International Competition in China, 1899-1991 Bruce A. Elleman,2015-04-10 China s recent economic reforms have opened its economy to the world This policy however is not new in the late nineteenth century the United States put forward the Open Door Policy as a counter to European exclusive spheres of influence in China This book based on extensive original archival research examines and re evaluates China s Open Door Policy It considers the policy from its inception in 1899 right through to the post 1978 reforms It relates these changes to the various shifts in China s international relations discusses

how decades of foreign invasion civil war and revolution followed the destruction of the policy in the 1920s and considers how the policy when applied in Taiwan after 1949 and by Deng Xiaoping in mainland China after 1978 was instrumental in bringing about respectively Taiwan's economic miracle and mainland China's recent economic boom The book argues that although the policy was characterised as United States economic imperialism during the Cold War in reality it helped China retain its sovereignty and territorial integrity

Truman and MacArthur Michael D. Pearlman, 2008-03-12 Truman and MacArthur offers an objective and comprehensive account of the very public confrontation between a sitting president and a well known general over the military's role in the conduct of foreign policy In November 1950 with the army of the Democratic Peoples Republic of Korea mostly destroyed Chinese military forces crossed the Yalu River They routed the combined United Nations forces and pushed them on a long retreat down the Korean peninsula Hoping to strike a decisive blow that would collapse the Chinese communist regime in Beijing General Douglas MacArthur the commander of the Far East Theater pressed the administration of President Harry S Truman for authorization to launch an invasion of China across the Taiwan straits Truman refused MacArthur began to argue his case in the press a challenge to the tradition of civilian control of the military He moved his protest into the partisan political arena by supporting the Republican opposition to Truman in Congress This violated the President's fundamental tenet that war and warriors should be kept separate from politicians and electioneering On April 11 1951 he finally removed MacArthur from command Viewing these events through the eyes of the participants this book explores partisan politics in Washington and addresses the issues of the political power of military officers in an administration too weak to carry national policy on its own accord It also discusses America's relations with European allies and its position toward Formosa Taiwan the long standing root of the dispute between Truman and MacArthur

Taiwan Straits Bruce A. Elleman, 2014-12-16 In *Taiwan Straits Crisis in Asia and the Role of the U S Navy* historian Bruce Elleman surveys the situation that has led to the current tensions between China and Taiwan Starting in 1949 the final phase of the civil war in China which ended with Communist rule of the mainland and nationalist control of Taiwan this work explores how the 100 mile wide passage of water known as the Taiwan Strait has served as the geographic flashpoint between the two nations Even though U S Navy destroyers have patrolled this body of water from 1950 to 1979 it has seen four crises 1954 55 1958 1962 and after the withdrawal of the U S Navy 1995 96 that threatened to push Taiwan and China to the brink of war Notwithstanding the role of the United States in defusing cross strait tensions for some three decades and the cold peace that has settled in since then the Taiwan Strait continues to be a major source of anxiety for the region and the world *Taiwan Straits Crisis in Asia and the Role of the U S Navy* traces the evolution of this tension between the two nations details the history of the crises between them and brings this story forward into the present by considering continuing sources of conflict present diplomatic efforts by the aggrieved nations and other key interests from the United States and Europe to other regional powers and future possible outcomes in the ongoing struggle between China and Taiwan

relations Simply written and cogently argued it is the ideal source for military personnel diplomats and scholars and student of the modern Far East **Taiwan Straits Standoff** Bruce A. Elleman,2021-08-10 Following the Nationalist defeat on the mainland in 1949 Chiang Kai shek and his followers retreated to Taiwan forming the Republic of China ROC Tensions with the People s Republic of China PRC focused on control over a number of offshore islands especially Quemoy Jinmen and Matsu Mazu Twice in the 1950s tensions peaked during the first 1954 55 and second 1958 Taiwan Strait crises This small body of water often compared to the English Channel separates the PRC and Taiwan and has been the location for periodic military tensions some threatening to end in war Today relations between the ROC and PRC depend on quelling tensions over the Taiwan Strait This work provides a short but highly relevant history of the Taiwan Strait and its significance today

James Clavell's Gai-Jin James Clavell,1994 The new leader of the noble family meets a beautiful French woman in Japan in the 1860s High Seas Buffer Bruce A. Elleman,2012 Following its defeat on the mainland in 1949 the Nationalist government retreated to Taiwan Although the Nationalist navy was comparatively large to many it seemed almost certain that the People s Republic of China PRC would attack and take Taiwan perhaps as early as summer 1950 The Korean War began on 25 June 1950 however and the possibility of a PRC invasion of Taiwan was countered when on 27 June President Harry S Truman ordered the Seventh Fleet to neutralize the Taiwan Strait Mao Zedong at first postponed and eventually canceled altogether his planned invasion of Taiwan The U S Navy s Taiwan Patrol Force operation lasted from summer 1950 until at least 1979 arguably even sporadically after that date Lasting twenty nine years the Taiwan Patrol Force was one of the longest naval operations in modern history It was also one of the most successful since as the most obvious symbol of American power it ensured that friction over the Taiwan Strait did not escalate into a full blown war In fact the Taiwan Patrol Force did its job so well that virtually nothing has been written about it U S Navy ships acted both as a buffer between the two antagonists and as a trip wire in case of aggression The force fulfilled the latter function twice in the 1950s during the first 1954 55 and second 1958 Taiwan Strait crises and a third time in the next decade 1962 at which point additional U S Navy vessels were called in to assist Even after the Taiwan Patrol Force was terminated in 1979 it continued in spirit as shown by a fourth Taiwan Strait crisis During the PRC missile tests of 1995 96 two U S aircraft carriers were deployed to the area and in 2001 during the ten days of negotiations over the EP 3 incident of 1 April a carrier was almost sent As recently as 2009 when maritime tensions between an American survey ship and Chinese vessels threatened to escalate into a larger conflict a U S Navy destroyer was sent to the scene Thus the patrolling functions that began in 1950 have continued largely unchanged to this day as U S Navy vessels act to influence China s military economic and political relations with its maritime neighbors **A Contest for Supremacy** Aaron L. Friedberg,2011-08-15 A political scientist describes the shifting global balance of power between China and the United States and offers a wake up call to American leaders and policymakers to take action to counter the growing geopolitical strength in Asia
