Radical Artisan William James Linton 1812-97:

Radical Artisan, William James Linton, 1812-97 Francis Barrymore Smith, 1973 *Radicals, Secularists, and Republicans* Edward Royle, 1980 **The Life of George Eliot** Nancy Henry, 2014-09-15 The life story of the Victorian novelist George Eliot is as dramatic and complex as her best plots This new assessment of her life and work combines recent biographical research with penetrating literary criticism resulting in revealing new interpretations of her literary work A fresh look at George Eliot's captivating life story Includes original new analysis of her writing Deploys the latest biographical research Combines literary criticism with biographical narrative to offer a rounded perspective **Art and Work** Angela E. Davis, 1995 It is also a history of a type of work that was new during this period The mechanized reproduction of art works in the nineteenth century meant that artists found themselves within an industrial atmosphere similar to that of other workers This history traces the beginning of that process in England follows its transference to Canada and demonstrates how illustrators engravers photo engravers and lithographers became part of an increasingly commercially oriented industry It was an industry of major importance in the fields of printing and new forms of advertising but it was also an industry that led to a change in status for the members of its work force who considered themselves to be artists **The Radical and Socialist Tradition in British Planning** Duncan Bowie, 2018-03-12 Focusing on the key period between the late 18th century and 1914 this book provides the first comprehensive narrative account of radical and socialist texts and organised movements for reform to land planning and housing policies in Britain Beginning with the early colonial settlements in the puritan and enlightenment eras it also covers Benthamite utilitarian planning Owenite and utopian communitarianism the Chartists late Chartists and the First International Christian socialists and positivists working class and radical land reform campaigns in the late 19th century Garden City pioneers and the institutionalisation of the planning profession The book in effect presents a prehistory of land planning and housing reform in the UK in contrast with most historiography which focuses on the immediate pre World War I period Providing an analysis of different intellectual traditions and contrasting middle class led reform initiatives with those based on working class organisations the book seeks to relate historical debates to contemporary themes including utopianism and pragmatism the role of the state the balance between local initiatives and centrally driven reforms and the interdependence of land housing and planning **The Lure of Illustration in the Nineteenth Century** L. Brake, M. Demoor, 2009-01-15 This volume tackles the subject of illustration technically metaphorically and historically in nineteenth century periodicals displaying the ubiquity of the visual in the press the articles cover material illustration graphics and design and metaphorical use of images in the letterpress offering specific examples and theoretical approaches **Prairie Metropolis** Esyllt W. Jones, Gerald Friesen, 2009-09-15 At the turn of the twentieth century Winnipeg was the fastest growing city in North America But its days as a diverse and culturally rich metropolis did not end when the boom collapsed *Prairie Metropolis* brings together some of the best new graduate research on the history

of Winnipeg and makes a groundbreaking contribution to the history of the city between 1900 and the 1980s The essays in this collection explore the development of social institutions such as the city's police force juvenile court health care institutions volunteer organizations and cultural centres They offer critical analyses on ethnic gender and class inequality and conflict while placing Winnipeg's experiences in national and international contexts

Beyond the Lines Joshua Brown, 2023-04-28 In this wonderfully illustrated book Joshua Brown shows that the wood engravings in the illustrated newspapers of Gilded Age America were more than a quaint predecessor to our own sophisticated media As he tells the history and traces the influence of Frank Leslie's Illustrated Newspaper with relevant asides to Harper's Weekly the New York Daily Graphic and others Brown recaptures the complexity and richness of pictorial reporting He finds these images to be significant barometers for gauging how the general public perceived pivotal events and crises the Civil War Reconstruction important labor battles and more This book is the best available source on the pictorial riches of Frank Leslie's newspaper and the only study to situate these images fully within the social context of Gilded Age America **Beyond the Lines** illuminates the role of illustration in nineteenth century America and gives us a new look at how the social milieu shaped the practice of illustrated journalism and was in turn shaped by it In this wonderfully illustrated book Joshua Brown shows that the wood engravings in the illustrated newspapers of Gilded Age America were more than a quaint predecessor to our own sophisticated media As he tells the history and traces the influence of DIV

