## **Radio In The Global Age:**

**Radio in the Global Age** David Hendy, 2013-04-24 Radio in the Global Age offers a fresh up to date and wide ranging introduction to the role of radio in contemporary society It places radio for the first time in a global context and pays special attention to the impact of the Internet digitalization and globalization on the political economy of radio It also provides a new emphasis on the links between music and radio the impact of formatting and the broader cultural roles the medium plays in constructing identities and nurturing musical tastes Individual chapters explore the changing structures of the radio industry the way programmes are produced the act of listening and the construction of audiences the different meanings attached to programmes and the cultural impact of radio across the globe David Hendy portrays a medium of extraordinary contradictions a cheap and accessible means of communication but also one increasingly dominated by rigid formats and multinational companies a highly intimate medium but one capable of building large communities of listeners scattered across huge spaces a force for nourishing regional identity but also a pervasive broadcaster of globalized music products a stimulus to the imagination but a purveyor of the banal and of the routine Drawing on recent research from as far afield as Africa Australasia and Latin America as well as from the UK and US the book aims to explore and to explain these paradoxes and in the process to offer an imaginative reworking of Marshall McLuhan's famous dictum that radio is one of the world's hot media Radio in the Global Age is an invaluable text for undergraduates and researchers in media studies communication studies journalism cultural studies and musicology It will also be of interest to practitioners and policy makers in the radio industry

The Music Documentary Benjamin Halligan, Robert Edgar, Kirsty Fairclough-Isaacs, 2013-06-26. The Music Documentary offers a wide range of approaches across key moments in the history of popular music in order to define and interrogate this prominent genre of film making. The writers in this volume argue persuasively that the music documentary must be considered as an essential cultural artefact in documenting stars and icons and musicians and their times particularly for those figures whose fame was achieved posthumously. In this collection of fifteen essays the reader will find comprehensive discussions of the history of music documentaries insights in their production and promotion close studies of documentaries relating to favourite bands or performers and approaches to questions of music documentary and form from the celluloid to the digital age.

**Radio's Legacy in Popular Culture** Martin Cooper, 2022-01-27. Examining work by novelists filmmakers TV producers and songwriters this book uncovers the manner in which the radio and the act of listening has been written about for the past 100 years. Ever since the first public wireless broadcasts people have been writing about the radio often negatively sometimes full of praise but always with an eye and an ear to explain and offer an opinion about what they think they have heard. Novelists including Graham Greene Agatha Christie Evelyn Waugh and James Joyce wrote about characters listening to this new medium with mixtures of delight frustration and despair. Clint Eastwood frightened moviegoers half to death in *Play Misty for Me* but Lou Reed's *Rock* the act of listening as a cultural expression focusing on fiction films and songs about radio. Martin Cooper a broadcaster and academic uses these movies TV shows songs novels and more to tell a story of listening to the radio as created by these contemporary writers filmmakers and musicians.

**The Routledge Companion to Religion and Popular Culture** John C. Lyden, Eric Michael Mazur, 2015-03-27. Religion and popular culture is a fast growing field that spans a variety of disciplines. This volume offers the first real survey of the field to

*Broadcasting in the 21st Century* Richard Rudin, 2017-09-16 The 21st century is already seeing fundamental changes in broadcasting No longer are audiences limited to watching or listening to television and radio at the times and places dictated by the broadcasters or on radio or TV sets Broadcasting in the 21st Century demonstrates how traditional television and radio is being both challenged and supported by technological developments including convergence and social media Drawing on interviews with industry personnel and featuring case studies and research from many countries including that from the UK USA China India and South Africa Richard Rudin explains not only the significance of these changes but also how many of the functions and pleasures of broadcasting that were established in the 20th century are being enhanced by new media Opening with a substantial account of how broadcasting developed in the 20th century the author goes on to explore how new media forms are changing audiences pleasures expectations and demands Rudin's illuminating study highlights the changing relationship between audiences and broadcast output to examine a range of subjects including The impact of citizens journalism Political coverage International TV formats and news output The continuing appeal of radio as a distinct medium Debates over bias truth and trust in broadcasting and broadcasters In addition Broadcasting in the 21st Century addresses a range of broadcast forms and genres including the coverage of general elections Reality TV and pirate radio

**The Oxford Handbook of Sound and Imagination** Mark Grimshaw, Mark Grimshaw-Aagaard, Mads Hansen, Martin Knakkergaard, 2019 In this two volume Handbook contributors address the tendency to discuss musical imagination through terms like compositional creativity or performance technique correcting the current bias towards visual imagination to instead highlight the many forms of sonic and musical imagination

**The Oxford Handbook of Sound and Imagination, Volume 1** Mark Grimshaw-Aagaard, Mads Walther-Hansen, Martin Knakkergaard, 2019-07-26 Whether social cultural or individual the act of imagination always derives from a pre existing context For example we can conjure an alien's scream from previously heard wildlife recordings or mentally rehearse a piece of music while waiting for a train This process is no less true for the role of imagination in sonic events and artifacts Many existing works on sonic imagination tend to discuss musical imagination through terms like compositional creativity or performance technique In this two volume Handbook contributors shift the focus of imagination away from the visual by addressing the topic of sonic imagination and expanding the field beyond musical compositional creativity and performance technique into other aural arenas where the imagination holds similar power Topics covered include auditory imagery and the neurology of sonic imagination aural hallucination and illusion use of

metaphor in the recording studio the projection of acoustic imagination in architectural design and the design of sound artifacts for cinema and computer games      Italian Pop Culture Fabio Corsini,2018-09-06T00:00:00+02:00 What does the expression pop culture mean today And how does it contribute to understanding a Country and a cultural group This collection of essays diverse in content approach and perspective tries to answer these questions It aims at describing and figuring out the texture of Italian pop culture as a meaningful juxtaposition between high and low mass and elite artistic and consumerist in relation to the Italian mediascape and cultural context Through the mosaic of narratives produced by television music comics and novels to name a few and the mixture of genres and types of cultural products analyzed in every essay the reader is allowed to further the knowledge of Italian pop culture and to get a glimpse of Italians and Italian ness

