Rise And Fall Of Mikhail Gorbachev:

Rise and Fall of Mikhail Gorbachev Thomson Learning Australia, **Gorbachev** I. D. Oppenheim, 1991 **The Rise and Fall of Gorbachev** Dmitrii Mikheev, 1992 One such puzzle is the phenomenon of Gorbachev Dozens of books and thousands of articles have already been written about his upbringing his decisions his words his image his career and his behavior His wife close associates friends and enemies have written books about him Yet the real Gorbachev as man and as politician still defies explanation Perhaps the most striking paradox of the Gorbachev puzzle is the fact that a leader so admired around the world could be so hated despised and pitied by so many people in his own country He captured the imaginations of the world and was talked about as a new messiah yet so many of his countrymen when asked about Gorbachev could hardly fight back their loathing toward the man who changed the world The political dimension of Gorbachev's saga is the drama of gaining enormous power and losing it all *The Rise and Fall of the Soviet Economy* Philip Hanson, 2014-09-11 Why did the Soviet economic system fall apart Did the economy simply overreach itself through military spending Was it the centrally planned character of Soviet socialism that was at fault Or did a potentially viable mechanism come apart in Gorbachev's clumsy hands Does its failure mean that true socialism is never economically viable The economic dimension is at the very heart of the Russian story in the twentieth century Economic issues were the cornerstone of Soviet ideology and the Soviet system and economic issues brought the whole system crashing down in 1989-91 This book is a record of what happened and it is also an analysis of the failure of Soviet economics as a concept *The Fall of the Soviet Union, 1991* Susan Sales Harkins, William H. Harkins, 2020-02-04 Soviet History begins with bloodshed oppression and strife Civil War stained the Russian landscape with the blood of its people after Nicholas II abdicated his throne to a provisional government The Bolsheviks wanted Russia and eventually they took her Peasants became citizens with rights but the truth is the civil war only changed the name of their oppressor from czar to Communist dictator After decades of isolation and sometimes harsh living conditions Mikhail Gorbachev ushered in an age of reform but in doing so he made enemies Then Boris Yeltsin championed reform and the rights of the people When Communist hard liners made one last effort to regain control Yeltsin held his ground Unlike its birth the death of the Soviet Union saw little bloodshed After seventy years even the Communist hard liners no longer had the stomach for killing citizens to keep control The union dissolved in 1991 *The Rise and Fall of Peace on Earth* Michael Mandelbaum, 2021-01-02 In *The Rise and Fall of Peace on Earth* Michael Mandelbaum examines the peaceful quarter century after the end of the Cold War He describes how the period came about and why it ended arguing that individual countries overturned peaceful political and military arrangements in Europe Asia and the Middle East thereby affecting the rest of the world He also probes prospects for the revival of peace in the future and stresses the importance of democracy and civil liberties across borders *Rise & Decline* Bruce Thatcher, 2017-05 *Rise Decline* is a political science work that examines the history of six republics to identify common

elements in their rise decline and extinction Ancient Athens the Roman Republic the Polish Lithuanian Commonwealth and the Third Republic of France have all passed from the world scene The United Kingdom and the United States of America still exist but are in decline While many things can cause the end of a nation these studies show that the normal life cycle of a nation its birth rise maturity decline expiration is determined by the degree to which its citizens accept the principles upon which it was founded its raison d'être Nations in ascendance are characterized by a critical mass of citizens attuned to their founding principle As they decline nations are characterized by growing numbers of citizens who are indifferent to or disdainful of founding principles History is clear All nations end The existential question for Americans is not whether we can prevent it Asad's Legacy Eyal Zisser, 2001 Hafez al Asad ruled Syria for 30 of its 55 year history as a modern state

Zisser Moshe Dayan Center for Middle Eastern and African studies Tel Aviv U offers a balanced view of Asad's role in elevating Syria to a stable major Middle East player but with a legacy of authoritarianism and struggles over succession Includes maps of Syria's frontier with Israel and Lebanon c Book News Inc **The Encyclopaedia of Christianity, Vol. 5** Erwin Fahlbusch, Geoffrey William Bromiley, 1999 Written by leading scholars from around the world the articles in this volume range from sin Sufism and terrorism to theology in the 19th and 20th centuries Vatican I and II and the virgin birth

Soviet Union's Hidden Horrors: Unveiling Decades of Repression and Suffering Pasquale De Marco, 2025-05-16 In the vast expanse of history few regimes have cast as long and dark a shadow as the Soviet Union This book unveils the hidden horrors that lie beneath the surface of the Soviet era shedding light on the systematic repression violence and suffering that shaped the lives of millions Through meticulous research and firsthand accounts we delve into the machinations of a totalitarian state exposing the true nature of the Soviet regime We uncover the roots of Stalin's reign of terror the Gulag Archipelago and the systematic persecution of dissidents and minorities We explore the devastating impact of central planning on the economy leading to chronic shortages poverty and isolation from the global community Beyond the political sphere we examine the social and cultural consequences of Soviet rule The stifling of creativity and intellectual freedom the pervasive surveillance and propaganda and the erosion of traditional values left an indelible mark on Soviet society We explore the human cost of totalitarianism giving voice to the victims and survivors of political repression and the psychological toll it took on entire generations We also investigate the final years of the Soviet Union tracing the rise and fall of perestroika and the challenges of transition to democracy We analyze the historical lessons learned from the Soviet experience and their relevance to contemporary society emphasizing the importance of vigilance against authoritarianism and the preservation of human rights This book is a powerful reminder of the fragility of freedom and the resilience of the human spirit in the face of adversity It is a call to remember the victims honor their sacrifices and ensure that such atrocities never happen again By confronting the dark past we can pave the way for a brighter future founded on the principles of justice freedom and human dignity If you like this book write a review on google books
