Recreating Africa James H. Sweet, 2004-07-21 Exploring the cultural lives of African slaves in the early colonial Portuguese world with an emphasis on the more than one million Central Africans who survived the journey to Brazil James Sweet lifts a curtain on their lives as Africans rather than as incipient Brazilians Focusing first on the cultures of Central Africa from which the slaves came Ndembu Imbangala Kongo and others Sweet identifies specific cultural rites and beliefs that survived their transplantation to the African Portuguese diaspora arguing that they did not give way to immediate creolization in the New World but remained distinctly African for some time Slaves transferred many cultural practices from their homelands to Brazil including kinship structures divination rituals judicial ordeals ritual burials dietary restrictions and secret societies Sweet demonstrates that the structures of many of these practices remained constant during this early period although the meanings of the rituals were often transformed as slaves coped with their new environment and status Religious rituals in particular became potent forms of protest against the institution of slavery and its hardships In addition Sweet examines how certain African beliefs and customs challenged and ultimately influenced Brazilian Catholicism Sweet's analysis sheds new light on African culture in Brazil's slave society while also enriching our understanding of the complex process of creolization and cultural survival *Recreating Africa Culture, Kinship, and Religion in the African-Portuguese World, 1441-1770*, 2015

**From Africa to Jamaica** Audra A. Dipeolu, 2010-07-18 Rich with historical sketches of the life and experiences of slaves in Africa on slave ships and in Jamaica this volume illustrates the way enslaved Africans lived and helped to shape Jamaican society in the three decades before British abolition of the slave trade Audra Dipeolu's in-depth investigations reveal unexpected insights into the demographics of those captured in Africa and legally transported on British slave ships For example there is a commonly held belief that slave traders had a preference for adult males In fact the practicalities of slave raiding meant that women children and large groups of the elderly were particularly vulnerable during raids and were more often captured and made available for sale in the Caribbean *From Africa to Jamaica* offers a new look at the Atlantic slave trade in its final years fleshing out the historical portrait of the African men women and children who were sold in Jamaica and were thus among the last of the enslaved to put their stamp on Jamaican society There is no comparable study that takes such a comprehensive approach looking at both the African and Jamaican sides of the trade system

**Africans into Creoles** Russell Lohse, 2014-09-01 Unlike most books on slavery in the Americas this social history of Africans and their enslaved descendants in colonial Costa Rica recounts the journey of specific people from West Africa to the New World Tracing the experiences of Africans on two Danish slave ships that arrived in Costa Rica in 1710 the *Christianus Quintus* and *Fredericus Quartus* the author examines slavery in Costa Rica from 1600 to 1750 Lohse looks at the ethnic origins of the Africans and narrates their capture and transport to the coast their embarkation and passage and finally their acculturation to slavery and their lives as slaves in Costa Rica Following the experiences of girls and boys women and men he

shows how the conditions of slavery in a unique local setting determined the constraints that slaves faced and how they responded to their condition

*The Dutch Moment* Wim Klooster, 2016-10-19 The author draws on a dazzling variety of archival and printed sources The Dutch Moment is a signal contribution to the field Renaissance Quarterly In The Dutch Moment Wim Klooster shows how the Dutch built and eventually lost an Atlantic empire that stretched from the homeland in the United Provinces to the Hudson River and from Brazil and the Caribbean to the African Gold Coast The fleets and armies that fought for the Dutch in the decades long war against Spain included numerous foreigners largely drawn from countries in northwestern Europe Likewise many settlers of Dutch colonies were born in other parts of Europe or the New World The Dutch would not have been able to achieve military victories without the native alliances they carefully cultivated Indeed the Dutch Atlantic was quintessentially interimperial multinational and multiracial At the same time it was an empire entirely designed to benefit the United Provinces The pivotal colony in the Dutch Atlantic was Brazil half of which was conquered by the Dutch West India Company Its brief lifespan notwithstanding Dutch Brazil 1630 1654 had a lasting impact on the Atlantic world The scope of Dutch warfare in Brazil is hard to overestimate this was the largest interimperial conflict of the seventeenth century Atlantic Brazil launched the Dutch into the transatlantic slave trade a business they soon dominated At the same time Dutch Brazil paved the way for a Jewish life in freedom in the Americas after the first American synagogues opened their doors in Recife In the end the entire colony eventually reverted to Portuguese rule in part because Dutch soldiers plagued by perennial poverty famine and misery refused to take up arms As they did elsewhere the Dutch lost a crucial colony because of the empire's systematic neglect of the very soldiers on whom its defenses rested After the loss of Brazil and ten years later New Netherland the Dutch scaled back their political ambitions in the Atlantic world Their American colonies barely survived wars with England and France As the imperial dimension waned the interimperial dimension gained strength Dutch commerce with residents of foreign empires thrived in a process of constant adaptation to foreign settlers needs and mercantilist obstacles
