Ben Wright, Zachary W. Dresser

Reconstruction The Negro And The New South Documentary History Of The United States Ser:

Negro Year Book and Annual Encyclopedia of the Negro, 1922 *Catalog of Copyright Entries. Third Series* Library of Congress. Copyright Office, 1975 *A Legal History of the Civil War and Reconstruction* Laura F. Edwards, 2015-01-26

Although hundreds of thousands of people died fighting in the American Civil War perhaps the war's biggest casualty was the nation's legal order *A Legal History of the Civil War and Reconstruction* explores the implications of this major change by bringing legal history into dialogue with the scholarship of other historical fields Federal policy on slavery and race particularly the three Reconstruction amendments are the best known legal innovations of the era Change however permeated all levels of the legal system altering Americans' relationship to the law and allowing them to move popular conceptions of justice into the ambit of government policy The results linked Americans to the nation through individual rights which were extended to more people and as a result of new claims were reimagined to cover a wider array of issues But rights had limits in what they could accomplish particularly when it came to the collective goals that so many ordinary Americans advocated *Negro Year Book*, 1922 **Negro Yearbook**, 1925 **Military Review**, 2009 *The New South* Holland Thompson, 2018-02-13 Reproduction of the original [Review of Current Military Literature](#), 2009 *Apocalypse and the Millennium in the American Civil War Era* Ben Wright, Zachary W. Dresser, 2013-11-04

In the Civil War era Americans nearly unanimously accepted that humans battled in a cosmic contest between good and evil and that God was directing history toward its end The concept of God's Providence and of millennialism Christian anticipations of the end of the world dominated religious thought in the nineteenth century During the tumultuous years immediately prior to during and after the war these ideas took on a greater importance as Americans struggled with the unprecedented destruction and promise of the period Scholars of religion literary critics and especially historians have acknowledged the presence of apocalyptic thought in the era but until now few studies have taken the topic as their central focus or examined it from the antebellum period through Reconstruction By doing so the essays in *Apocalypse and the Millennium in the American Civil War Era* highlight the diverse ways in which beliefs about the end times influenced nineteenth century American lives including reform culture the search for meaning amid the trials of war and the social transformation wrought by emancipation Millennial zeal infused the labor of reformers and explained their successes and failures as progress toward an imminent Kingdom of God Men and women in the North and South looked to Providence to explain the causes and consequences of both victory and defeat and Americans black and white experienced the shock waves of emancipation as either a long prophesied jubilee or a vengeful punishment Religion fostered division as well as union the essays suggest but while the nation tore itself apart and tentatively stitched itself back together Americans continued looking to divine intervention to make meaning of the national apocalypse Contributors Edward J Blum Ryan Cordell Zachary W Dresser Jennifer Graber Matthew Harper Charles F Irons Joseph Moore Robert K Nelson Scott Nesbit Jason Phillips Nina Reid Maroney Ben Wright [Pinchback](#) Nicholas

Patler, 2025-09-23 Born to a formerly enslaved mother and a white planter father P B S Pinchback 1837 1921 became the first African American governor in the United States His tenure as governor of Louisiana was brief a mere thirty five days but he remains one of the most prominent African American officeholders during the Reconstruction era Yet despite being a pivotal figure in the post Civil War South attempts to tell his story have been incomplete From the deep influence of a mother who had spent half of her life in bondage to the ambiguity of racial identity in Pinchback s life and world to a political career that was as tumultuous and rich as any in American history the life and career of Pinchback are far more interesting and complex than most historians have portrayed This volume presents Pinchback s story more fully and accurately exploring the larger and more nuanced account of how Pinchback used strategy and skill to overcome obstacles maintain power and push an agenda of rights and equality during the Reconstruction era often in the face of great adversity Pinchback worked feverishly to help create and nurture a democratized environment that made African Americans and Creoles the political and even social equals of white Louisianans This was a sweeping change that only a few years earlier most people could have hardly dreamed possible In every sense of the word it was a revolution that reconfigured the political and social landscape and transformed life as everyone had once known it

Reviewing **Reconstruction The Negro And The New South Documentary History Of The United States Ser**: Unlocking the Spellbinding Force of Linguistics
