Viper Al E. Gateson, 2007-05-16 BOOK DESCRIPTION On 9 11 2001 America declared itself at war with International terrorism As of this date this war continues with no end in sight The controversial war in Iraq rages on to this day not a war with organized opposing armies but one of the might of the united States military and its coalition partners against an undisciplined motivated army of insurgents waging a guerrilla war These insurgents and the foreign fighters that make up their number have only one objective in mind and that is to kill the occupying forces and innocent Iraqis in a vicious sectarian struggle and they don t mind dying to accomplish this task This book for the most part is concerned with the other facet of the war and that is the one against Al Queda and its evil masters who plan world domination in a world wide caliphate with

its capital in Baghdad It is the intelligence networks with their field operatives who oppose the terrorists in every Western democratic country who hunt their enemy down based on information gleaned from many sources Among the many dedicated agents from the United States Britain France and Germany there is a special international force which has been named VIPER and is funded and manned by all of the above nations In the story the headquarters for this unit is in Miami Florida Viper goes much further in combating terrorism It takes the war to the enemy and most of the time negates the necessity of bringing these enemies of mankind to trial by eliminating them where they find them Some of their people are in deep cover working covertly with the terrorists until the opportunity comes to subdue them others are waiting for an assignment and still others are scanning computer screens gleaning intelligence to be passed on for interpretation The Viper unit has its successes and it inevitably has its failures but the terrorists have learned that they have a special opponent out there and are starting to look over their shoulders as they prepare to execute their evil deeds **The Farmer's Son** Doster

Psycho Electric Randolph Lalonde, 2022-04-21 Rafe became a cyborg when his aunt sold his body to pay her debt. Left only with his human head and a rough industrial cyborg body, he is on the run from his master. We find Rafe in the megacity of New Udapur, where he's been able to hide amongst a massive, diverse population that's more interested in social media, earning platinum, or trying to visit Earth, than paying much attention to him. Thanks to a daring caper, his curiosity, and a little heroism, Rafe is about to be in more trouble than he can handle. Strap in for an adventure that includes a bossy unofficial superintendent, shapeshifters, trips through full-dive virtual reality deathmatches, rude but colourful gangsters, social media influencers, spaceships, a wasteland, a ruthless Captain, irate pedestrians, and so much more. *Throwing Knives* Molly Best Tinsley, 2000 In the five linked stories of the volume's title, a navy brat displaced overseas forges through early adolescence against a background of emotional disruption and neglect.
