Jan N. Bremmer

Polytheism And Society At Athens:

Polytheism and Society at Athens Robert Parker, 2005-11-24 The first attempt that has ever been made to give a comprehensive account of the religious life of ancient Athens

Polytheism and Society at Athens Robert Parker, 2005-11-24 This book is the first attempt that has ever been made to give a comprehensive account of the religious life of ancient Athens The city's many festivals are discussed in detail with attention to recent anthropological theory so too for instance are the cults of households and of smaller groups the role of religious practice and argumentation in public life the authority of priests the activities of religious professionals such as seers and priestesses magic the place of theatrical representations of the gods within public attitudes to the divine A long final section considers the sphere of activity of the various gods and takes Athens as a uniquely detailed test case for the structuralist approach to polytheism The work is a synchronic thematically organized complement though designed to be read independently to the same author's *Athenian Religion A History* Oxford 1996

Polytheism and Society at Athens Robert Parker, 2005

Greek Religion and Culture, the Bible, and the Ancient Near East Jan N. Bremmer, 2008 This book greatly enhances our knowledge of the interrelationship of Greek religion culture and the Ancient Near East by offering important analyses of Greek myths divinities and terms like a magical TM and paradise but also of the Greek contribution to the Christian notion of atonement

Sport in the Cultures of the Ancient World Zinon Papakonstantinou, 2013-09-13 Sport has been practised in the Greco Roman world at least since the second millennium BC It was socially integrated and was practised in the context of ceremonial performances physical education and established local and international competitions including most famously the Olympic Games In recent years the continuous re assessment of old and new evidence in conjunction with the development of new methodological perspectives have created the need for a fresh examination of central aspects of ancient sport in a single volume This book fills that gap in ancient sport scholarship When did the ancient Olympics begin How is sport depicted in the work of the fifth century historian Herodotus What was the association between sport and war in fifth and fourth century BC Athens What were the social and political implications of the practice of Greek style sport in third century BC Ptolemaic Egypt How were Roman gladiatorial shows perceived and transformed in the Greek speaking east And what were the conditions of sport participation by boys and girls in ancient Rome These are some of the questions that this book written by an international cast of distinguished scholars on ancient sport attempts to answer Covering a wide chronological and geographical scope ancient Mediterranean from the early first millennium BC to fourth century AD individual articles re examine old and new evidence and offer stimulating original interpretations of key aspects of ancient sport in its political military cultural social ceremonial and ideological setting This book was previously published as a special issue of the *International Journal of the History of Sport*

Understanding Greek Religion Jennifer Larson, 2016-03-10 *Understanding Greek Religion* is one of the first attempts to fully examine any religion from a cognitivist perspective applying methods and findings from the

cognitive science of religion to the ancient Greek world In this book Jennifer Larson shows that many of the fundamentals of Greek religion such as anthropomorphic gods divinatory procedures purity beliefs reciprocity and sympathetic magic arise naturally as by products of normal human cognition Drawing on evidence from across the ancient Greek world Larson provides detailed coverage of Greek theology and local pantheons rituals including processions animal sacrifice and choral dance and afterlife beliefs as they were expressed through hero worship and mystery cults Eighteen in depth essays illustrate the theoretical discussion with primary sources and include case studies of key cult inscriptions from Kyrene Kos and Miletos This volume features maps tables and over twenty images to support and expand on the text and will provide conceptual tools for understanding the actions and beliefs that constitute a religion Additionally Larson offers the first detailed discussion of cognition and memory in the transmission of Greek religious beliefs and rituals as well as a glossary of terms and a bibliographical essay on the cognitive science of religion Understanding Greek Religion is an essential resource for both undergraduate and postgraduate students of Greek culture and ancient Mediterranean religions

Beyond Mysteries: the Local World of Ancient Eleusis ,2025-02-27 Situated at the crossroads between Athens Boiotia Megara and Salamis Eleusis was exposed to the changing fortunes in a connected world From the Athenian perspective Eleusis marked the fringes of their territory From everybody else s point of view it was a destination or a gateway to Athens the Saronic region and the Aegean Central Greece or the Peloponnese In the midst of these itineraries the Eleusinians had their own ideas about the world writ large This volume delves into the local horizon of the site its agents and stakeholders the stories that moved them and the places where interactions took place

Animals in Ancient Greek Religion Julia Kindt,2020-07-29 This book provides the first systematic study of the role of animals in different areas of the ancient Greek religious experience including in myth and ritual the literary and the material evidence the real and the imaginary An international team of renowned contributors shows that animals had a sustained presence not only in the traditionally well researched cultural practice of blood sacrifice but across the full spectrum of ancient Greek religious beliefs and practices Animals played a role in divination epiphany ritual healing the setting up of dedications the writing of binding spells and the instigation of other magical means Taken together the individual contributions to this book illustrate that ancient Greek religion constituted a triangular symbolic system encompassing not just gods and humans but also animals as a third player and point of reference Animals in Ancient Greek Religion will be of interest to students and scholars of Greek religion Greek myth and ancient religion more broadly as well as for anyone interested in human animal relations in the ancient world

