## **Rain Dogs:**

The Words and Music of Tom Waits Corinne Kessel, 2008-11-30 Tom Waits's distinctive bourbon soaked growl, his unique persona and his incorporation of musical styles from blues to experimental to vaudeville have secured for him a top shelf cult following and an extraordinary critical respect. The idea of the Wanderer, someone who seeks an escape from all of life's problems and dreams himself into oblivion, serves as the fundamental personality type around which all Waits's music revolves. Ten years of producing and touring with Waits's macabre folktale adaptation across Canada and the U.S. has given author Corinne Kessel direct access to his work, creative process and his associates. In this comprehensive analysis, Kessel examines all of the many characters that have appeared throughout the course of Waits's musical career from *Closing Time* (1973) to *Orphans Brawlers Bawlers and Bastards*. His raw form of expression and his evocative lyrics work together to form an emotional chronicle of society's misfits, outcasts and lowlifes. He is not the sort of composer to chase after shiny red fire trucks to awesome blazing fires but instead looks after the intangible dreams found dissipating in the last wisp of smoke from a cigarette held in the weathered hands of a broken soul. Here author Corinne Kessel pursues Waits into this distinctly murky and unsettled atmosphere to address in particular Waits's enduring questions of reality, landscape and identity.

**Rain Dogs** Sean Doolittle, 2005-12-27 It was one hell of an inheritance for former Chicago reporter Tom Coleman: a broken down pickup truck, ramshackle campground, a canoe, livery and one pot smoking barely working employee he doesn't need, doesn't want and can't afford. But the truth is after losing a child and a marriage, Tom doesn't really care. And life is nice and quiet in the middle of nowhere. Until a drug lab blows up near his property, putting Tom in contact with the woman he once loved, a small town cop with a chip on his shoulder and a powerful local who doesn't want him poking his nose where it doesn't belong. Tom doesn't want to get involved in the first place. But in the hardscrabble Nebraska Sandhills, storms gather suddenly and bad blood runs deep. Now a quiet summer on the river is turning into a dangerous season of grudges, betrayal and violent reckoning and it's already too late to find shelter.

Tom Waits' Swordfishtrombones David Smay, 2008-01-01 Two entwined narratives run through the creation of *Swordfishtrombones* and form the backbone of this book. As the 1970s ended, Waits felt increasingly constrained and trapped by his persona and career. Bitter and desperately unhappy, he moved to New York in 1979 to change his life. It wasn't working. But at his low point, he got the phone call that changed everything. Francis Ford Coppola tapped Tom to write the score for *One From the Heart*. Waits moved back to Los Angeles to work at Zoetrope's Hollywood studio for the next 18 months. He cleaned up, disciplined himself as a songwriter and musician, collaborated closely with Coppola and met a script analyst named Kathleen Brennan, his only true love. They married within 2 months at the Always and Forever Yours Wedding Chapel at 2am. *Swordfishtrombones* was the first thing Waits recorded after his marriage and it was at Kathleen's urging that he made a record that conceded exactly nothing to his record label or the critics or his fans. There aren't many love stories where the happy ending sounds like a paint can tumbling in an empty

cement mixer Kathleen Brennan was sorely disappointed by Tom's record collection. She forced him out of his comfortable jazzbo pocket to take in foreign film scores, German theatre and Asian percussion. These two stories of a man creating that elusive American second act and also finding the perfect collaborator in his wife give this book a natural forward drive.

**Wild Dog Dreaming** Deborah Bird Rose, 2011-04-01 We are living in the midst of the Earth's sixth great extinction event, the first one caused by a single species, our own. In *Wild Dog Dreaming* Deborah Bird Rose explores what constitutes an ethical relationship with nonhuman others in this era of loss. She asks: Who are we as a species? How do we fit into the Earth's systems? Amidst so much change, how do we find our way into new stories to guide us? Rose explores these questions in the form of a dialogue between science and the humanities. Drawing on her conversations with Aboriginal people for whom questions of extinction are up close and very personal, Rose develops a mode of exposition that is dialogical, philosophical and open-ended. An inspiration for Rose and a touchstone throughout her book is the endangered dingo of Australia. The dingo is not the first animal to face extinction, but its story is particularly disturbing because the threat to its future is being actively engineered by humans. The brazenness with which the dingo is being wiped out sheds valuable and chilling light on the likely fate of countless other animal and plant species. People save what they love, observed Michael Soul, the great conservation biologist. We must ask whether we as humans are capable of loving and therefore capable of caring for the animals and plants that are disappearing in a cascade of extinctions. *Wild Dog Dreaming* engages this question and the result is a bold account of the entangled ethics of love, contingency and desire.
