Right Face Organizing The American Conservative Movement 194565 Paperback:

Right Face Niels Bjerre-Poulsen, 2002 *Right Face* tells the compelling story of how the American conservative movement in the two decades following World War II managed to move from obscurity to the center stage of national politics When Dwight D Eisenhower in 1952 defeated the conservative champion Robert Taft and won the Republican presidential nomination many on the American right felt that they had become homeless within the established party system The brand of liberalism which permeated the nation's intellectual life had also become bipartisan political doctrine The feeling of cultural and political ostracism triggered a quest for an independent conservative network of organizations with the hope of either taking back the Republican Party or creating a viable alternative The first part of *Right Face* recounts the often bitter struggle to define the meaning of conservatism in modern America Part two concerns the search for influential national outlets for conservative opinion whereas part three focuses on the movement's actual plunge into electoral politics not least on its well planned takeover of the Republican Party machinery in 1964 and the resulting presidential nomination of Senator Barry Goldwater An epilogue attempts to trace main currents in the evolution of American conservatism since the 1960s as well as to assess the extent to which American conservatives have managed to create the Counter Establishment they set out to create more than half a century ago In a sense the conservatives actually set out on two different quests One was for intellectual respectability The other was for political power As this study reveals the two goals were not always compatible Based on extensive archival sources *Right Face* provides an incisive analysis of the conservative movement and the forces that shaped it With its blending of intellectual and organizational developments it adds an important chapter to the history of American political culture in the 20th century

The Making of the American Conservative Mind Jeffrey Hart, 2014-05-06 National Review has been the leading conservative national magazine since it was founded in 1955 and in that capacity it has played a decisive role in shaping the conservative movement in the United States In *The Making of the American Conservative Mind* Jeffrey Hart provides an authoritative and high spirited history of how the magazine has come to define and defend conservatism for the past fifty years He also gives a firsthand account of the thought and sometimes colorful personalities including James Burnham Willmoore Kendall Russell Kirk Frank Meyer William Rusher Priscilla Buckley Gerhart Niemeyer and of course the magazine's founder William F Buckley Jr who contributed to National Review's life and wide influence As Hart sees it National Review has regularly veered toward ideology but it has also regularly corrected its course toward in Buckley's phrase a politics of reality Its catholicity and originality attributable to Buckley's magnanimity and sense of showmanship has made the magazine the most interesting of its kind in the nation concludes Hart His highly readable and occasionally contrarian history the first history of National Review yet published marks another milestone in our understanding of how the conservatism now so influential in American political life draws from and in some ways repudiates the intellectual project that National Review helped launch a half century ago

[The Conservative Intellectual](#)

Movement in America Since 1945 George H. Nash, 2023-03-28 First published in 1976 George H Nash's celebrated history of the postwar conservative intellectual movement has become the unquestioned standard in the field This new edition published in commemoration of the book's thirtieth anniversary includes a new preface and conclusion by the author and will continue to instruct anyone interested in how today's conservative movement was born **America's Right** Robert B. Horwitz, 2013-07-10 Conservatism has been the most important political doctrine in the United States for nearly four decades It has dominated the intellectual debate and largely set the policy agenda even during years of Democratic electoral control But 21st century conservatism has moved far beyond even the Reagan Revolution of small government lower taxes and a respect for tradition The alliance of libertarians neoconservatives and the Christian right has launched anxious and angry attacks on the purported homosexual agenda the hoax of climate change the rule by experts and elites and the banishment of religion from the public realm In the foreign policy arena it has tried to remake the world through the cleansing fire of violence Contemporary American conservatism practices a politics that is disciplined uncompromising utopian and enraged seeking to take back our country This is anti establishment conservatism whose origin can be traced back to the right wing that battled both the reigning post World War II liberal consensus and the moderate establishment Republican Party This book examines the nature of anti establishment conservatism traces its development from the 1950s to the Tea Party and explains its political ascendancy Right Face Niels Bjerre-Poulsen, 2004 BEM RK For at se bogen skal man først downloade programmet FileOpen til sin PC link verst på siden Der kan maksimalt udprintes 40 sider af bogen i een og samme session

