Pray This Way to Connect with God Hal Green, 2023-01-03 Prayer is the singular bridge between you and God The state of your prayer life is the state of your God relationship It is as vital to your well being to develop a flourishing prayer life as it is to develop satisfying communication with loved ones If you seek to know God personally this book will assist you in your seeking as well as in your finding If you want to transform your prayers from a monologue with you merely addressing God to a dialogue with God also addressing you this book is for you It will guide you from what prayer is to how to pray from breath prayers all the way to contemplative prayer **The Peace Practice** Esi Zar, Maybe you've felt it too That quiet ache in your chest when you wake up already overwhelmed The mental noise that never seems to stop running to do lists old regrets future fears The way you scroll through your phone late at night hoping to feel something and instead feel more disconnected than ever You're not alone So many of us are living on autopilot constantly reacting constantly performing constantly giving with no real sense of grounding joy or peace We've learned how to survive but not how to be We know how to keep busy but not how to feel fulfilled And in the quiet moments if we ever allow them we're left wondering Is this it This book is for the part of you that whispered There has to be more than this It's for the version of you that's exhausted by surface level fixes For the part of you that craves real rest not just physical but emotional spiritual and soul deep It's for the person who wants to feel calm in their body clear in their mind and connected to something greater even if you can't quite name what that is yet What This Book Will Help You Do The Peace Practice isn't about escaping your life it's about returning to yourself within it Inside these pages you'll learn daily habits that aren't just doable they're transformational You'll discover how to create stillness in the chaos how to hear your intuition again and how to feel more rooted in who you are and why you're here These aren't hacks They're practices Gentle powerful rhythms that when done consistently can change everything This book is your guide to becoming emotionally balanced spiritually grounded and deeply connected not by fixing yourself but by finally listening to yourself How This Journey Unfolds The chapters in this book are like stepping stones Each one builds on the last taking you from confusion to clarity from chaos to calm You'll begin by exploring why you feel so disconnected and overwhelmed and then step by step you'll learn how to create space set boundaries process emotions and form simple sacred habits that bring peace into your everyday life You don't need to be perfect You don't need to have it all figured out You just need to be willing to begin Because peace isn't something you find It's something you practice And the good news You don't have to wait for life to slow down before you do If any part of you is ready for change turn the page Your journey begins now

job or the flexibility of gig work this book cuts through the illusions revealing the hidden costs that come with handing over your time decisions and energy to systems designed for someone else's benefit Mishra shows that true autonomy isn't found in dependence it's built through intentional choices that reclaim your life ensuring your efforts lead to fulfillment rather than frustration At its heart the book challenges the myth that dependence equals security Mishra argues that while it may provide a paycheck or convenient gigs it comes at the steep price of your independence leaving you trapped in cycles of stress conformity and unfulfilled potential From the emotional toll of constant performance to the financial uncertainty of algorithmic income the book lays bare how these structures erode your mental peace turning what feels like a safe path into a cage that limits your growth Through practical insights Mishra empowers you to recognize these costs and take steps to break free building a life where your actions reflect your true desires The book is structured in seven chapters that guide you from understanding the allure of dependence to embracing a future of self-sufficiency It begins by dismantling the illusion of security then delves into the chains of employment and the gig economy's traps before exploring the mental peace paradox and the quiet desperation of conformity From there it offers tools for breaking free building independence and recognizing the true cost of staying stuck Each chapter is filled with actionable advice reflective exercises and relatable scenarios that make the concepts easy to apply no matter your situation For example in places like Canada where work-life balance is a priority individuals often seek ways to reduce dependence to reclaim their peace a principle Mishra brings to life through simple strategies like diversifying income or setting boundaries Mishra's approach is grounded in a cause-and-effect philosophy recognizing dependence's costs cause leads to actions that restore autonomy and peace effect He provides tools like reflective questions e.g. Does this structure serve my peace or the system's and practical steps e.g. creating a one-month exit plan to help readers implement change immediately The book addresses common challenges such as fear of the unknown or financial volatility and offers solutions to overcome them making it a guide for anyone feeling stuck in a job-gig cycle or routine that no longer fits By weaving together emotional financial and temporal considerations Mishra creates a holistic framework for living independently where your energy fuels your own vision not someone else's What sets *The Price of Dependence* apart is its blend of unflinching honesty and empowering practicality Mishra doesn't just critique dependence he equips you with the mindset and strategies to escape it from building multiple income streams to redefining success on your terms The tone is conversational and motivational like a trusted friend urging you to take the leap making the book accessible to professionals gig workers or anyone seeking more control over their life Whether you're exhausted by corporate demands anxious about platform ratings or simply ready for a change this book offers a roadmap to the freedom and peace that come from self-directed living

After an early life of extreme hardship, leaving school at the age of 11 and becoming an orphan shortly afterwards, he underwent a spiritual awakening at the age of 29. Since the late 1950s, he has been a spiritual teacher and is still actively teaching now at the age of 94. Previously, Russel has avoided publicity and never published any writings or transcripts of his talks, preferring to work quietly with small groups. This is the first time any details of his teachings or of his life have appeared in print. This book is partly a record of his teachings and partly also the story of his extraordinary life. Working with well-known spiritual author Steve Taylor, who has attended Russel's meetings regularly since the 1990s, Russel has created a profound text which will surely become known as a classic of spiritual literature.
