M. Montgomery, 2017-09-21 The Blue Castle and A Tangled Web brings together two of Lucy Maud Montgomery s most compelling novels offering readers a heartwarming blend of tragedy and humour exploring the intricacies of family dynamics In The Blue Castle readers are introduced to Valancy Stirling a woman trapped in a stifling and loveless existence At twenty nine she receives a shocking medical diagnosis and decides to break free from her oppressive family and live life on her own terms Valancy embarks on a journey of self discovery and adventure finding love and happiness in unexpected places This enchanting novel originally published in 1926 is a tale of courage transformation and the pursuit of true happiness A Tangled Web follows the intertwined destinies of two extended families over the course of a year filled with both heartbreak and hilarity When Rebecca Dark reveals the details of her will a fierce competition ensues among her relatives for a prized family heirloom The family members navigate schemes secrets and surprising alliances ultimately discovering the true meaning of family Originally published in 1931 this novel is a delightful exploration of familial bonds and rivalry The Blue Castle and A Tangled Web is a must have collection for fans of Lucy Maud Montgomery offering two timeless stories that celebrate the resilience of the human spirit and the complexities of family relationships [Texts and Textiles](#) Diana Mary Eva Thomas, 2017-03-07 This study shows how fiction that makes use of textiles as an essential element utilizes synaesthetic writing and synaesthetic metaphor to create an affective link to and response in the reader These links and responses are examined using affect theory from Silvan Tomkins and Brian Massumi and work on synaesthesia by Richard Cytowic Lawrence Marks and V S Ramachandran among others Synaesthetic writing including synaesthetic metaphors has been explored in poetry since the 1920s and more recently in fiction but these studies have been general in nature By narrowing the field of investigation to those novels that specifically employ three types of hand crafted textiles quilt making knitting and embroidery the book isolates how these textiles are used in fiction The combination of synaesthesia memory metaphor and particularly synaesthetic metaphor in fiction with textiles in the text of the case studies selected shows how these are used to create affect in readers enhancing their engagement in the story The work is framed within the context of the history of textile production and the use of textiles in fiction internationally but concentrates on Australian authors who have used textiles in their writing The decision to focus on Australian authors was taken in light of the quality and depth of the writing of textile fiction produced in Australia between 1980 and 2005 in the three categories of hand crafted textiles quilt making knitting and embroidery The texts chosen for intensive study are Kate Grenville s The Idea

of Perfection 1999 quilting Marele Day s Lambs of God 1997 knitting and Anne Bartlett s Knitting 2005 knitting Jessica Anderson s Tirra Lirra by the River 1978 embroidery and Marion Halligan s Spider Cup 1990 embroidery
