Do the Americas Have a Common Literature? Gustavo Pérez Firmat, 1990 This volume takes an important step toward the discovery of a common critical heritage that joins the diverse literatures of North America and Latin America Traditionally literary criticism has treated the literature of the Americas as New World literature examining it in relation to its Old World usually European counterparts This collection of essays redirects the Eurocentric focus of earlier scholarship and identifies a distinctive pan American consciousness The essays here place the literature of the Americas in a hemispheric context by drawing on approaches derived from various schools of contemporary critical thought Marxism feminism culture studies semiotics reception aesthetics and poststructuralism As part of their search for a distinctly New World literary idiom the contributors engage not only the major North American and Spanish American writers but also such marginal or minor literatures as Chicano African American Brazilian and Qu becois In identifying areas of agreement and confluence this work lays the groundwork for finding historical ideological and cultural homogeneity in the imaginative writing of the Americas Contributors Lois Parkinson Zamora David T Haberly Jos David Sald var Antonio Ben tez Rojo Jos Piedra Doris Sommer Enrico Mario Sant Eduardo Gonz lez John Irwin Wendy B Faris Ren Prieto Jonathan Monroe Gustavo P rez Firmat

Culture and Nationalism in Latin America Victor Dahl, Pacific Coast Council on Latin American Studies. Meeting, 1987 Estudios sobre escritores de América Enrique Anderson Imbert, 1954 **Widener Library Shelflist:** **Latin America and Latin American periodicals** Harvard University. Library, 1966 **Argentina: Legend and History** Vicente Blasco Ibáñez, 2020-09-28 If we wish to understand Argentina we must begin first of all by familiarizing ourselves with one pivotal sentiment that has permeated and controlled every aspect of Argentine life and development since colonial days This sentiment is an exalted and haughty patriotism so intense indeed that the tone with which an Argentine says Soy argentino is no whit less assertive and proud than that in which citizens of ancient Rome were wont to say Civis Romanus

sum Whatever the origin of this sentiment the evidences of it are irrefutable Argentina has to day about nine million inhabitants of these fully two thirds are of recent foreign origin mainly Italian and Spanish and to a much smaller extent English French and German Argentina in other words has relatively a much larger population of recent foreign extraction than the United States Nevertheless the hyphen does not exist in Argentina and the terms Italo Argentine Hispano Argentine Franco Argentine etc are entirely unknown The jealous and uncompromising patriotism of the Argentine makes hyphenated national designations impossible If we turn from the evidence of purely popular sentiment to the more sober and more controlled evidence of literature we find the same thing Take away from the literature of Argentina the theme of patriotism and you have taken away its most distinctive and its greatest life giving element It has been said and justly that the Italian literature of the nineteenth century centered entirely about the theme of Italian unification voicing during the first half of the century the aspirations of her great men for a united Italy and during the second half intoning the p an of joy at the accomplishment of those aspirations The same may be said of Argentine literature The names of the great leaders of her immortal Revolution both against the mother country and later against the internal caudillo tyrants the most important of whom was Rosas and the deeds that they performed recur again and again through the pages of her men of letters whatever be the form of literature they engage in narrative dramatic or poetic British Museum Catalogue of Printed Books ,1896
