Mr. Roosevelt's Navy Patrick Abbazia,1975 **Mr. Roosevelt's Navy** Patrick Abbazia,2016-09-15 The U S Navy was at war in the Atlantic long before 7 December 1941 but little is known about that conflict Mr Roosevelt's Navy is a vivid thoroughly researched account of this undeclared war upon which Mr Roosevelt embarked in order to sway the desperate Battle of the Atlantic in favor of Britain's hard pressed Royal Navy **Mr. Roosevelt's navy** Patrick Abbazia,1982

World War II at Sea Craig L. Symonds,2018 Craig L Symonds World War II at Sea offers a definitive naval history of the Second World War presenting the chronology of the naval war from The London Conference of 1930 to the surrender in Tokyo Bay in 1945 on a global scale for the first time **Wealth of an Empire** Robert Switky,2013-09-30 Wealth of an Empire tells the dramatic true story of a top secret mission that changed the course of World War II Great Britain's shipment of virtually its entire treasury across the treacherous waters of the North Atlantic to safety in the United States and Canada Had the Germans captured or sunk the treasure laden ships the war could have been lost more than eighteen months before the Japanese attack on Pearl Harbor The British government authorized this immensely risky and long running operation not only because of the obvious danger that Germany's rising militancy posed but also because of the isolationist sentiment that permeated both American society and Congress America's refusal to sell arms and other goods without payment up front left Britain little choice but to mount this daring operation Only a few banking political and military leaders were responsible for the complicated logistical and security procedures that were designed to safeguard the transfer of both gold and financial securities to North America Although the special shipments were initially of relatively modest value the strategic imperative changed dramatically when Germany threatened to invade Britain in the summer of 1940 Fearing that Britain's wealth might fall into German hands in an audacious yet visionary decision newly installed prime minister Winston Churchill authorized the evacuation of nearly all of Britain's liquid assets Wealth of an Empire uses previously unused and unavailable original documents including those from the British National Archives the Bank of England's archives the Imperial War Museum and the Bank of Canada's archives to shed new light on this underexplored aspect of Britain's wartime history Driven Patriot Townsend Hoopes,Douglas Brinkley,2012-04-15 A haunting portrait of one of the most fascinating and influential figures of the mid twentieth century this biography takes a penetrating look at James Forrestal's life and work Brilliant ambitious glamorous yet a perpetual outsider Forrestal forged a career that took him from his working class origins to the social and financial stratosphere of Wall Street and from there to policy making in Washington As secretary of the navy during World War II he was the principal architect in transforming an obsolescent navy into the largest most formidable naval force in history After the war as the nation's first secretary of defense he played a major role in shaping the anti Communist consensus that sustained the U S policy of containment during the Cold War Despite his many achievements Forrestal's life ended in tragedy with his suicide in 1949 This absorbing study not only takes an understanding look at the many sided man

but presents an authoritative history of the great but troubled years of America's rise to world primacy Winner of the 1992 Roosevelt Naval History Prize the book enjoyed wide acclaim when first published and is now considered a definitive work

Amerika Gasshūkoku to Dainiji Sekai Taisen Bunken Mokuroku, 1983 **Naval History**, 2008 **Guardians of the Sea** Robert Erwin Johnson, 1987 Recounts the founding of the U S Coast Guard looks at Coast Guard operations and functions and looks at how it has changed over the last seventy years National Union Catalog, 1973 Includes entries for maps and atlases
