Red Diamonds And Nazi Gold:

Red Diamonds and Nazi Gold G. Miller, 2005-06 The story follows on from the first novel The Trade Commissioner which is based on some of the author's experiences during said period This second novel Red Diamonds the company Durum Limited is to start its operations on October 1 1970 A powerful adversary decides to stop them in their endeavor and has no hesitation to even commit murder to keep them out of the world diamond market But what the antagonist doesn't know is that Erik Stark has a mighty partner in Giovanni Bertonini the owner of the Italian corporation contracted for the worldwide marketing of the cut diamonds but he is also Capo of one of the leading Camorra families in Napoli Will Erik Stark and Giovanni Bertonini prevail over their cunning adversary implementation of their bold scheme of international high tech sharing The fearful memories they both have of the wartime Pierre in an occupied country and Erik in a land surrounded and continuously intimidated by the Nazis had brought them together in a common goal to do whatever they could to help prevent a third world war They were convinced that only as long as there was a balance of terror between the superpowers a new world cataclysm could be avoided When Erik is offered one billion US dollars from German investment groups in Argentina Chile and Paraguay for corporate raiding projects he initially has qualms about the offer He is convinced that this huge pile of money must be part of the Nazi treasure stolen from museums castles and wealthy Jewish people in Europe Wouldn't it be unethical to use Nazi Gold for his own enrichment But if he didn't he was sure someone else would **The**

Nazi Hydra in America Glen Yeadon, 2008 This book exposes how US plutocrats launched Hitler then recouped Nazi assets to lay the post war foundations of a modern police state Fascists won WWII because they ran both sides Lays bare the tenacious roots of US fascism from robber baron days to Reichstag fire to the WTC atrocity and Homeland Security with a blow by blow account of the fascist take over of America's media **Red Joker Rules** Pat Holland, 2010-02-23 Gambling is

investing and investing is gambling says the Red Joker Both situations begin with a common pool of money The pool is distributed among those who have created it on the basis of a series of events that are partly controllable Through a mixture of skills self control and sheer luck some of those who have created it will receive more than others There is no inherent difference between sifting through a horse's prospects of winning a race and a company's prospects of returning regular profits There is no inherent difference in deciding whether to raise the betting on a particular hand of cards and deciding whether a property is a good or bad buy But there is a world of difference between the pace of gambling and the pace of investing A gambler faces as many investment situations in a week as an investor does in a lifetime The rules are the same but the gambler is in a situation where he can learn the rules very quickly This is a book of advice from the gambler to the investor **The Red Joker Rules** **1941** William M. Christie, 2016-09-27 As America approaches the seventy fifth anniversary of the attack on Pearl Harbor author William M Christie provides a detailed history of the United States on the eve of World War II 1941 The America That Went to War presents not only the military events of 1941 and specific areas of interest like

sports home life and transportation but also an overall portrait of the country The America of 1941 was very different from the country we know today Most people were just getting back on their feet after the struggles of the Depression their interests personal and inward Access to the political process was uneven yet there was no general assumption that all citizens should have an equal voice in government Magazines and radio provided all the cultural experiences people expected to be able to enjoy Ethnic stereotypes were widely accepted and concerns with social justice were only beginning to expand After the Depression most workers found jobs related to the growth of the American defense industry but the nation was fearful of the foreign wars that made increased armaments necessary Yet everything was about to change with the forced entry onto the world stage Christie describes all this and more demonstrating that one cannot understand the United States during and after World War II without understanding the country that entered the war Organized in a series of vignettes representing focal events of each month 1941 brings readers into the mind set of 1941 America These stories show both what Americans were doing and how they saw themselves and the world in that last year of peace Skyhorse Publishing as well as our Arcade imprint are proud to publish a broad range of books for readers interested in history books about World War II the Third Reich Hitler and his henchmen the JFK assassination conspiracies the American Civil War the American Revolution gladiators Vikings ancient Rome medieval times the old West and much more While not every title we publish becomes a New York Times bestseller or a national bestseller we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home

HITLER WAS SOCIALIST -Nazis, Communists, Fascists Johnny Quest, Hector J. Peabody, Ian Tinny, Adolf Hitler was a socialist Most of what is written about Hitler is deceitfully designed to hide the fact that he touted socialism by the very word Consider the following revelations explained herein with special thanks to archives of Dr Rex Curry s work

