Other Worlds Garrett Putman Serviss,2022-07-15 Other worlds and their inhabitants are remarkably popular subjects of speculation at the present time Every day we hear people asking one another if it is true that we shall soon be able to communicate with some of the far off globes such as Mars that circle in company with our earth about the sun One of the masters of practical electrical science in our time has suggested that the principle of wireless telegraphy may be extended to the transmission of messages across space from planet to planet The existence of intelligent inhabitants in some of the other planets has become with many a matter of conviction and for everybody it presents a question of fascinating interest which has deeply stirred the popular imagination Google Other Worlds Than Ours Richard Anthony Proctor,1880 **Other Worlds Than Ours** Richard Anthony Proctor,1882 Life in Other Worlds Adam Miller,1878 **Other Worlds Than Ours; The Plurality of Worlds** **Studies Under the Light of Recent Scientific Researches** Richard Anthony Proctor,2015-12-04 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work was reproduced from the original artifact and remains as true to the original work as possible Therefore you will see the original copyright references library stamps as most of these works have been housed in our most important libraries around the world and other notations in the work This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work As a reproduction of a historical artifact this work may contain missing or blurred pages poor pictures errant marks etc Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant **Hidden Realms, Lost Civilizations, and Beings from Other Worlds** Jerome Clark,2010-06-01 Claims of supernatural realms parallel worlds and lost civilizations are put to the test in this wellresearched guide to the unexplained Firsthand accounts and historical documents are explored and indepth coverage is provided on the mysteries of imagination culture perception consciousness being and more Included in this collection are Richard S Shaver s personal experience of hell replete with demons and ghouls modern and ancient accounts of fairyland life on Mars alien worlds parallel universes and mystery airships Also examined are the supernatural myths surrounding Mount Shasta which include accounts of telepathic Lemurians living on its slopes as reported by the Los Angeles Times More than 40 beliefs doctrines experiences and places are described and explored in this truly comprehensive guide to the wacky weird and otherworldly **Knowledge & Illustrated Scientific News** ,1885 *Life in a Thousand Worlds* W. S. Harris,2019-12-09 In *Life in a Thousand Worlds* W S Harris intricately weaves a tapestry of narratives that traverse multiple realities each reflecting a distinct facet of human experience The novel s literary style is characterized by

its lyrical prose and vibrant imagery complemented by an innovative narrative structure that interlaces diverse timelines and settings As a work firmly situated within the speculative fiction genre it explores philosophical themes of identity consciousness and the nature of existence inviting readers to contemplate the interconnectedness of countless lives across an expansive universe W S Harris an author with a rich background in both science and literature draws upon his academic experiences in philosophy and his passion for cosmology to craft this profound narrative His longstanding interest in existential questions and human connection informs the depth and complexity of the characters and worlds he creates Through meticulous research and a genuine curiosity about the cosmos Harris presents a vision that entices readers to examine their own lives and the myriad possibilities that lie beyond the veil of reality *Life in a Thousand Worlds* is a thought provoking journey that I highly recommend to anyone who seeks to explore the vast potential of storytelling and the human experience Ideal for fans of literary and speculative fiction alike this novel offers an unforgettable exploration of what it means to live dream and connect across time and space

Alternate Histories and Nineteenth-Century Literature Ben Carver, 2017-10-17 This book provides the first thematic survey and analysis of nineteenth century writing that imagined outcomes that history might have produced Narratives of possible worlds and scenarios referred to here as alternate histories proliferated during the nineteenth century and clustered around pressing themes and emergent disciplines of knowledge This study examines accounts of undefeated Napoleons after Waterloo alternative genealogies of western civilization from antiquity to the nineteenth century present day the imagination of variant histories on other worlds lost world fictions that discovered improved relations between men and women and the use of alternate history in America to reconceive the relationship between the New World and the Old The untimely imagination of other histories interrogated the impact of new techniques of knowledge on the nature of history itself This book sheds light on the history of speculative thought and the relationship between literature and the history of ideas in the nineteenth century

The Possible and the Actual Michael J. Loux, 1979 This well chosen collection of fifteen important essays in the fields of philosophical logic and metaphysics addresses questions relating to the nature and status of possible worlds
