Education in the New China Yvonne Turner,Amy Acker,2017-07-05 The effects of the de regulation of the Chinese university system have been nothing short of spectacular For the first time since 1949 students possessing neither gifted intellect nor political connections have been able to share in the benefits of higher education while a flood of international educators have opened up a previously cloistered and politically sensitized academic world This fascinating book examines China's higher education system and how it's new and unique blend of foreign and Chinese perspectives impact on both the lives of students and academics and wider Chinese society Viewed with suspicion as a new type of Chinese by the older generation and by the government they are at the same time the very entrepreneurs driving the economic and social revolution sweeping the country Using a range of in depth interviews and unique research it provides open and often frank accounts of life work and education in China from the Cultural Revolution to the creation of its market focused entrepreneurial generation Candid and illuminating this is a book no serious reader of Asian studies comparative education or Asian sociology will want to be without

Patriots or Traitors Stacey Bieler,2014-12-18 This title explores the love hate relationship between the USA and China through the experience of Chinese students caught between the two countries The book sheds light on China's ambivalence towards the Western influence and the use of educational and cultural exchanges as a political device

Transnational Education between The League of Nations and China Kaiyi Li,2021-10-14 This volume examines transnational educational transfer between China and the League of Nations during the interwar period By analysing the educational activities of the League of Nations with China the book enriches the study of the history of the League of Nations by turning the focus to affairs that exceed the scope of traditional international relation and focusing on ways in which international organizations engaged in international educational endeavors Adopting a transnational perspective the book moves beyond conventional national centered historiography thus contributing to the understanding of how educational ideas media and policies circulate between different nations

The Oxford Handbook of

the History of Education John L. Rury, Eileen H. Tamura, 2019-06-17 This handbook offers a global view of the historical development of educational institutions systems of schooling ideas about education and educational experiences Its 36 chapters consider changing scholarship in the field examine nationally oriented works by comparing themes and approaches lend international perspective on a range of issues in education and provide suggestions for further research and analysis Like many other subfields of historical analysis the history of education has been deeply affected by global processes of social and political change especially since the 1960s The handbook weighs the influence of various interpretive perspectives including revisionist viewpoints taking particular note of changes in the past half century Contributors consider how schooling and other educational experiences have been shaped by the larger social and political context and how these influences have affected the experiences of students their families and the educators who have worked with them The Handbook provides insight and perspective on a wide range of topics including pre modern education colonialism and anti colonial struggles indigenous education minority issues in education comparative international and transnational education childhood education non formal and informal education and a range of other issues Each contribution includes endnotes and a bibliography for readers interested in further study

Siting Postcoloniality Pheng Cheah, Caroline S. Hau, 2022-11-14 The contributors to *Siting Postcoloniality* reevaluate the notion of the postcolonial by focusing on the Sinosphere the region of East and Southeast Asia that has been significantly shaped by relations with China throughout history Pointing out that the history of imperialism in China and Southeast Asia is longer and more complex than Euro American imperialism the contributors complicate the traditional postcolonial binaries of center periphery colonizer colonized and developed developing Among other topics they examine socialist China s attempts to break with Soviet cultural hegemony the postcoloniality of Taiwan as it negotiates the legacy of Japanese colonial rule Southeast Asian and South Asian diasporic experiences of colonialism and Hong Kong s complex colonial experiences under the British the Japanese and mainland China The contributors show how postcolonial theory s central concepts cannot adequately explain colonialism in the Sinosphere Challenging fundamental axioms of postcolonial studies this volume forcefully suggests that postcolonial theory needs to be rethought Contributors Pheng Cheah Dai Jinhua Caroline S Hau Elaine Yee Lin Ho Wendy Larson Liao Ping hui Lin Pei yin Lo Kwai Cheung Lui Tai lok Pang Laikwan Lisa Rofel David Der wei Wang Erebus Wong Robert J C Young

Language, Culture, and Identity among Minority Students in China Yuxiang Wang, 2013-03-05 This book explores Hui one of the Muslim minority groups in China students lived experiences in an elementary school in central P R China from the perspectives of philosophical foundations of education and the sociology of education the impact of their experiences on their identity construction and what schooling means to Hui students The book describes a vivid picture of how the Hui construct their own identities in the public school setting and how the state curricula teachers and parents play roles in student identity construction The objectives of the book are to discover factors that impact Hui students identity construction and

have caused Hui students to know little about their own culture and language and to explore what should be done to help teachers administrators and policy makers appreciate minority culture and include minority culture and knowledge in school curriculum in order to meet the needs of Hui students The book provides historical policy and curricular contexts for readers to understand Hui students experiences in central China and discusses the cultural differences between Han and Hui from a philosophical level The book uses postcolonial theory to critique the assimilative nature of school education the construction of Hui students identity from Han ideology and the cultural hegemony of the mainstream Han group It also discusses curriculum reconceptualization both in China and globally and the possibility of multicultural education in China

Educating the Chinese Individual Mette Halskov Hansen,2015-01-01 In twenty first century China socialist educational traditions have given way to practices that increasingly emphasize the individual This volume investigates that trend drawing on Hansen s fieldwork in a rural high school in Zhejiang where students teachers and officials of different generations genders and social backgrounds form what is essentially a miniature version of Chinese society Hansen paints a complex picture of the emerging neosocialist educational system and shows how individualization of students both challenges and reinforces state control of society

New Feminism in China Jiaran Zheng,2016-03-25 This book is based on rich empirical data and findings concerning the lives perceptions and ambitions of young middle class female graduates thus providing essential insights into the lives and viewpoints of a previously unresearched group in China from a feminist scholarly perspective The study shows how the lives of young women and debates over youthful femininity lie at the very heart of modern Chinese history and society With a central focus on women s issues the book s ultimate goal is to enable Western readers to better understand the changing ideologies and the overall social domain of China under the leadership of President Xi The empirical data presented includes interviews and group discussions as well as illustrations tables and images collected during a prolonged period of fieldwork The insights shared here will facilitate cross cultural communication with both Western feminist academics and readers who are sensitive to different cultures

The Harvard-Yenching Institute and Cultural Engineering Shuhua Fan,2014-08-21 Through an empirical multi archival study of a transnational foundation the Harvard Yenching Institute HYI from the 1920s to the early 1950s this book presents the story of transplanting Western American humanities scholarship into Asia China and addresses central questions in U S China relations This book focuses on the HYI s programs in teaching research and publication of Chinese humanities within China to the early 1950s and to a lesser extent its activities at Harvard that had close ties with its China side Through the HYI story the author examines in depth the cooperation tensions adaptation and integration in the operation management and governance of the HYI s programs on both sides of the Pacific and the complex multi layered interactions between American educators and their Chinese partners treating each side sympathetically but without losing sight of the big picture As the first comprehensive study on the subject the book adopts a concept of cultural engineering which is defined as a conscious design to use cultural

heritage to recreate culture in order to promote a society's development to look at key issues in a way which accounts for interactions and initiatives on both sides and shows the difficult path toward developing common interests without neglecting tensions and conflicts thus going beyond the various one-sided historiographies which pit Chinese against Americans or nativist rejection of modernity against cultural imperialism The HYI experience in China from the 1920s to the early 1950s resonates down to the present day in American relations with the world The United States faces many similar challenges in the Middle East Asia Africa and Latin America today as in revolutionary China of the 1920s to 1950s Therefore this study offers a window onto many issues relating to cross-cultural interactions today especially between the United States and non-Western nations
