Rage On The Right The American Militia Movement From Ruby Ridge To Homeland Security:

Rage on the Right Lane Crothers, 2003 The image of the militia as ordinary people coming together in times of crisis to help their fellow citizens is deeply embedded in American society and culture Recent claimants to the militia title have adopted this image even as they have promoted a radically anti government populist conservative political agenda *Rage on the Right* explores militia activity and ideology throughout the last decade from Ruby Ridge to Waco to the Oklahoma City bombing Author Lane Crothers uses social movement theory to illuminate why militia members are enraged by U S governmental policies and why their rage is unlikely to coalesce into a large political movement Looking ahead the book concludes with an examination of prospects for militia renewal in the U S after 9 11

Rage on the Right Lane Crothers, 2019-02-08 *Rage on the Right* examines the rise fall and reemergence of the militia alt right movement from the 1990s through 2018 Using the lenses of history culture ideology and social movement theory Crothers explores the diverse ways contemporary right wing social movements have used American social and economic context to build themselves into a potent force in American political life Just as the 1990s militia movement drew life from deeply embedded values and myths central to American political culture and political history so too do the contemporary militia and alt right movements Right wing social movements are as American as apple pie and must be understood as a core and enduring component of American political life Ideal for undergraduate courses on social movements political violence and contemporary political history this text explores the cultural rootedness of the militia and alt right in America while also understanding the ways contemporary politics build on historical legacies to promote right wing populism in the United States Highlights Traces the evolution of the militia and alt right movements in the United States since the 1990s Situates right wing populism in its cultural and ideological position in American politics Examines interaction of key events in the history of the militia and alt right movements in the US with actions of entrepreneurial movement leaders and supporters in government and society Links the rise of the Donald Trump as candidate and president to the re emergence of the militia and the alt right in the United States

Aryan Cowboys Evelyn A. Schlatter, 2009-06-03 During the last third of the twentieth century white supremacists moved both literally and in the collective imagination from midnight rides through Mississippi to broadband wired cabins in Montana But while rural Montana may be on the geographical fringe of the country white supremacist groups were not pushed there and they are far from fringe elements of society as many Americans would like to believe Evelyn Schlatter's startling analysis describes how many of the new white supremacist groups in the West have co opted the region's mythology and environment based on longstanding beliefs about American character and Manifest Destiny to shape an organic home grown movement Dissatisfied with the urbanized culturally progressive coasts disenfranchised by affirmative action and immigration white supremacists have found new hope in the old ideal of the West as a land of opportunity waiting to be settled by self reliant traditional families Some even envision the region as a potential white homeland Groups such as Aryan

Nations The Order and Posse Comitatus use controversial issues such as affirmative action anti-Semitism immigration and religion to create sympathy for their extremist views among mainstream whites while offering a solution in the popular conception of the West as a place of freedom opportunity and escape from modern society Aryan Cowboys exposes the exclusionist message of this American ideal while documenting its dangerous appeal

Right-Wing Movements in North America and Europe Hank Johnston, Rory McVeigh, Ziad Munson, 2025-10-13 From Boogaloo Bois and Rassemblement National to Nordic Resistance Movement and Forza Nuova majoritarian ethnonational movements and extreme right politics are growing in different national contexts and continue to challenge democratic norms around the globe This collection brings together research by prominent senior scholars and up and coming junior researchers to present an up to date examination of the right's resurgence in Europe and North America Its chapters focus on movement party intersections social media identity work extremism anti-immigration rhetoric and theoretical approaches and methodologies to studying the right Bringing together several studies originally presented as plenary talks at the annual Mobilization SDSU conferences the editors combine their expertise and draw upon their scholarly networks to offer a collection of research that will be significant for years to come Each chapter is an important contribution that deepens our knowledge of right wing contentious politics They will be widely used by both sociologists and political scientists who are interested in current global trend of a resurgent and authoritarian right

Age on the Right Lane Crothers, 2019 This book explores the diverse ways contemporary right wing social movements have built themselves into a potent political force Just as the 1990s militia movement drew life from deeply embedded values and myths central to American political culture and political history so too do the contemporary militia and alt right movements

Neal, 2005 Discussion Questions 11 The Terrorist Attack of September 11 Shattered Assumptions Causal Explanations The War on Terrorism Homeland Security The Culture of Fear Discussion Questions III Epilogue 12 Collective Memory Generational Effects Commemoration Popular Culture and Mass Entertainment Links Between the Past and the Future Discussion Questions Bibliography Index About the Author

