

Politics And Crime

Erika Fairchild, Vincent J. Webb

Politics And Crime:

The Politics of Crime and Criminal Justice Erika Fairchild, Vincent J. Webb, 1985 The editors examine politics crime and criminal justice in the US against a background of attempts to re establish political accountability for the criminal justice process Most of the articles are based on original field research across a large number of jurisdictions and approaches Politics is here defined as the relations of power and influence that occur between those who are professionally involved in the criminal justice system and those who are part of the political apparatus **The Politics of Law and Order** Stuart A. Scheingold, 2011-01-13 Foundational and renowned study of how politicians and others use crime rates and most of all the public perception of street crime whether or not it is accurate for their own purposes Dr Scheingold also provides a theoretical and historical basis for his views The follow up to the landmark book *The Politics of Rights* this text is both supported in research and accessible and interesting to readers everywhere Features new 2010 Foreword by Berkeley law professor Malcolm Feeley A work that is both timely and timeless writes Feeley it is important for what it says and how it says it about American crime and crime policy as well as American political culture It speaks truth to power today as much as it did when it was first published As recently noted by Amherst College s Austin Sarat Scheingold was quite simply one of the world s leading commentators on law and politics *Politics and Crime* Sawyer F. Sylvester, Edward Sagarin, 1974

Urban Politics, Crime Rates, and Police Strength Thomas Dain Stucky, 2005 Stucky criminal justice Indiana Purdue U at Indianapolis analyzes the relationship between politics crime and police employment expenditures and arrests Using political resource theory he examines how resources are managed and provides an institutional resource perspective about crime and politics while discussing social disorganization Politics and Crime American Society of Criminology, 1974

Power, Politics And Crime William J Chambliss, 2001-01-12 How criminal justice policies are creating a nation divided by race class and morality *The Politics and Morality of Deviance* Nachman Ben-Yehuda, 1990-01-01 *The Politics and Morality of Deviance* develops a theoretical framework and then applies it to four different and specific case studies in an explicit attempt to put the sociology of deviance back into mainstream sociology It argues that deviance should be analyzed as a relative phenomenon in different and changing cultures vis a vis change and stability in the boundaries of different symbolic moral universes It also argues that the legitimization of power should be thought of in terms of a moral order that in turn defines the societal boundaries of different symbolic moral universes Mills concept of motivational accounting systems is utilized throughout the text in order to illustrate how the micro and macro levels of analysis can be integrated **Crime & Politics** Ted Gest, 2003-08-07 Why has America experienced an explosion in crime rates since 1960 Why has the crime rate dropped in recent years Though politicians are always ready both to take the credit for crime reduction and to exploit grisly headlines for short term political gain these questions remain among the most important and most difficult to answer in America today In *Crime Politics* award winning journalist Ted Gest gives readers the inside story of how crime policy is

formulated inside the Washington beltway and state capitols why we've had cycle after cycle of ineffective federal legislation and where promising reforms might lead us in the future Gest examines how politicians first made crime a national rather than a local issue beginning with Lyndon Johnson's crime commission and the landmark anti crime law of 1968 and continuing right up to such present day measures as three strikes laws mandatory sentencing and community policing Gest exposes a lack of consistent leadership backroom partisan politics and the rush to embrace simplistic solutions as the main causes for why Federal and state crime programs have failed to make our streets safe But he also explores how the media aid and abet this trend by featuring lurid crimes that simultaneously frighten the public and encourage candidates to offer another round of quick fix solutions Drawing on extensive research and including interviews with Edwin Meese Janet Reno Joseph Biden Ted Kennedy and William Webster Crime Politics uncovers the real reasons why America continues to struggle with the crime problem and shows how we do a better job in the future

Crime, Risk and Justice Kevin Stenson, Robert R. Sullivan, 2001 Scholars of criminal justice criminology law and others fields convened in New York City in the spring of 1999 to look at the intersection between crime a changing liberalism and something related they called the risk society In fact people wanted most to talk about crime and criminal justice agencies so the 11 papers are weighed toward the political and social background to crime in the US and Britain after changes during Reagan and Thatcher were ironed in by Clinton and Blair Distributed in the US by ISBS c Book News Inc

