Schiavoni, Zoe VanGelder**

Reconfigured Sovereignty Multi Layered Governance In The Global Age:

Reconfigured Sovereignty Thomas Ilgen, 2017 This title was first published in 2003 Much of the literature on globalization argues that state sovereignty is eroded from above and outside that is sovereignty is wrested from the state by institutions organizations and forces larger than and external to the state for example international and regional organizations and multinational firms This volume breaks new ground by suggesting that globalization actually empowers jurisdictions and institutions smaller than and internal to the nation state such as cities and towns regions and provinces Should the processes and mechanisms of economic market integration continue over time the book predicts that the empowerment and autonomy of cities and regions would while not leading to the disappearance of the nation state give rise to reconfigured and more complex notions of sovereignty and multi layered governance This multidisciplinary volume should be of interest to libraries and scholars of comparative politics political economy international relations international political economy urban and regional planning Provided by publisher

Reconfigured Sovereignty Thomas Ilgen, 2018-03-31 This title was first published in 2003 Much of the literature on globalization argues that state sovereignty is eroded from above and outside that is sovereignty is wrested from the state by institutions organizations and forces larger than and external to the state for example international and regional organizations and multinational firms This volume breaks new ground by suggesting that globalization actually empowers jurisdictions and institutions smaller than and internal to the nation state such as cities and towns regions and provinces Should the processes and mechanisms of economic market integration continue over time the book predicts that the empowerment and autonomy of cities and regions would while not leading to the disappearance of the nation state give rise to reconfigured and more complex notions of sovereignty and multi layered governance This multidisciplinary volume should be of interest to libraries and scholars of comparative politics political economy international relations international political economy urban and regional planning

Re-envisioning Sovereignty Trudy Jacobsen, 2016-04-08 Sovereignty as a concept is in a state of flux In the course of the last century traditional meanings have been worn away while the limitations of sovereignty have been altered as transnational issues compete with domestic concerns for precedence This volume presents an interdisciplinary analysis of conceptions of sovereignty Divided into six overarching elements it explores a wide range of issues that have altered the theory and practice of state sovereignty such as human rights and the use of force for human protection purposes norms relating to governance the war on terror economic globalization the natural environment and changes in strategic thinking The authors are acknowledged experts in their respective areas and discuss the contemporary meaning and relevance of sovereignty and how it relates to the constitution of international order

Reconfigured Sovereignty Thomas L. Ilgen, 2003 Examines the impact of the global market economy on configurations of state sovereignty in Europe and the United States This multidisciplinary volume will be of great interest to libraries and scholars of comparative politics political economy international relations international political

economy urban and regional planning **Encyclopedia of Global Studies** Helmut K. Anheier, Mark Juergensmeyer, 2012-03-09 With all entries followed by cross references and further reading lists this current resource is ideal for high school and college students looking for connecting ideas and additional sources on them The work brings together the many facets of global studies into a solid reference tool and will help those developing and articulating an ideological perspective Library Journal The Encyclopedia of Global Studies is the reference work for the emerging field of global studies It covers both transnational topics and intellectual approaches to the study of global themes including the globalization of economies and technologies the diaspora of cultures and dispersion of peoples the transnational aspects of social and political change the global impact of environmental technological and health changes and the organizations and issues related to global civil society Key Themes Global civil society Global communications transportation technology Global conflict and security Global culture media Global demographic change Global economic issues Global environmental and energy issues Global governance and world order Global health and nutrition Global historical antecedents Global justice and legal issues Global religions beliefs ideologies Global studies Identities in global society Readership Students and academics in the fields of politics and international relations international business geography and environmental studies sociology and cultural studies and health **Brownlie's Principles of Public International Law** James Crawford, Ian Brownlie, 2019 Serving as a single volume introduction to the field as a whole this ninth edition of Brownlie's Principles of International Law seeks to present international law as a system that is based on and helps structure relations among states and other entities at the international level **The Politics of Food Sovereignty** Annie Shattuck, Christina Schiavoni, Zoe VanGelder, 2018-07-26 Food sovereignty has been a fundamentally contested concept in global agrarian discourse over the last two decades as a political project and campaign an alternative a social movement and an analytical framework It has inspired and mobilized diverse publics workers scholars and public intellectuals farmers and peasant movements NGOs and human rights activists in the global North and South The term food sovereignty has become a challenging subject for social science research and has been interpreted and reinterpreted in a variety of ways It is broadly defined as the right of peoples to democratically control or determine the shape of their food system and to produce sufficient and healthy food in culturally appropriate and ecologically sustainable ways in and near their territory However various theoretical issues remain sovereignty at what scale and for whom How are sovereignties contested What is the relationship between food sovereignty and human rights frameworks What might food sovereignty mean extended to a broader set of social relations in urban contexts How do the principles of food sovereignty interact with local histories and contexts This comprehensive volume examines what food sovereignty might mean how it might be variously construed and what policies it implies This book was originally published as a special issue of the journal Globalizations **EU Development Policy and Poverty Reduction** Dr Wil Hout, 2013-03-28 This inspiring collection analyzes the contribution of EU development policy to poverty reduction It focuses

on various aspects of the policy trade agriculture and food security and modes of policy making and implementation and covers three geographical areas in relation to Europe Latin America Asia and Africa Middle East The volume concludes with practical recommendations for improving EU development policy with a view to enhancing its effectiveness *The EU-Russian Energy Dialogue* Professor Pami Aalto,2013-03-28 EU Russian energy dialogue represents a policy issue that forces us to take a serious look at several crucial questions related to the present and future of Europe such as how can the EU area ensure its future energy security when it is running out of its own energy resources and at the same time incorporating new members who are also dependent on energy imports This book not only outlines the overall characteristics of the energy dialogue but also illustrates the involved policy implementation challenges by paying special attention to the regional context of northern Europe The study contributes to diverse fields such as international relations and political science European studies studies on energy politics international political economy post Soviet politics and literature on regionalization and regionalisms with a special reference to northern Europe US Military Bases and Anti-Military Organizing Erin Fitz-Henry,2015-08-25 US military presence in twenty first century in Latin America has recently been characterised by rapidly intensifying militarization alongside under supported anti military activism This book redirects recent debates about twenty first century social mobilization by taking seriously those who actively resist the social movements in their midst