- 1 Hitler called himself a Socialist The word Socialist appears throughout Mein Kampf as a self description by Hitler Hitler and his supporters self identified as socialists by the very term in voluminous speeches and writings
- 2 Hitler never called himself a Nazi There was no Nazi Party nor Nazi Germany as those are lies to hide the true names of the entities
- 3 Hitler never called himself a Fascist
- 4 The term Nazi isn t in Mein Kampf nor in Triumph of the Will
- 5 The term Fascist never appears in Mein Kampf as a self description by Hitler
- 6 The term swastika never appears in the original Mein Kampf
- 7 There is no evidence that Hitler ever used the word swastika
- 8 The symbol that Hitler did use was intended to represent S letter shapes for socialist
- 9 Hitler altered his own signature to reflect his S shapes for socialism logo branding
- 10 Hitler was influenced by American socialists the USA s Pledge of Allegiance to the flag was the origin of Nazi salutes and Nazi behavior
- 11 The classic military salute to the brow also contributed to the creation of the Nazi salute with the right arm extended stiffly
- 12 Mussolini was a long time socialist leader with a socialist background raised by socialists to be a socialist and he joined socialists known as fascio fasci and fascisti
- 13 Fascism came from a socialist e g Mussolini Communism came from a socialist e g Marx Fascism and Communism came from socialists
- 14 German socialists

partnered with Soviet socialists to launch WWII invading Poland together and going onward from there killing millions Hitler Mussolini Stalin Mao and other tyrants were influenced by propaganda in the USA including the childish American socialists Francis Bellamy and Edward Bellamy Both Bellamy cousins wanted government to take over all schools to teach socialism to all youngsters worldwide Francis Bellamy was the author of the Pledge of Allegiance to the flag the origin of the infamous stiff armed salute adopted later under German socialism and Adolf Hitler Long before the Deutschland fad began American schoolchildren were taught to chant in unison and perform the same salute each day in government schools that imposed segregation by law and taught racism as official policy Anyone who rejected the ritual in the schools was persecuted America's Nazi salute was often performed by public officials in the USA from 1892 through 1942 What happened to old photographs and films of the American Nazi salute performed by federal state county and local officials Those photos and films are rare because people don't want to know the truth about the government's past TV newspapers and other MSM will not show a historic photo or video of the early American straight arm salute nor mention its history and impact worldwide American youth groups Scouting adopted Bellamy's American Nazi salute with Bellamy's encouragement AND saluted swastika badges worn by fellow scouts Many Americans were accustomed to Nazi salutes for swastikas long before German socialism and Hitler Youth adopted similar behavior under Hitler That helps to explain another inconvenient truth swastikas were promoted in the US military and worn as a patch on the upper left arm of American soldiers in a fashion that would become uniform under German socialism There are photos in this book The military salute was the origin of Nazi salutes via the USA's flag pledge in government schools Public officials in the USA who preceded the German socialist Hitler and the Italian socialist Mussolini were sources for the stiff armed salute and brainwashed chanting in Germany Italy and other foreign countries

A Combat Engineer with Patton's Army Lois Lembo, Leon Reed, 2020-06-09 An engaging and often frightening story of a member of the 305th Engineering Battalion of the 80th Infantry Division Andrew Z Adkins III coauthor of *You Can't Get Much Closer Than This* A Combat Engineer with Patton's Army is the untold story of Frank Lembo one of George Patton's men who helped move the American command in the battle of Argentan in the Normandy Campaign in the high speed pursuit of the German Wehrmacht eastward across France and in the brutal battles waged during the Battle of the Bulge and during the final combats along the borders of the collapsing Reich Throughout his time in Europe Lembo maintained a running commentary of his experiences with Betty Craig his fiancée and future wife This extensive correspondence provides a unique eyewitness view of the life and work of a combat engineer under wartime conditions As a squad and later platoon leader Frank and his comrades cleared mines conducted reconnaissance behind enemy lines built bridges and performed other tasks necessary to support the movement of the 317th 318th and 319th Infantry Regiments of the Blue Ridge Division Patton's workhorses if not his glamour boys Frank's letters go beyond his direct combat experiences to include the camaraderie among the GIs living conditions weather and the hijinks that helped keep the constant threat of death at bay His letters also