Political Crime in the United States Julian B. Roebuck, Stanley C. Weeber, 1978

Who Are the Criminals? John Hagan, 2012-08-26 How Americans came to fear street crime too much and corporate crime too little How did the United States go from being a country that tries to rehabilitate street criminals and prevent white collar crime to one that harshly punishes common lawbreakers while at the same time encouraging corporate crime through a massive deregulation of business Why do street criminals get stiff prison sentences a practice that has led to the disaster of mass incarceration while white collar criminals who arguably harm more people get slaps on the wrist if they are prosecuted at all In Who Are the Criminals one of America's leading criminologists provides new answers to these vitally important questions by telling how the politicization of crime in the twentieth century transformed and distorted crime policymaking and led Americans to fear street crime too much and corporate crime too little John Hagan argues that the recent history of American criminal justice can be divided into two eras the age of Roosevelt roughly 1933 to 1973 and the age of Reagan 1974 to 2008 A focus on rehabilitation corporate regulation and the social roots of crime in the earlier period was dramatically reversed in the later era In the age of Reagan the focus shifted to the harsh treatment of street crimes especially drug offenses which disproportionately affected minorities and the poor and resulted in wholesale imprisonment At the same time a massive deregulation of business provided new opportunities incentives and even rationalizations for white collar crime and helped cause the 2008 financial crisis and subsequent recession The time for moving beyond Reagan era crime policies is long overdue Hagan argues The understanding of crime must be reshaped and we must reconsider the

relative harms and punishments of street and corporate crimes In a new afterword Hagan assesses Obama's policies regarding the punishment of white collar and street crimes and debates whether there is any evidence of a significant change in the way our country punishes them *The Politics of Injustice* Katherine Beckett, Theodore Sasson, 2003-10-16 The U S crime rate has dropped steadily for more than a decade yet the rate of incarceration continues to skyrocket Today more than 2 million Americans are locked in prisons and jails with devastating consequences for poor families and communities overcrowded institutions and overburdened taxpayers How did the U S become the world's leader in incarceration Why have the numbers of women juveniles and people of color increased especially rapidly among the imprisoned *The Politics of Injustice Crime and Punishment in America* Second Edition is the first book to make widely accessible the new research on crime as a political and cultural issue Katherine Beckett and Theodore Sasson provide readers with a robust analysis of the roles of crime politics media imagery and citizen activism in the making of criminal justice policy in the age of mass incarceration Features of this text Critical Approach Debunks myths about crime in the U S challenges many current anticrime policies that became harsher in the 1990s and illuminates the political implications of crime and punishment Contemporary Updated throughout with particular attention to Chapter 5 Crime in the Media including research and analyses of crime in the news crime as entertainment and the interplay of news media entertainment and crime Comprehensive Research Draws on a wide range of scholarship including research on crime's representation in political discourse and the mass media public opinion crime related activism and public policy Consistent and Accessible A great source to communicate new research to both non specialists and specialists in accessible language with riveting real life examples Intended as a supplement for use in any criminal justice or criminology course especially in the punishment corrections and policy areas *The Politics of Injustice* Second Edition will appeal to those who take a critical approach to crime issues [An Introduction to Political Crime](#) Jeffrey Ian Ross, 2012-04-27 In *An introduction to political crime* Jeffrey Ian Ross provides the most comprehensive and contemporary analysis of political crime addressing both violent and nonviolent crimes committed by and against the state e g political corruption illegal domestic surveillance and human rights violations in the United States Canada United Kingdom and other advanced industrialized democracies since the 1960s Written by a respected social scientist this book reviews appropriate theories of political crime and explains numerous definitional and conceptual issues causes of political crimes ways to control it and effects of different types of political crime Ross integrates new scholarship on state crime and post 9 11 developments in both scholarship and current affairs and uses numerous examples to help readers understand the issues The book is supported by a companion website containing additional materials for both students and lecturers which is available from the link above **The Perils of Federalism** Lisa Lynn Miller, 2008-09-29 In the past dozen years a number of American cities plagued by gun violence have tried to enact local laws to stem gun related crime Yet policymakers at the state and federal levels have very frequently stymied their

