Rise And Fall Of Stalin:

The Rise and Fall of Stalin Robert Payne, 1968 *The Rise and Fall of Stalin* R. Payne, 1962 The Rise and Fall of the Soviet Union Epic Epoch, 2025-04-29 The Rise and Fall of the Soviet Union by Epic Epoch Disclaimer This is an original work of historical non fiction by Epic Epoch How did the world s largest country collapse without a single bomb dropped This is the gripping story of the USSR from Lenin s revolution to Stalin s terror Khrushchev s promises and Gorbachev s unraveling Learn how idealism met corruption and how the Cold War ended without war at all We can t predict the future But we can preserve the past Mikhail Gorbachev Step into the factories gulags and summits that shaped modern geopolitics and see how the Soviet dream turned into a bureaucratic nightmare P S Whether you lived through the Cold War or only heard stories this is the book that connects the dots Why Choose Us Epic Epoch Epic History Told Simply Bold vivid cinematic storytelling Clear concise and never boring Real takeaways Real history Disclaimer Once Again This is an original book written and published by Epic Epoch It is not a summary or affiliated with any other work **Joseph Stalin** David R. Egan, Melinda A. Egan, 2007-07-25 With the opening of Russian and communist bloc archives dating from the Soviet era there has been a significant increase of scholarly writings pertaining to Joseph Stalin Widely considered to be among the most influential historical figures of the twentieth century Stalin continues to be a source of intense study In the absence of a comprehensive compilation of periodical literature the need for Joseph Stalin An Annotated Bibliography of English Language Periodical Literature to 2005 is conspicuous Ranging from editorials and news reports to academic articles the more than 1 700 sources cited collectively cover the full range of his life the various aspects of his leadership and virtually all facets of the system and practices traditionally associated with his name The coverage in this bibliography extends beyond the person of Stalin to include the subjects of Stalinism the Stalinist system the Stalin phenomenon and those policies and practices of the Communist Party and Soviet state associated with him This volume also provides a record of scholarly opinion on Stalin and sheds light on the evolution and current state of Stalinology An effort has been made to list only those articles in which Stalin figures prominently but in some instances articles have been included which do not center on Stalin but are worthy of listing for other reasons The book is divided into fourteen main sections General Studies and Overviews Biographical Information and Psychological Assessments The Revolutionary Movement October Revolution and Civil War Rise to Power Politics Economics Society and Social Policy Nationalism and Nationality Policy Culture Religion Philosophy and Theory Foreign Relations and International Communism Military Affairs and De Stalinization Including a subject index of several hundred headings and even greater number of subheadings this comprehensive annotated bibliography should be of benefit to those individuals who for the purpose of research or classroom **Stalin** Stephen Kotkin, 2014-11-06 A magnificent new biography that revolutionizes our understanding of Stalin and his world It has the quality of myth a poor cobbler s son a seminarian from an oppressed outer province of the Russian empire reinvents himself as a top leader in a band of revolutionary zealots

When the band seizes control of the country in the aftermath of total world war the former seminarian ruthlessly dominates the new regime until he stands as absolute ruler of a vast and terrible state apparatus with dominion over Eurasia While still building his power base within the Bolshevik dictatorship he embarks upon the greatest gamble of his political life and the largest program of social reengineering ever attempted the collectivization of all agriculture and industry across one sixth of the earth Millions will die and many more millions will suffer but the man will push through to the end against all resistance and doubts Where did such power come from In Stalin Stephen Kotkin offers a biography that at long last is equal to this shrewd sociopathic charismatic dictator in all his dimensions The character of Stalin emerges as both astute and blinkered cynical and true believing people oriented and vicious canny enough to see through people but prone to nonsensical beliefs We see a man inclined to despotism who could be utterly charming a pragmatic ideologue a leader who obsessed over slights yet was a precocious geostrategic thinker unique among Bolsheviks and yet who made egregious strategic blunders Through it all we see Stalin s unflinching persistence his sheer force of will perhaps the ultimate key to understanding his indelible mark on history Stalin gives an intimate view of the Bolshevik regime s inner geography of power bringing to the fore fresh materials from Soviet military intelligence and the secret police Kotkin rejects the inherited wisdom about Stalin s psychological makeup showing us instead how Stalin s near paranoia was fundamentally political and closely tracks the Bolshevik revolution s structural paranoia the predicament of a Communist regime in an overwhelmingly capitalist world surrounded and penetrated by enemies At the same time Kotkin demonstrates the impossibility of understanding Stalin s momentous decisions outside of the context of the tragic history of imperial Russia The product of a decade of intrepid research Stalin is a landmark achievement a work that recasts the way we think about the Soviet Union revolution dictatorship the twentieth century and indeed the art of history itself Stalin Waiting for Hitler 1929 1941 will be published by Penguin Press in October 2017