Historical and Religious Memory in the Ancient World Beate Dignas,R. R. R. Smith,2012-03-15 Historical and Religious Memory in the Ancient World examines how religious and historical memory was fashioned distorted preserved or erased in ancient societies and what wide ranging effects these actions had on the historical process The volume is interested in how memory intersects with and shapes religious traditions and cultural identities Its twelve case studies explore different aspects of the

memory layers that make up ancient history social religious cultural and looks at how these layers are represented and refracted in different contexts of the written and material remains of antiquity The process has its beginnings in the dim pasts of ancient communities and continues in the later Greek and Roman periods where our most articulate ancient evidence lies It is a process that continues in a different way in contemporary scholarship which draws on selected evidence and a variety of contrasting representations The three parts of the book vary the lens through which the impact of religious and cultural memory can be grasped Part I looks at the commemoration of religious tradition in the context of cultural interaction Greek Roman Jewish and Christian Part II focuses on how religious identities are defined and how homogenous looking cultures engage in elaborate selective dialogue with their own past In Part III contested versions of the past are interpreted in studies of Roman historiography and of religiously motivated behaviour in late antique Asia Minor This interdisciplinary book highlights and celebrates the work of Simon Price an important thinker and pioneer in this kind of wider historical research in ancient cultures and religions The Comparative Perspective Andrea Ercolani, Manuela Giordano, 2016-03-21 The book is the third and concluding part of the investigation on Submerged literature in ancient Greece and beyond The book expands the inquiry to a comparative perspective in order to test the validity and usefulness of the hermeneutical approach in other fields and cultures The comparative case studies deal with gnostic text Qumran texts the Hebrew Bible Early Christianity Cuneiform Texts Arabic Islamic literature ancient Rome Medieval China and contemporary southern Italy The volume tackles themes and questions relating to author and authorship cultural translation and transmission the interaction between orality and literacy myth and folktale A particular emphasis is given to anthropological themes and methods In this vein the book further explores dynamics of emergence and submersion in ancient Greece including cultural trends promoted respectively by Sparta and Athens The volume provides the reader with a wide range of tools and methodological suggestions to reconstruct literary phenomena and cultural processes in a given historical epoch and context as well as offering new insights for both classical and comparative studies Bringing Their Mother Home Krishni Burns, 2025 An exploration of the Magna Mater and her genderfluid cult followers in Rome **Bronze Age Eleusis and the Origins of the Eleusinian Mysteries** Michael B. Cosmopoulos, 2015-06-30 For more than one thousand years people from every corner of the Greco Roman world sought the hope for a blessed afterlife through initiation into the Mysteries of Demeter and Kore at Eleusis In antiquity itself and in our memory of antiquity the Eleusinian Mysteries stand out as the oldest and most venerable mystery cult Despite the tremendous popularity of the Eleusinian Mysteries their origins are unknown Because they are lost in an era without written records they can only be reconstructed with the help of archaeology This book provides a much needed synthesis of the archaeology of Eleusis during the Bronze Age and reconstructs the formation and early development of the Eleusinian Mysteries The discussion of the origins of the Eleusinian Mysteries is complemented with discussions of the theology of Demeter and an update on the state of research in the

archaeology of Eleusis from the Bronze Age to the end of antiquity **Textiles and Cult in the Ancient Mediterranean** Cecilie Brøns, Marie-Louise Nosch, 2017-07-31 Twenty four experts from the fields of Ancient History Semitic philology Assyriology Classical Archaeology and Classical Philology come together in this volume to explore the role of textiles in ancient religion in Greece Italy The Levant and the Near East Recent scholarship has illustrated how textiles played a large and very important role in the ancient Mediterranean sanctuaries In Greece the so called temple inventories testify to the use of textiles as votive offerings in particular to female divinities Furthermore in several cults textiles were used to dress the images of different deities Textiles played an important role in the dress of priests and priestesses who often wore specific garments designated by particular colours Clothing regulations in order to enter or participate in certain rituals from several Greek sanctuaries also testify to the importance of dress of ordinary visitors Textiles were used for the furnishings of the temples for example in the form of curtains draperies wall hangings sun shields and carpets This illustrates how the sanctuaries were potential major consumers of textiles nevertheless this particular topic has so far not received much attention in modern scholarship Furthermore our knowledge of where the textiles consumed in the sanctuaries came from where they were produced and by who is extremely limited Textiles and Cult in the Ancient Mediterranean examines the topics of textile production in sanctuaries the use of textiles as votive offerings and ritual dress using epigraphy literary sources iconography and the archaeological material itself **Culture of The Sacred Space** Olimpia Niglio, 2024-12-03 This book highlights the relationship between sacred architecture and tourism specifically focusing on the role of interior design strategies It explores how the interior design of sacred spaces can influence the tourist experience and shape their perception of these places The book touches upon elements such as spatial organization symbolism material selection lighting and acoustics all of which contribute to creating a meaningful and immersive environment for visitors It explores the architectural design ideological motivations and the historical context surrounding the palace s construction The book also addresses the eventual abandonment of the project and its transformation of their uses reflecting on the complexities of realizing utopian visions in architecture It examines how the sanctuary s architectural design and spatial arrangement interact with the surrounding landscape including elements such as topography vegetation and water features Moreover it focuses on the interior design and explores the symbolism spatial organization artistic elements and spiritual experiences associated with the dome interiors of these structures The book showcases the historical context cultural influences and the evolution of design principles that shaped these remarkable spaces Also this book investigates the transition of visionary architectural drawings from the realm of professional architects Furthermore it explores how architectural drawings serve as a medium for expressing imaginative and utopian ideas and how this transition occurs in the context of architectural education **Gods of Ancient Greece** Jan N. Bremmer, 2010-07-30 This collection offers a fresh look at the nature and development of the Greek gods in the period from Homer until Late Antiquity The Greek gods are still very much present in

