Our Ageless Constitution 1st Edition:

Our Ageless Constitution W. David Stedman,1987 **From a Culture of Dependency to a Culture of Success** Y.S. Wishnick,2011-11-23 There is an old story of a famous business tycoon that was near death His lifelong business partner approached him on his deathbed and asked if hed like to see his great grandchild The business executive opened his eyes and whispered in his associates ear No my friend I do not want to know what Ive missed More and more Americans are missing out on the greatness of their country its passion for excellence its commitment to the dignity and self worth of each individual and its belief that every person has the right to achieve their own vision for success Chaos confusion disappointment and hopelessness have pushed and pulled Americans into a state of dependency From the individual to the family to our local communities Americans are constantly looking for others to solve the problems and challenges they face This has lead to victimology class warfare and ultimately bad public policy where a culture of dependency is becoming the new normal As people think themselves into believing that they cant make it on their own they are rejecting their own potential and capacity to act Worse they are missing out on the person they were destined to become Building Godly Nations Stephen K. McDowell,2004-03 Jesus commissioned believers to make disciples of all nations which according to Bible Commentator Matthew Henry means to do your utmost to make the nations Christian nations How do we make the nations Christian How do we build Godly nations The Bible teaches that if a people obey God s laws they will have liberty peace prosperity and justice But we must obey all of God s laws to experience the abundance of God s blessing To the extent we obey in all areas of life is the extent we will experience the Godly fruit of liberty The Founders of America understood this vital truth and attempted to build the nation upon the precepts of God and though not without fault their efforts produced the best example of a Christian nation in history Thus there are many important lessons we can learn from the American Founders as we seek to build Godly nations today This book examines the mandate for building Godly nations lessons from America s Christian history and how to apply Biblical principles to governing the nations Whoever Controls the Schools Rules the World Gary DeMar,2007 **American Minute** William J. government has been gradually eroded through institutional changes and shifting social values This accessible primer divides complex political concepts into digestible chapters explaining how Aristotle s insights influenced the Constitution why federalism matters and how consolidation of power threatens liberty Haugh introduces readers to political vertigo the disorientation that occurs when citizens lose sight of fundamental constitutional principles Moving beyond partisan rhetoric the book provides practical recommendations for strengthening constitutional checks and balances reducing extraconstitutional forces and restoring equilibrium between federal and state authority Haugh s analysis incorporates both historical context and modern challenges like technological change and globalization Whether you re concerned about government overreach or the erosion of civil society this book offers a framework for understanding America s political challenges and working toward solutions With its blend of political theory historical analysis and practical recommendations Stability Justice and Clarity equips citizens to participate more effectively in self governance If you enjoyed The Liberty Amendments The 5000 Year Leap or The Road to Serfdom you ll love Stability Justice and Clarity Antiquarian Bookman ,1958 **Paperbound Books in Print** ,1992 **Bulletin** ,1937 *Statistics of Land-grant Colleges and Universities* United States.