American Swastika Pete Simi, Robert Futrell, 2024-02-19 Today's white supremacist activism originated in carefully cultivated homes parties rituals music festivals and digital media and went on to reshape the U S political landscape With powerful case studies interviews and first person accounts the third edition of American Swastika guides readers through these hidden enclaves of hate to link past circumstances to present conditions It discusses new players in the world of white power and offers a vital perspective on how white supremacy persists and why we must be vigilant if we want to check its influence American Swastika is essential reading for anyone hungry to understand the threat of white supremacist extremism to American society New to the Third Edition Discussion of white extremists surprise return to the American political landscape counters claims that this is new by explaining that it emanates from networks and ideas long nurtured outside the public eye An investigation of new hate music genres and changes in the white

power music festival scene expands the discussion of how music is essential to white supremacist identity Research on new digital spaces where white supremacists connect and cultivate their culture including mainstream and fringe networking platforms retail sites and video gaming sites demonstrates how online mechanisms serve as entry points for radicalization Discussion of new attention from the Biden administration on domestic terror offers hope for confronting and constraining white supremacy while also defining many challenges involved

Conspiracies and Conspiracy Theories in American History Christopher R. Fee, Jeffrey B. Webb, 2019-05-24 This up to date introduction to the complex world of conspiracies and conspiracy theories provides insight into why millions of people are so ready to believe the worst about our political legal religious and financial institutions Unsupported theories provide simple explanations for catastrophes that are otherwise difficult to understand from the U S Civil War to the Stock Market Crash of 1929 to the terrorist attacks on the World Trade Center in New York Ideas about shadowy networks that operate behind a cloak of secrecy including real organizations like the CIA and the Mafia and imagined ones like the Illuminati additionally provide a way for people to criticize prevailing political and economic arrangements while for society s disadvantaged and forgotten groups conspiracy theories make their suffering and alienation comprehensible and provide a focal point for their economic or political frustrations These volumes detail the highly controversial and influential phenomena of conspiracies and conspiracy theories in American society Through interpretive essays and factual accounts of various people organizations and ideas the reader will gain a much greater appreciation for a set of beliefs about political scheming covert intelligence gathering and criminal rings that has held its grip on the minds of millions of American citizens and encouraged them to believe that the conspiracies may run deeper and with a global reach

Rethinking Social Movements Jeff Goodwin, James M. Jasper, 2004 This landmark volume brings together some of the titans of social movement theory in a grand reassessment of its status For some time the field has been divided between a dominant structural approach and a cultural or constructivist tradition The gaps and misunderstandings between the two sides as well as the efforts to bridge them closely parallel those in the social sciences at large This book aims to further the dialogue between these two distinct approaches to social movements and to show the broader implications for social science as a whole as it struggles with issues including culture emotion and agency Visit our website for sample chapters

The Evolution of Alienation Lauren Langman, Devorah Kalekin-Fishman, 2006 Building on the Marxian view of alienation as the inevitable consequence of wage labor that divests human beings of control over their life forces *The Evolution of Alienation* provides new insights into contemporary conditions Contributors explore how alienation is fostered n

Right-Wing Terrorism in the 21st Century Daniel Koehler, 2016-10-04 This book is the first comprehensive academic study of German right wing terrorism since the early 1960s available in the English language It offers a unique in depth analysis of German violent extremist right wing movements terrorist events groups networks and individuals In addition the book discusses the so called National Socialist Underground NSU terror cell which was uncovered in late 2011

by the authorities The NSU had been active for over a decade and had killed at least ten people as well as executing numerous bombings and bank robberies With an examination of the group's support network and the reasons behind the failure of the German authorities this book sheds light on right wing terrorist group structures tactics and target groups in Germany The book also contains a complete list of all the German right wing terrorist groups and incidents since the Second World War Based on the most detailed dataset of right wing terrorism in Germany this book offers highly valuable insights into this specific form of political violence and terrorism which has been widely neglected in international terrorism research

Religion and Violence Jeffrey Ian Ross, 2015-03-04 First Published in 2015 Daily newspaper headlines talk radio and cable television broadcasts and Internet news web sites continuously highlight the relationship between religion and violence These media contain stories about such diverse incidents as suicide attacks by Islamic fundamentalists in Afghanistan Iraq Israel Pakistan and elsewhere and assassinations of doctors who perform abortions by white American Christian true believers in the United States How does one make sense of the role of religion in violence and of perpetrators of violence who cite religion as a motivation This encyclopedia includes a wide range of entries biographies of key figures historical events religious groups countries and regions where religion and violence have intersected and practices rituals and processes of religious violence

