Ripples Of Hope

David K. Jones

Ripples Of Hope:

Ripples Of Hope Joshua Gottheimer, 2009-04-21 Ripples of Hope brings together the most influential and important civil rights speeches from the entire range of American history from the colonial period to the present. Gathered from the great speeches of the civil rights movement of African Americans, Asian Americans, gays, Hispanic Americans, and women, Ripples of Hope includes voices as diverse as Sister Souljah, Spark Matsui, and Harvey Milk, which taken as a whole constitute a unique chronicle of the modern civil rights movement. Featuring a foreword by President Bill Clinton and an afterword by Mary Frances Berry, this collection represents not just a historical first but also an indispensable resource for readers searching for an alternative history of American rhetoric. Edited and with an introduction by former Clinton speechwriter Josh Gottheimer, the stirring speeches that make up this volume provide an important perspective on our nation's development and will inform the future debate on civil rights.

Ripples of Hope David Plouffe, 2024-05-01 A young reader's guide to the US presidential election process and what you can do to support a candidate even if you're not old enough to vote yet. You may not have a vote yet, but you do have a voice. In November 2020, one of the most pivotal elections in United States history took place. The American people chose our next president, and you have the power to play a major role in future choices. Now more than ever, young people around the world are standing up and speaking out. As President Barack Obama's campaign manager, David Plouffe saw firsthand that nothing is more powerful than young people believing deeply in something. With an expert's overview of the presidential election process and concrete ways to get involved, Ripples of Hope is a book for this generation, impassioned, creative, and ready to make a difference.

Ripples of Hope Robert Press, 2025-10-01 In Ripples of Hope, Robert M. Press tells the stories of mothers, students, teachers, journalists, attorneys, and many others who courageously stood up for freedom and human rights against repressive rulers and who helped bring about change through primarily nonviolent means. Global in application and focusing on Kenya, Liberia, and Sierra Leone, this tribute to the strength of the human spirit also breaks new ground in social movement theories, showing how people on their own or in small groups can make a difference.

Ripples of Hope in the Mississippi Delta David K. Jones, 2024-12-10 The Mississippi Delta consistently ranks as having some of the worst health outcomes in the United States. Even with this stark reality, researcher David K. Jones, 1981-2021, found ripples of hope. For four years, Jones turned to residents and local leaders to learn firsthand the intricate connections between race, place, and health in the region. Using an innovative mix of photovoice, policy, and social science research, Jones weaves their insights with data analysis to show how local, state, and national policies and structures, whether or not intentional, constrain or expand daily choices that affect health. Blaming individuals for poor health choices isn't the remedy. Jones describes how a community-led, goal-oriented approach to creating health equity policies is needed and that everyone benefits when we ensure that all people can pursue a healthy, fulfilling life. In this compassionate and practical book, Jones provides a roadmap for anyone who would like to make a difference wherever they live. Jones calls on his readers to act.

Simon Lee,Ian S. Markham,2023-07-07 Institutions are very precious If any idea is going to persist into the future then it needs an institution to keep it going Each of us comes to understand often only gradually over the decades how some influences from our earlier life have affected us Some will have been inspiring Some will have given us direct models of how to behave or how not to behave Indeed it is often the case that the deeper an influence turns out to have been in the long run the less likely it is that we noticed it at the time it was happening For this reason it has become necessary to find the time to reflect on and express gratitude for the institutions that helped form who we are and the work that we do This collection of essays explores the impact of one institution on twenty five participants twenty five years after we worked together The Institution was Liverpool Hope University College and is now Liverpool Hope University By telling and reflecting on our stories we aim to encourage others to think about their own experiences and ultimately our earnest hope is that a greater awareness of this aspect of university life will help to transform our collective understanding of the nature of universities in particular and of communities institutions or societies in general But there was something special about belonging to a community called Hope **Ripples of Hope in the Mississippi Delta** David K. Jones,2024-12-10

The late David K Jones spent four years visiting the Mississippi Delta conducting primary research with residents and local leaders to explore the connections between race place and health He weaves their insights with data analysis to show how local state and national policies and structures whether intentional or not constrain or expand the daily choices of individuals that affect health In order to remedy the complex problem of health disparities Jones argues that a new approach to creating health equity policy is needed Through firsthand narratives Jones elevates the voices of people living and working in the Delta to guide the discovery of which community led ripples of hope efforts have already been effective and should be nourished and what policy changes are still needed to support healthy lives In this mix of ethnography policy and social science Jones offers a roadmap for creating a community led goal based deficit and asset approach to charting a health policy agenda to health equity in the Delta and beyond *Hope for Your Soul* Dr. Samuel White III,2018-08-22