efforts This is not an atypical phenomenon In fact for a whole range of pressing social problems state and federal policymakers ignore the demands of local communities that suffer from such ills the most Lisa L Miller asks how does America s multi tiered political system shape crime policy in ways that empower the higher levels of government yet demobilize and disempower local communities After all crime has a disproportionate impact on poor and minority communities which typically connect crime and violence to broader social and economic inequities at the local level As *The Perils of Federalism* powerfully demonstrates though the real control to set policy lies with the state and federal governments and at these levels single issue advocates gun rights groups as well as prison prosecutorial and law enforcement agencies are able to shape policy over the heads of the people most affected by the issue There is a tragic irony in this The conventional wisdom that emerged from the Civil Rights era was that the higher levels of government and the federal level in particular best served the disadvantaged while localities were most likely to ignore the social problems resulting from racial and economic inequality Crime policy Miller argues teaches us an opposite lesson as policy control migrates to higher levels the priorities of low income minority communities are ignored the realities of racial and economic inequality are marginalized and citizens lose their voices Taking readers from the streets of Philadelphia to the halls of Congress she details how and why our system operates in the way that it does Ultimately the book not only challenges what we think about the advantages of relying of federal power for sensible and fair solutions to longstanding social problems It also highlights the deep disconnect between the structure of the American political system and the ideals of democratic accountability

The Dynamics of Political Crime Jeffrey Ian Ross,2003 In the Dynamics of Political Crime Jerrfrey Ian Ross provides the most comprehensive and contemporary discussion of the phenomenon of political crime crimes committed both by and against the state in the United States Canada and the United Kingdom during the past three decades Written by a recognized critical criminologist this volume develops a new theory of political crime and thoroughly reviews definitional and conceptual issues and effects of different types of political crime Ross discusses both violent and nonviolent oppositional crimes as well as state crimes such as political corruption illegal domestic surveillance and human rights violations

The Politics of Crime Control Professor Kevin Martin Stenson,David Cowell,1991-10-23 What is meant by crime crime prevention and crime control Who defines the acts which are deemed as criminal Who devises the sanctions and who acts as agents of social control This timely and challenging book brings together a group of leading international criminologists from all sides of the political spectrum They first examine the formation and implementation of official crime prevention and control policies In the second part they look at a range of critical perspectives which explore the definition of crime and discuss proposals for its prevention and control

An Introduction to Political Crime Jeffrey Ian Ross,2012 An introduction to political crime provides a comprehensive and contemporary analysis of political crime including both violent and nonviolent crimes committed by and against the state in the United States Canada United Kingdom and other advanced industrialized democracies since the 1960s Crime,

Security and Global Politics Anja P. Jakobi, 2020-03-04 This engaging new textbook presents a comprehensive nuanced and multidimensional perspective on global crime and its governance As global criminal activity becomes increasingly sophisticated and elusive so the means to counter it must adapt Every day our news media is dominated by incidents that span countries and continents often presented as an all encompassing threat orchestrated by societal outsiders If not in the news global crime is sensationalised in our film and television industry and it can be difficult to gain a true understanding of what global crime is and how it is combated Featuring the latest research and informed by a wide range of theoretical perspectives this text masterfully makes sense of a range of issues from global environmental crime and human trafficking to the global trade in drugs and cybercrime This pathbreaking text analyses why global crime is important the obstacles faced in countering it and accounts for the difficulties in securing cooperation across states Comprehensive and accessible this authoritative textbook is the perfect companion for students and scholars who are interested in the still evolving issue of international relations and global politics

Criminology and Democratic Politics Tom Daems, Stefaan Pleysier, 2020-12-30 Criminology and Democratic Politics brings together a range of international leading experts to consider the relationship between criminology and democratic politics How does criminology relate to democratic politics What has been the impact of criminology on crime and justice How can we make sense of the uses non uses and abuses of criminology Such questions are far from new but in recent times they have moved to the centre of debate in criminology in different parts of the world The chapters in Criminology and Democratic Politics aim to contribute to this global debate Chapters cover a range of themes such as punishment knowledge and penal politics crime fear and the media democratic politics and the uses of criminological knowledge and the public role of criminology An accessible and compelling read this book will appeal to students and scholars of criminology sociology and politics and all those interested in how criminology relates to democratic politics in modern times

