Quantum Mind Arnold Mindell, PH.D.,2012-12 Quantum Mind The Edge Between Physics and Psychology This is the second edition with new preface from the author In a single volume Arnold Mindell brings together psychology physics math myth and shamanism not only mapping the way for next generation science but also applying this wisdom to personal growth group dynamics social and political processes and environmental issues Beginning with a discussion of cultural impacts on mathematics he presents esoteric but plausible interpretations of imaginary numbers and the quantum wavefunction In this context he discusses dreams psychology illness shape shifting moving among realities and the self reflecting Universe bringing in not only shamanism but also the Aboriginal Greek and Hindu myths and even sacred geometry from the Masonic orders and the Native Americans The book is enriched by several psychological exercises that enable the reader to subjectively experience mathematics counting discounting squaring complex conjugating physics

parallel worlds time travel and shamanism shape shifting *Infinite Reach* John E. Biersdorf, 2016-06-16 *Infinite Reach*
Spirituality in a Scientific World connects and integrates the great spiritual insights with science and mathematics for the increasing numbers of Americans who consider themselves spiritual but not religious or spiritual and religious or none of the above and who no longer find traditional religious doctrines and institutions credible or matching their experience In nontechnical language it precisely and clearly traces how current brain mind research informs and enhances inner spiritual and religious experience and how scientific cosmology confirms spiritual intuitions From hunting gathering prehistory through city states empires and the great religions scientific methods advance exponentially faster into the future while the great spiritual insights have never been surpassed though often ignored or denied But scientific knowing and spiritual knowing share infinite reach Brain mind research contributes to understanding and living meditation and spiritual practices in silence ritual and vision Modern physics and mathematics demonstrate how humans observe and participate in the actual evolution of the universe Fractals in chaos theory are spiritual images of ultimate reality In creating loving and undifferentiated presence we find our own unique voice in the mystery of ultimate reality touching down here and now in the specifics of this present moment **The Political Necessity of Transpersonal Work** Marcella Rowek, 2018-05-14
Marcella Rowek explores the paradigm of Deep Democracy and its potential to transform polarized conflicts in the context of the current refugee situation in Europe Her approach to peace work and research is embedded in the Innsbruck School of Peace Studies philosophy of Transrational Peaces and Lederach's Elicitive Conflict Transformation At the heart of a deeply democratic attitude is the idea that all perspectives experiences feelings body sensations and awareness levels of the conflicting parties have to be acknowledged and consciously worked with Only then conflict transformation processes can unfold This is linked to a systemic and transpersonal perspective which assumes that not a single person event or group triggers a conflict but that it is systemically co created