modern consciousness Although Apollo and Dionysos Artemis and Aphrodite Zeus and Hermes are household names it is much less clear what these divinities meant and stood for in ancient Greece In fact they have been very much neglected in modern scholarship Bremmer and Erskine bring together a team of international scholars with the aim of remedying this situation and generating new approaches to the nature and development of the Greek gods in the period from Homer until Late Antiquity The Gods of Ancient Greece looks at individual gods but also asks to what extent cult myth and literary genre determine the nature of a divinity and presents a synchronic and diachronic view of the gods as they functioned in Greek culture until the triumph of Christianity

Case Studies Giulio Colesanti, Laura Lulli, 2016-03-07 The book is the second volume of a series of studies dealing with the Submerged literature in ancient Greek culture s vol 1 G Colesanti M Giordano eds Submerged Literature in Ancient Greek Culture An Introduction Berlin Boston de Gruyter 2014 It is a peculiar starting point of the research in the field of Greek culture since it casts a light on many case studies so far not yet analyzed as literary products subjected to the process of submersion e g oracles philosophy phylax play epigrams Aesopic fables periplus sacred texts mysteries medical treatises dance music Therefore the book investigates the complex and manifold dynamics of emergence and submersion in ancient Greek literary culture dealing especially with matters as the interaction between orality and literacy the authorship the cultural transmission the folklore Moreover the book offers the reader new stimulating approaches in order to reconstruct the wide frame which contained the overall cultural processes including the literary products subjected to the submersion in a chronological span going from Greek archaic age to the Imperial age

Brill's Companion to Aphrodite Amy C. Smith, Sadie Pickup, 2010-03-25 Brill's Companion to Aphrodite brings together an international and multidisciplinary team of experts in the study of Aphrodite one of the best known yet ambiguous and complex Graeco Roman deities The contributions which reevaluate conventional approaches to this remarkable goddess are thematically grouped in four parts according to aspects of the goddess Aphrodite s Identity Aphrodite s Companions and Relations The Spread of Aphrodite s Cults and The Reception of the Goddess Each part draws on literary and visual sources incorporates Greek Roman and later material and ranges across places and periods from prehistoric Cyprus and the Near East to the antiquities market in 19th century France This book therefore crosses interdisciplinary boundaries as well as the multiple aspects and characteristics of the goddess

Aristophanes and Politics Ralph M. Rosen, Helene P. Foley, 2020-04-14 The essays in this volume explore the many aspects of the political in the plays of Greek comic dramatist Aristophanes 5th century BCE posing a variety of questions and approaching them through diverse methodological lenses They demonstrate that politics as reflected in Aristophanes plays remains a fertile and even urgent area of inquiry as political developments in our own time distinctly color the ways in which we articulate questions about classical Athens As this volume shows the earlier scholarship on politics in or and Aristophanes which tended to focus on determining Aristophanes actual political views has by now given way to approaches far more sensitive to how comic literary texts work and more attentive to the

complexities of Athenian political structures and social dynamics All the studies in this volume grapple to varying degrees with such methodological tensions and show that the richer and more diverse our political readings of Aristophanes can become the less stable and consistent as befits a comic work they appear to be Empires of Faith in Late Antiquity Jas Elsner, 2020-03-19 Explores the problems for studying art and religion in Eurasia arising from ancestral colonial and post colonial biases in historiography **Children in the Hellenistic World** Olympia Bobou, 2015 Bobou offers a systematic analysis of ancient Greek statues of children from the sanctuaries houses and necropoleis of the Hellenistic world in order to understand their function and meaning Looking at the literary and epigraphical evidence she argues that these statues were important for transmitting civic values to future citizens