The Dawn of the Cheap Press in Victorian Britain Martin Hewitt, 2013-12-05 The Dawn of the Cheap Press provides the first detailed study of the mid Victorian campaign for the repeal of the taxes on knowledge for over a hundred years Using the recently discovered papers of the Association for the Promotion of the Repeal of the Taxes on Knowledge and taking advantage of new forms of research made possible by the digitisation of nineteenth century newspapers it assesses the impact of the removal of the last surviving legal disabilities on the newspaper industry the nature of journalism and the cultures and practices of newspaper reading The book demonstrates that the campaign against the taxes on knowledge retained broad popular appeal and played an important role in the politics of mid Victorian budgets It not only makes a seminal contribution to the history of the nineteenth century press and print culture but also illuminates the culture and politics of mid Victorian Britain offers an important re-reading of the history of extra-parliamentary pressure group politics and provides new insights into the origins of Gladstonian Liberalism

The Hidden Text of Mill's Liberty Stewart Justman, 1991 This reinterpretation of John Stuart Mill's On Liberty aims to provide a close study of the essay The author examines the uses Mill makes of the republican tradition that give this classic essay its power and depth Justman also includes an examination of the essay's euphemisms suppressions asides and allusions which figure prominently in his analysis of the work He argues that Mill's essay is an unsuccessful attempt to reduce the republican tradition to the single principle of non-interference

Internationalism in the labour movement Frits van Holthoon, Marcel van der Linden, 1988 *Bread, Knowledge and Freedom* David

Vincent,2023-09-29 First published in 1981 Bread Knowledge and Freedom is a study of 142 working class autobiographies all of which cover some part of the period between 1790 and 1850 It is a full scale examination of a form of source material that is significantly extensive The book illustrates many aspects of ordinary working class family life as well as the working class pursuit of knowledge and literacy and the attempts of the middle class educators to impose their notion of useful knowledge Dr Vincent concludes with an assessment of the contribution of autobiography to nineteenth century working class history This book will be of interest to students of history sociology and literature Working Class Radicalism in

Mid-Victorian England Trygve Tholfsen,2020-03-09 Originally published in 1976 Working Class Radicalism in Mid Victorian England examines working class radicalism in the mid Victorian period and suggests that after the fading of Chartist militancy the radical tradition was preserved in a working class subculture that enabled working men to resist the full consolidation of middle class hegemony The book traces the growth of working class radicalism as it developed dialectically in confrontation with middle class liberal ideology in the generation after Waterloo Intellectual forces were of central importance in shaping the character of the working class Left and the Enlightenment in particular as the chief source of ideological weapons that were turned against the established order The Enlightenment also provided the intellectual foundations of the middle class ideology that was directed against the incipient threat of popular radicalism The book notes that the same intellectual forces that entered into the first half of the nineteenth century also shaped the value system that provided the foundations of mid Victorian urban culture These forces also contributed to the rapprochement between working class liberalism bringing latent affinities to the surface It is also emphasised however that inherited ideas and traditions exercised their influence in interaction with the structure of power and status **The British Peace Movement**

1870-1914 Paul Laity,2002-01-03 This is the first detailed scholarly study of the late Victorian and Edwardian peace movement the campaigns of which made a significant impact on political debate especially during the Franco Prussian War 1870 1 the Bulgarian Atrocities campaign 1876 8 Britain s conflict in Egypt 1882 the South African War 1899 1902 and the intensifying international crisis before 1914 The movement s activists included Richard Cobden Herbert Spencer Keir Hardie J A Hobson and Norman Angell Among the first to benefit from the opening of the Peace Society Archive the book focuses on the specialized associations at the heart of the peace movement Paul Laity identifies the existence of different programmes for the achievement of a just permanent peace and offers a new interpretation of the reaction of peace campaigners to war in 1914 At the same time his book makes an important and original contribution to the history of popular politics and political ideas in Britain **Charles Knight** Valerie Gray,2017-11-30 Charles Knight Educator Publisher Writer is the first modern book length study of this important nineteenth century educational reformer author and publisher Though he made significant contributions during his lifetime to the cause of popular education providing inexpensive but quality reading material for the newly literate working classes Knight has been largely ignored by scholars This neglect the author suggests