The Oxford Handbook of Social Movements Donatella della Porta, Mario Diani, 2015-10-29 The Oxford Handbook of Social Movements is an innovative volume that presents a comprehensive exploration of social movement studies mapping the field and expanding it to examine the recent developments in cognate areas of studies within and beyond sociology and political science This volume brings together the most distinguished social and political scientists working in this field each writing thought provoking essays in their area of expertise and facilitates conversations between classic social movement agenda and lines of research The Oxford Handbook of Social Movements discusses core theoretical perspectives recent contributions from the field and how patterns of macro social change may affect social movements as well as suggesting what contributions social movement studies can give to other research areas in various disciplines

Home-grown Hate Abby L. Ferber, 2004 First Published in 2004 Routledge is an imprint of Taylor Francis an informa company *Coalitions Across Borders* Joe Bandy, Jackie Smith, 2005 Coalitions Across Borders examines aspects of transnational movements that mobilise in protest against the inequities of the neo liberal international order

Transnational Protest and Global Activism Donatella Della Porta, Sidney G. Tarrow, 2005 Sociologists and political scientists from Europe and the US explore how global issues are transforming local and national activism and the interactions between local national and supranational movement organizations In addition to describing recent events they adapt concepts and hypotheses developed in the social movement literature of the past Racialized Protest and the State Hank Johnston, Pamela Oliver, 2020-07-07 Bringing together leading scholars of social movements and protest this volume offers an up to date overview of several of the key ethnic and racial movements in the contemporary United States The

organizations strategies and challenges of the Black Lives movement mainstream Black organizations the Mexican American Dreamer groups immigrant rights mobilizations Arab American resistance and White nationalism are all examined by situating them in a rapidly evolving and in many ways increasingly unfavorable state context With empirical studies linked by their dialogue with theories of social movement and protest and in particular recent trends that emphasize the dynamic relations among social movement groups and organizations Racialized Protest and the State also considers the multiplicity of state players and the roles of hostile civic actors who oppose the movements challenges A cutting edge analysis of an increasingly important dimension of contentious politics in complex and diverse Western societies this book will appeal to scholars of sociology and politics with interests in social movements nonviolent resistance protest campaigns and ethnic mobilization

Introduction to Collective Behavior and Collective Action David L. Miller, 2013-08-06 David Millers expanded third edition makes it the definitive source on collective behavior and collective action Up to date and meticulously researched this popular volume continues to provide a systematic overview of theory and research Each topic is meaningfully linked to the appropriate theories of collective behavior mass hysteria emergent norm and value added perspectives and collective action social behavioral interactionist resource mobilization and value added perspectives Rumor mass hysteria fads and fashion UFOs sports migrations disasters riots protest and social movements are among the topics presented in a unique side by side presentation of the two disciplines In an engaging accessible style Miller offers detailed discussion of classic sociological studies interspersed with intriguing modern day examples that students will enjoy reading His thorough topical treatment effectively reduces the need for outside readings

The United States and the European Right, 1945-1955 Deborah Kisatsky, 2005 Nazi Germany s defeat in May 1945 commenced a decade long allied effort to democratize the former Reich The United States simultaneously began sheltering scientists industrialists and military officers complicit in Nazi crimes What explained this conflict between the spirit and practice of denazification Did U S Cold War anticommunism simply replace antifascism in the postwar period Did Americans favor rightists over leftists in a quest to restore order in Europe In this groundbreaking study Deborah Kisatsky shows that opportunity not order galvanized U S foreign policy and that American dealings with the European Right were more complex than has been presumed U S leaders cooperated with West German Chancellor Konrad Adenauer to achieve shared Atlanticist goals And the United States co opted nationalistic fighters into a secret stay behind net of the Bund Deutscher Jugend Technischer Dienst But allied leaders jointly worked to contain such vocal neutralist nationalists as the ex Nazi Otto Strasser Cooperation co optation and containment of French and Italian as of German rightists advanced American hegemony in Europe These strategies extended techniques of social control perfected within the United States and synthesized domestic and international systems of power in the twentieth century

BOOK JACKET [American Mass Murderers](#) Valrie Plaza, 2015-03-02 American Mass Murderers collects nearly 700 pages of information about the most notorious killers in America as well as some of the lesser known

murderers
