tell us about the interactions of state power and corporate power Can machines ever become truly conscious or will they always lack some essential human qualities The most popular theory of personhood says that a person is defined by their memories so what happens when memories can be manufactured and inserted at will We already interact with non human decision makers via the Internet When embodied AI becomes reality how can we know what is human and what is simulation Does it matter Do AI endowed human looking replicants have civil and political rights or can they be destroyed whenever real humans decide they are inconvenient The blade runner Deckard Harrison Ford appears in both movies and is generally assumed to be human but some claim he may be a replicant What s the evidence on both sides Is Niander Wallace the mad scientist cum evil corporate CEO in Blade Runner 2049 himself a replicant What motivates him What are the impacts of decision making AI entities on the world of business Both Blade Runner and Blade Runner 2049 have been praised for their hauntingly beautiful depictions of a bleak future but the two futures are very different and the 2019 future imagined in the original Blade Runner is considerably different from the actual world of 2019 How have our expectations and visions of the future changed between the two movies The dream maker character Ana Stelline in Blade Runner 2049 has a small but pivotal role What are the implications of a person whose dedicated mission and task is to invent and install false memories What are the social and psychological implications of human AI sexual relations **Blade Runner** Matt Hills,2011-12-13 More than just a box office flop that resurrected itself in the midnight movie circuit Blade Runner 1982 achieved extraordinary cult status through video laserdisc and a five disc DVD collector s set Blade Runner has become a network of variant texts and fan speculations a franchise created around just one film Some have dubbed the movie classroom cult for its participation in academic debates while others have termed it meta cult in line with the work of Umberto Eco The film has also been called design cult thanks to Ridley Scott s brilliant creation of a Los Angeles in 2019 the graphics and props of which have been recreated by devoted fans Blade Runner tests the limits of this authenticity and artificiality challenging the reader to differentiate between classic and flop margin and mainstream true cult and its replicants *The Blade Runner Experience* Will Brooker,2005 This text examines Ridley Scott s Blade Runner in context of adaptation both from the original novel but also as graphic novel computer game and series of books It also looks at the identities of the characters particularly with reference to influences and realities **Ridley Scott's Blade runner** Frank Schnelle,1994 Blade Runner 2 K. W. Jeter,1996 The first sequel to the major movie spectacular Blade Runner The Edge of Human has been commissioned by Orion and authorised by the Philip K Dick Trust and The Blade Runner Partnership It is written by a writer who worked alongside Dick in the years prior to his tragically earl death It answers a lot of the questions left hanging by the movie and yet remains true to the spirit of the original Philip K Dick story Do Androids Dream of Electric Sheep Rick Deckard is living with his replicant lover Rachael in the rural backwoods of North America They eke out their remaining days together with Rachael spending most of the time in cyrogenic suspension Out of the blue Deckard is snatched away and dumped back in LA

with more questions than answers Why is he on a murder rap Who is the sixth replicant and is Sarah Tyrell Rachael s double to be trusted *Blade Runner: The Inside Story* Don Shay,2003-06-01 A reprint of the 1982 extended issue of Cinefex magazine devoted to the design and special effects of Ridley Scott s sci fi masterpiece
