## **Mud Blood And Poppycock:**

Mud, Blood and Poppycock Gordon Corrigan, 2012-12-20 The true story of how Britain won the First World War The popular view of the First World War remains that of BLACKADDER incompetent generals sending brave soldiers to their deaths Alan Clark quoted a German general's remark that the British soldiers were lions led by donkeys But he made it up Indeed many established facts about 1914-18 turn out to be myths woven in the 1960s by young historians on the make Gordon Corrigan's brilliant witty history reveals how out of touch we have become with the soldiers of 1914-18 They simply would not recognize the way their generation is depicted on TV or in Pat Barker's novels Laced with dry humour this will overturn everything you thought you knew about Britain and the First World War Gordon Corrigan reveals how the British embraced technology and developed the weapons and tactics to break through the enemy trenches Mud, Blood and

Poppycock Gordon Corrigan, 2003 **The Darkest Days** Douglas Newton, 2014-08-12 The centenary of the outbreak of the First World War may be commemorated by some as a great moment of national history But the standard history of Britain's choice for war is far from the truth Using a wide range of sources including the personal papers of many of the key figures some for the first time historian Douglas Newton presents a new dramatic narrative He interleaves the story of those pressing for a choice for war with the story of those resisting Britain's descent into calamity He shows how the decision to go to war was rushed in the face of vehement opposition in the Cabinet and Parliament in the Liberal and Labour press and in the streets There was no democratic decision for war The history of this opposition has been largely erased from the record yet it was crucial to what actually happened in August 1914 Two days before the declaration of war four members of the Cabinet resigned in protest at the war party's manipulation of the crisis The government almost disintegrated Meanwhile large crowds gathered in Trafalgar Square to hear the case for neutrality and peace Yet this cry was ignored by the government Meanwhile elements of the press the Foreign Office and the Tory Opposition sought to browbeat the government into a quick decision Belgium had little to do with it The key decision to enter the war was made before Belgium was invaded Those bellowing for hostilities were eager for Britain to enter any war in solidarity with Russia and France for the future safety of the British Empire In particular Newton shows how Prime Minister H H Asquith Foreign Minister Sir Edward Grey and First Lord of the Admiralty Winston Churchill colluded to pre-empt the decisions of Cabinet to manipulate the parliament and to hurry the nation toward intervention by any means necessary *Modern Conflict and the Senses* Nicholas J.

Saunders, Paul Cornish, 2017-03-16 *Modern Conflict and the Senses* investigates the sensual worlds created by modern war focusing on the sensorial responses embodied in and provoked by the materiality of conflict and its aftermath The volume positions the industrialized nature of twentieth century war as a unique cultural phenomenon in possession of a material and psychological intensity that embodies the extremes of human behaviour from total economic mobilization to the unbearable sadness of individual loss Adopting a coherent and integrated hybrid approach to the complexities of modern conflict the

book considers issues of memory identity and emotion through wartime experiences of tangible sensations and bodily requirements This comprehensive and interdisciplinary collection draws upon archaeology anthropology military and cultural history art history cultural geography and museum and heritage studies in order to revitalize our understandings of the role of the senses in conflict

**Achievement: The Righting of a Great Wrong, 1914 to 1918** Ian Hall,2013-10-01 Published to coincide with the 100th anniversary of the outbreak of the Great European War in 1914 Achievement is a guide to the war on which the future of Europe turned Ian Hall s fascinating book examines the social political and military circumstances of the previous 200 years it considers the conditions that allowed one nation Germany to justify a war in continental Europe on a scale never before possible sending more than eighty army divisions to invade its neighbours in what can be described as the first industrial war Achievement also examines why Britain at that time one of the world s greatest industrial and Imperial powers could send only six divisions to join the party and wonders at the accomplishment of expanding such a force to more than fifty divisions just four years later The book s journey includes visiting the history of the nations of Britain and continental Europe encouraging us to wonder at the empty splendour of European monarchies allowing us to explore the foothills of the Industrial Revolution It also makes one or two diversions into the by ways of history to remind us of events that have shaped Britain and its place in the world The British army from its most senior commanders down make appearances throughout The decisions to be faced and examples of the courage of the fighting men and the casualties that resulted are all considered in this encompassing commentary on the Great War

**The Great War in Post-Memory Literature and Film** Martin Löschnigg,Marzena Sokolowska-Paryz,2014-10-14 The twenty seven original contributions to this volume investigate the ways in which the First World War has been commemorated and represented internationally in prose fiction drama film docudrama and comics from the 1960s until the present The volume thus provides a comprehensive survey of the cultural memory of the war as reflected in various media across national cultures addressing the complex connections between the cultural post memory of the war and its mediation In four sections the essays investigate 1 the cultural legacy of the Great War including its mythology and iconography 2 the implications of different forms and media for representing the war 3 national memories foregrounding the differences in post memory representations and interpretations of the Great War and 4 representations of the Great War within larger temporal or spatial frameworks focusing specifically on the ideological dimensions of its remembrance in historical socio political gender oriented and post colonial contexts

**The Short Story and the First World War** Ann-Marie Einhaus,2013-07-31 The poetry of the First World War has come to dominate our understanding of its literature while genres such as the short story which are just as vital to the literary heritage of the era have largely been neglected In this study Ann Marie Einhaus challenges deeply embedded cultural conceptions about the literature of the First World War using a corpus of several hundred short stories that until now have not undergone any systematic critical analysis From early wartime stories to late twentieth century narratives and spanning a wide spectrum of

literary styles and movements Einhaus's work reveals a range of responses to the war through fiction from pacifism to militarism Going beyond the household names of Owen Sassoon and Graves Einhaus offers scholars and students unprecedented access to new frontiers in twentieth century literary studies A Gallant County Robin Grist,2020-01-24 This book describes the campaigns fought by the Gloucestershire Regiments sixteen infantry battalions and the 1st RGH which saw action on all the Allied fronts During The Great War the Gloucesters who already had more battle honors than any other regiment won another eighty two Over 46 000 men served in the Gloucesters and the RGH during the First World War without any member of either regiment being charged with either desertion or cowardice Twenty five Military Medals were won by 1st Gloucesters at Festubert on one day in April 1918 a record for a single battalion A Gallant County captures the contrast between the fighting in the mud of the Western Front the heat and dust of the Middle East and the horrors of Gallipoli The author skilfully paints the picture of infantry and cavalry actions in the different theatres 1st RGH were one of only two yeomanry regiments to fight from Egypt to Aleppo The use of personal accounts and descriptions of acts of individual and collective gallantry make this a superb record of a County's outstanding contribution to victory