Political Conversion Don Waisanen, 2018-04-20 Stories of religious conversion have been told for millennia Yet many prominent figures such as Ronald Reagan Hillary Clinton and Rick Perry have also used stories of their change from one political worldview to another as a communication strategy aimed at winning the hearts and minds of the public This book is about political conversion stories in public discourse in their evolution from and interactions with religion From a historical perspective it charts the development of conversion narratives from religious contexts to their contemporary applications as specifically political messages Since these narratives continue to be used in the culture wars this book examines several related autobiographies that contributed to the use of this strategy in contemporary U S politics Each case shows how shifts during the postwar period called for conversion texts under varying guises and illustrates how and why the majority of these stories have been of conversions from the ideological left to the right Examining political conversion as a form of public persuasion Political Conversion ultimately provides insight into what these types of civic religious stories mean for democratic communication and communities **Phyllis Schlafly and Grassroots Conservatism** Donald T. Critchlow, 2018-06-05 Longtime activist author and antifeminist leader Phyllis Schlafly is for many the symbol of the conservative movement in America In this provocative new book historian Donald T Critchlow sheds new light on Schlafly's life and on the unappreciated role her grassroots activism played in transforming America's political landscape Based on

exclusive and unrestricted access to Schlafly's papers as well as sixty other archival collections the book reveals for the first time the inside story of this Missouri born mother of six who became one of the most controversial forces in modern political history It takes us from Schlafly's political beginnings in the Republican Right after the World War II through her years as an anticommunist crusader to her more recent efforts to thwart same sex marriage and stem the flow of illegal immigrants Schlafly's political career took off after her book *A Choice Not an Echo* helped secure Barry Goldwater's nomination With sales of more than 3 million copies the book established her as a national voice within the conservative movement But it was Schlafly's bid to defeat the Equal Rights Amendment that gained her a grassroots following Her anti ERA crusade attracted hundreds of thousands of women into the conservative fold and earned her a name as feminism's most ardent opponent In the 1970s Schlafly founded the Eagle Forum a Washington based conservative policy organization that today claims a membership of 50 000 women Filled with fresh insights into these and other initiatives Phyllis Schlafly and Grassroots Conservatism provides a telling profile of one of the most influential activists in recent history Sure to invite spirited debate it casts new light on a major shift in American politics the emergence of the Republican Right

Cover Up the Dirty Parts!
Dena Shottenkirk, 2009 *Cover Up the Dirty Parts* takes on directly not only questions regarding the relationship between government funding for the arts and political censorship but also deeper philosophical questions regarding liberty the definition of art the role of vague terms in language and law and the epistemological role of both free expression and art itself The issue of arts funding sits in the terrain of overlap between aesthetics and political philosophy and thus elicits aesthetic questions regarding the purpose of art and how art is defined political questions regarding the nature of freedom and the role of government and epistemological questions regarding the sources of knowledge and how it is we acquire it As both an analytic philosopher and a practicing artist Shottenkirk has incorporated the insights and sensitivities of both worlds in this analysis of why art is important and why freedom of expression within cultural development must be respected if we are to embrace a society able to provide the maximum degree of stimulation and safety for all its members In this context art is viewed as valuable both as a tool for knowledge acquisition for the individual and as a source of consensus building for the culture As a device for consensus building art has the role of practicing respect for differing opinions and balancing competing points of view as well as serving as self expression for the individual Interviews with two artists the first of whom is an American central to the funding debates of the last few decades and the second of whom is a contemporary Iranian writer imprisoned for her writing combine with both narrative and philosophical analysis to give a complete picture of the issues and what is at stake for all of us who care not only about art but about freedom as well While the distinction between censorship and non funding is explored also analyzed is the need for tolerance in the face of offense as well as respect for others TM rights and cultural differences

The Book Review Digest, 2004 **Hayek: A Collaborative Biography**
Robert Leeson, 2018-05-15 Funded by the tobacco and fossil fuel industries the Mises and Hayek inspired free market has

adopted The Slogan of Liberty but should their faith based assertions be accorded the same epistemological status as a science If Austrian economics is a branch of divinely revealed knowledge as the epigone Godfather Hans Sennholz insists what validity do its policy recommendations have Should those who falsely claim to have PhDs be tax funded as Post Doctoral Fellows and Professors This volume examines the consequences of the free market colonisation of economics climate change financial crises and the corruption of academic discourse

Right Face Organizing The American Conservative Movement 194565 Paperback Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Right Face Organizing The American Conservative Movement 194565 Paperback PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Right Face Organizing The American Conservative Movement 194565 Paperback PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can

enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Right Face Organizing The American Conservative Movement 194565 Paperback free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About Right Face Organizing The American Conservative Movement 194565 Paperback Books