may be related to Knight's association with the controversial Society for the Diffusion of Useful Knowledge and to the use scholars make of Knight's Penny Magazine and his two volumes on political economy to support their arguments on theories of social control and other issues. The author argues that Knight's reputation has suffered as a result. She reexamines the evidence to offer fresh assessments of Knight's life and work that illuminate his genuine achievements. She concludes with an evaluation of Knight's role as an innovative publisher who used the latest techniques to provide the emerging mass readership with unique combinations of text and image in his many pictorial books and periodicals.

[Living in sin](#) Ginger Frost, 2013-07-19 *Living in sin* is the first book length study of cohabitation in nineteenth century England based on research into the lives of hundreds of couples. Common law marriages did not have any legal basis so the Victorian courts had to wrestle with unions that resembled marriage in every way yet did not meet its most basic requirements. The majority of those who lived in irregular unions did so because they could not marry legally. Others chose not to marry from indifference from class differences or because they dissented from marriage for philosophical reasons. This book looks at each motivation in turn highlighting class, gender and generational differences as well as the reactions of wider kin and community. Frost shows how these couples slowly widened the definition of legal marriage preparing the way for the more substantial changes of the twentieth century making this a valuable resource for all those interested in Gender and Social History.

[The wood engravers' self-portrait](#) Bethan Stevens, 2022-06-14 *The wood engravers self portrait* tells the story of the image making firm Dalziel Brothers investigating and interpreting a unique archive from the British Museum. The study takes a creative critical approach to illustration alongside detailed investigation of print techniques and history. Five siblings ran the wood engraving firm Dalziel Brothers. George, Edward, Margaret, John and Thomas Dalziel prospered through five decades of work. Dalziel became the major capitalist image makers of Victorian Britain. This book based on AHRC funded research outlines the achievements of these remarkable siblings and uncovers the histories of some of the 36 unknown artisan employees that worked alongside them. Dalziel Brothers made works of global importance: illustrations to Lewis Carroll's Alice books, novels by Charles Dickens and landmark Pre-Raphaelite prints as well as other brilliant works that are published here for the first time since their initial creation.

The Year That Shaped the Victorian Age Michael Wheeler, 2022-12-22 What was special about 1845 and why does it deserve particular scrutiny? In his much anticipated new book, one of the leading authorities on the Victorian age argues that this was the critical year in a decade which witnessed revolution on continental Europe, the threat of mass insurrection at home and radical developments in railway transport, communications, religion, literature and the arts. The effects of the new Poor Law now became visible in the workhouses; a potato blight started in Ireland heralding the Great Famine and the Church of England was rocked to its foundations by John Henry Newman's conversion to Roman Catholicism. What Victorian England became was moulded, says Michael Wheeler, in the crucible of 1845. Exploring pivotal correspondence together with pamphlets, articles and cartoons, the author tells the riveting story of a

seismic epoch through the lives loves and letters of leading contemporaneous figures Dictionary of Nineteenth-century Journalism in Great Britain and Ireland Laurel Brake, Marysa Demoor, 2009 A large scale reference work covering the journalism industry in 19th Century Britain **The Industrial Muse** Martha Vicinus, 2024-07-31 First published in 1974 The Industrial Muse is a study of the literary achievements of the working class The focus is upon the cultural environment and assumptions of self educated writers their literary preoccupations and careers and the content form and structure of their writings This literature must first be considered from the perspective of the working people who read and wrote it for it functioned in their lives in a number of important ways Its character was due in large part to the conscious efforts of educated workers who wish to gain cultural recognition along with social and economic justice It helped to shape individual and class consciousness by giving order to working men s lives and clarifying their relationship with those who held cultural and political power This literature asserted the autonomy of the working class but did not posit a new worldview lest the gains of class solidarity be lost irretrievably This is an interesting read for scholars and researchers of working class literature english literature and working class history
