music Industries* Chris Anderton,Andrew Dubber,Martin James,2012-12-14 Everyone knows music is big business but do you really understand how ideas and inspiration become songs products downloads concerts and careers This textbook guides students to a full understanding of the processes that drive the music industries More than just an expose or how to guide this book gives students the tools to make sense of technological change socio cultural processes and the constantly shifting music business environment putting them in the front line of innovation and entrepreneurship in the future Packed with case studies this book Takes the reader
