The Confederate Military Forces in the Trans-Mississippi West, 1861-1865 William Royston Geise, 2022-08-30 William Royston Geise was a Ph D candidate at the University of Texas at Austin in the early 1970s when he researched and wrote The Confederate Military Forces in the Trans-Mississippi West 1861-1865 A Study in Command in 1974 Although it remained unpublished it was not wholly unknown Deep diving researchers were aware of Dr Geise s work and lamented the fact that it was not widely available to the general public In many respects studies of the Trans-Mississippi Theater are only now catching up with Geise This intriguing book traces

the evolution of Confederate command and how it affected the shifting strategic situation and general course of the war Dr Geise accomplishes his task by coming at the question in a unique fashion Military field operations are discussed as needed but his emphasis is on the functioning of headquarters and staff the central nervous system of any military command This was especially so for the Trans Mississippi After July 1863 the only viable Confederate agency west of the great river was the headquarters at Shreveport That hub of activity became the sole location to which all isolated players civilians and military alike could look for immediate overall leadership and a sense of Confederate solidarity By filling these needs the Trans Mississippi Department assumed a unique and vital role among Confederate military departments and provided a focus for continued Confederate resistance west of the Mississippi River The author's work mining primary archival sources and published firsthand accounts coupled with a smooth and clear writing style helps explain why this remote department referred to as Kirby Smithdom after Gen Kirby Smith failed to function efficiently and how and why the war unfolded there as it did Trans Mississippi Theater historian and Ph D candidate Michael J Forsyth Col U S Army Ret has resurrected Dr Geise's smoothly written and deeply researched manuscript from its undeserved obscurity This edition with its original annotations and Forsyth's updated citations and observations is bolstered with original maps photographs and images Students of the war in general and the Trans Mississippi Theater in particular will delight in its long overdue publication The Oxford Handbook of the American Civil War Lorien Foote, Earl J. Hess, 2021 Assembles contributions from thirty nine leading historians of the American Civil War into a coherent attempt to assess the war's impact on American society **Joseph Brown and His Civil War Ironclads** Myron J. Smith, Jr., 2017-04-26 A Scottish immigrant to Illinois Joseph Brown made his pre Civil War fortune as a miller and steamboat captain who dabbled in riverboat design and the politics of small towns When war erupted he used his connections including a friendship with Abraham Lincoln to obtain contracts to build three ironclad gunboats for the U S War Department the Chillicothe Indianola and Tuscumbia Often described as failures these vessels were active in some of the most ferocious documents the life and career of Joseph Brown a miller and steamboat captain who built three ironclad gunboats for the US War Department the vicious river fighting of the 1863 Vicksburg campaign After the war Captain Joe became a railroad executive and was elected mayor of St Louis This book covers his life and career as well as the construction and operational histories of his controversial trio of warships *More Zeal Than Discretion* Jimmy L. Bryan, 2008-09-01 Walter P Lane emigrated from Ireland as a young boy fought in three wars sailed the Texas coast with a privateer and traveled to California and Arizona in search of gold What drove this man who in many ways typifies the adventurers who contributed to the westward expansion in the United States during the early nineteenth century Through his mining of personal papers memoirs contemporary sources and archived collections Jimmy L Bryan Jr has produced a comprehensive portrait of the man who charged across the field at San Jacinto aided in the removal of Indians and Tejano settlers from the East Texas Redlands stormed Monterrey with the Texas Rangers during the U S Mexican War commanded a

brigade of Confederate soldiers during the Civil War supported the return to white rule during the turbulent Reconstruction era and served the State of Texas in various public capacities Bryan shows how the adventurism of Lane and his comrades provided both ethos and impetus for the westward migration More Zeal than Discretion will appeal to historians and readers interested in Texas and the West the Civil War and the culture of American manhood **Gustavus Vasa Fox of the Union Navy** Ari Hoogenboom, 2021-04-27 This fine perhaps definitive biography of the man who guided the U S Navy's stellar Civil War campaigns should be on every naval bookshelf Washington Times Gustavus Vasa Fox began his naval service in 1838 when he went to sea as a midshipman He sailed in the Mediterranean off the coast of Africa in the Gulf of Mexico and with the East India Squadron in the Pacific His experiences working on the Coast Survey navigating the lower Mississippi River and captaining a steamer that ran from New York to Havana to New Orleans and back would all prove invaluable in the Civil War During the war Fox was instrumental in mounting the blockade of the southern coast from the Chesapeake Bay to the Rio Grande In planning and coordinating expeditions Fox deserves much of the credit for the navy's successes at Hatteras Port Royal New Orleans Mobile Bay and Fort Fisher Passionately committed to preserving the Union Fox also became an advocate of freedom and voting rights for African Americans He was a skilled administrator who understood politics and developed a close working relationship with Abraham Lincoln Along with officers like Quartermaster General Montgomery Meigs and coordinator of military railroads Herman Haupt Fox played a critical but overlooked role in the Union victory