Political Crime Louis Proal, Franklin Giddings, 2017-01-12 The theme of M Proal s interesting and valuable book is that politics cannot be divorced from morality Science without conscience Rabelais has said is the ruin of the soul and M Proal endeavors to enforce the maxim that politics divorced from morality is the ruin of society In the opening chapter of his volume M Proal points out that immoral political maxims date much farther back than the times of Machiavelli The doctrine of two moralities one for public and another for private affairs is a doctrine which has come down to the modern world from Greek and Roman times All that Machiavelli did was to state this theory and to show how craft and treachery might be utilized to acquire and retain political authority Reasons of state is the modern form which this ancient maxim has assumed Injustice is defended on the ground that in the particular circumstances the welfare of the state demanded it Politicians are accustomed to use this expression as a cloak for every iniquity Cicero says it is by absolute justice and justice alone that it is possible to govern states A Nemesis overtakes nations which allow themselves to be governed by reasons of state It is a policy which on purely utilitarian grounds does not pay in the end Many instances of the truth of this will be found in M Proal

s pages M Proal very truly points out that the moral standard of political rulers is determined by public opinion It therefore rests with the public to purify the political atmosphere where it has become polluted by refusing to support unscrupulous candidates for power and unscrupulous methods of political action But in order to do this effectively the public themselves must be permeated and animated by genuine and deep moral principles At the present moment the clash of national interests and of class interests is in many ways a menace to civilization The only manner in which these conflicting interests can ultimately be reconciled and harmonized is by bringing the combatants together on the common meeting ground of justice All other methods are more or less Machiavellian in character and can only terminate in confusion and strife W D Morrison International Journal of Ethics Vol 9 No 1 pp 109 111

Politics And Crime Introduction

In today's digital age, the availability of Politics And Crime books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Politics And Crime books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Politics And Crime books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Politics And Crime versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Politics And Crime books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Politics And Crime books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Politics And Crime books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of

America, which provides a vast collection of digitized books and historical documents. In conclusion, Politics And Crime books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Politics And Crime books and manuals for download and embark on your journey of knowledge?

FAQs About Politics And Crime Books

1. Where can I buy Politics And Crime books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Politics And Crime book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
4. How do I take care of Politics And Crime books? Storage: Keep them away from direct sunlight and in a dry environment. Handling: Avoid folding pages, use bookmarks, and handle them with clean hands. Cleaning: Gently dust the covers and pages occasionally.
5. Can I borrow books without buying them? Public Libraries: Local libraries offer a wide range of books for borrowing. Book Swaps: Community book exchanges or online platforms where people exchange books.
6. How can I track my reading progress or manage my book collection? Book Tracking Apps: Goodreads, LibraryThing, and Book Catalogue are popular apps for tracking your reading progress and managing book collections. Spreadsheets: You can create your own spreadsheet to track books read, ratings, and other details.
7. What are Politics And Crime audiobooks, and where can I find them? Audiobooks: Audio recordings of books, perfect for listening while commuting or multitasking. Platforms: Audible, LibriVox, and Google Play Books offer a wide

selection of audiobooks.

8. How do I support authors or the book industry? Buy Books: Purchase books from authors or independent bookstores. Reviews: Leave reviews on platforms like Goodreads or Amazon. Promotion: Share your favorite books on social media or recommend them to friends.
9. Are there book clubs or reading communities I can join? Local Clubs: Check for local book clubs in libraries or community centers. Online Communities: Platforms like Goodreads have virtual book clubs and discussion groups.
10. Can I read Politics And Crime books for free? Public Domain Books: Many classic books are available for free as they're in the public domain. Free E-books: Some websites offer free e-books legally, like Project Gutenberg or Open Library.