J. Hackett,Benjamin F. Soares,2015-01-21 New Media and Religious Transformations in Africa casts a critical look at Africa s rapidly evolving religious media scene Following political liberalization media deregulation and the proliferation of new media technologies

many African religious leaders and activists have appropriated such media to strengthen and expand their communities and gain public recognition Media have also been used to marginalize and restrict the activities of other groups which has sometimes led to tension conflict and even violence Showing how media are rarely neutral vehicles of expression the contributors to this multidisciplinary volume analyze the mutual imbrications of media and religion during times of rapid technological and social change in various places throughout Africa

**The Routledge Research Companion to Media Geography** Paul C. Adams, Jim Craine, 2016-03-23 This Companion provides an authoritative source for scholars and students of the nascent field of media geography While it has deep roots in the wider discipline the consolidation of media geography has started only in the past decade with the creation of media geography's first dedicated journal *Aether* as well as the publication of the sub discipline's first textbook However at present there is no other work which provides a comprehensive overview and grounding By indicating the sub discipline's evolution and hinting at its future this volume not only serves to encapsulate what geographers have learned about media but also will help to set the agenda for expanding this type of interdisciplinary exploration The contributors leading scholars in this field including Stuart Aitken Deborah Dixon Derek McCormack Barney Warf and Matthew Zook not only review the existing literature within the remit of their chapters but also articulate arguments about where the future might take media geography scholarship The volume is not simply a collection of individual offerings but has afforded an opportunity to exchange ideas about media geography with contributors making connections between chapters and developing common themes

*Socialist Internationalism and the Gritty Politics of the Particular* Kristin Roth-Ey, 2023-04-06 This collection takes a case study approach to enter into and explore spaces of Second Third World interaction during the Cold War From the dining halls of a university to hospital wards construction sites military barracks pubs and more the chapters drop the scale down from the global to the particular to better see understand and interpret the complex nature of these spaces These ordinary spaces are examined to understand how they were conceived constructed shaped and reshaped by people over time Many are physical places of encounter while others are more abstract embodying ideological goals In exploring these spaces the contributors show how the Second and Third World actors understood them and connected them to ideas such as gender and space the space of the nation of the modern and of the self Essentially it seeks to unravel how these spaces between Second and Third Worlds worked and what if anything was distinctive and consequential about them Second Third World Spaces in the Cold War explores the ways in which these Second and Third World actors collaborated and clashed in these everyday spaces and brings these multi faceted multi actor histories to a vital centre ground

**The Romanian Mass Media and Cultural Development** David Berry, 2017-07-05 This compelling book assesses the development of the mass media since the Romanian Revolution in December 1989 and the media s impact on cultural development the public sphere civil society and democracy It controversially claims that Romania s failure to experience a thoroughgoing enlightenment project in its entire history remains a major obstacle for producing democratic ownership of the media and democratic development of society Analyzing both the print and broadcast media and their respective effects on development the book also discusses the effects of Romanian law on media and societal development ethics and media responsibilities It concludes however that far from having an absolutely negative impact on Romanian post communism the media has helped produce a contradictory empirical form that equally contains positive moments in terms of subjective cultural development

**A Future for Public Service Television** Des Freedman, Vana Goblot, 2018-05-04 A guide to the nature purpose and place of public service television within a multi platform multichannel ecology Television is on the verge of both decline and rebirth Vast technological change has brought about financial uncertainty as well as new creative possibilities for producers distributors and viewers This volume from Goldsmiths Press examines not only the unexpected resilience of TV as cultural pastime and aesthetic practice but also the prospects for public service television in a digital multichannel ecology The proliferation of platforms from Amazon and

Netflix to YouTube and the vlogosphere means intense competition for audiences traditionally dominated by legacy broadcasters. Public service broadcasters whether the BBC, the German ARD or the Canadian Broadcasting Corporation are particularly vulnerable to this volatility. Born in the more stable political and cultural conditions of the twentieth century, they face a range of pressures on their revenue, their remits and indeed their very futures. This book reflects on the issues raised in Lord Puttnam's 2016 Public Service TV Inquiry Report with contributions from leading broadcasters, academics and regulators. With resonance for students, professionals and consumers with a stake in British media, it serves both as historical record and as a look at the future of television in an on-demand age. Contributors include Tess Alps, Patrick Barwise, James Bennett, Georgie Born, Natasha Cox, Gunn Enli, Des Freedman, Vana Goblot, David Hendy, Jennifer Holt, Amanda D Lotz, Sarita Malik, Matthew Powers, Lord Puttnam, Trine Syvertsen, Jon Thoday, Mark Thompson.