Stalin's Other War Albert L. Weeks, 2003-04-16 On June 22 1941 just less than two years after signing the Nazi Soviet Agreements Adolf Hitler s German army invaded the Soviet Union The attack hardly came as a surprise to Josef Stalin in fact history has long held that Stalin spent the two intervening years building up his defenses against a Nazi attack With the gradual declassifying of former Soviet documents though historians are learning more and more about Stalin s grand plan during the years 1939 1941 Longtime Soviet expert Albert L Weeks has studied the newly released information and come to a different conclusion about the Soviet Union s pre war buildup it was not precaution against German invasion at all In fact Weeks argues the evidence now suggests Soviet mobilization was aimed at an eventual invasion of Nazi Germany The Soviets were quietly biding their time between 1939 and 1941 allowing the capitalist powers to destroy one another all the while preparing for their own Westward march Stalin Weeks shows wasn t waiting for a Nazi attack Hitler simply beat him to the punch

Stalin's Last Generation Juliane Fürst, 2010-09-30 Stalin s last generation was the last generation to come of age under Stalin yet it was also the first generation to be socialized in the post war period Its

young members grew up in a world that still carried many of the hallmarks of the Soviet Union's revolutionary period yet their surroundings already showed the first signs of decay stagnation and disintegration Stalin's last generation still knew how to speak Bolshevik still believed in the power of Soviet heroes and still wished to construct socialism yet they also liked to dance and dress in Western styles they knew how to evade boring lectures and lessons in Marxism Leninism and they were keen to forge identities that were more individual than those offered by the state In this book Juliane F rst creates a detailed picture of late Stalinist youth and youth culture looking at young people from a variety of perspectives as children of the war as recipients and creators of propaganda as perpetrators of crime as representatives of fledgling subcultures as believers as critics and as drop outs In the process she illuminates not only the complex relationship between the Soviet state and its youth but also provides a new interpretative framework for understanding late Stalinism the impact of which on Soviet society's subsequent development has hitherto been underestimated including its role in the ultimate demise of the USSR

Stalin's Curse Robert Gellately, 2013-03-05 A chilling riveting account based on newly released Russian documentation that reveals Joseph Stalin's true motives and the extent of his enduring commitment to expanding the Soviet empire during the years in which he seemingly collaborated with Franklin D Roosevelt Winston Churchill and the capitalist West At the Big Three conferences of World War II Joseph Stalin persuasively played the role of a great world leader whose primary concerns lay in international strategy and power politics and not communist ideology Now using recently uncovered documents Robert Gellately conclusively shows that in fact the dictator was biding his time determined to establish Communist regimes across Europe and beyond His actions during those years and the poorly calculated responses to them from the West set in motion what would eventually become the Cold War Exciting deeply engaging and shrewdly perceptive Stalin's Curse is an unprecedented revelation of the sinister machinations of Stalin's Kremlin Stalin Simon Sebag Montefiore, 2007-12-18 NATIONAL BESTSELLER This widely acclaimed biography of a Soviet dictator and his entourage during the terrifying decades of his supreme power transforms our understanding of the Marxist leader and Russian tsar From the bestselling author of The Romanovs The first intimate portrait of a man who had more lives on his conscience than Hitler Disturbing and perplexing The New York Times Book Review Based on groundbreaking research Simon Sebag Montefiore reveals the fear and betrayal privilege and debauchery family life and murderous cruelty of this secret world Written with bracing narrative verve this feat of scholarly research has become a classic of modern history writing Showing how Stalin's triumphs and crimes were the product of his fanatical Marxism and his gifted but flawed character this is an intimate portrait of a man as complicated and human as he was brutal and chilling **Stalin's Millennials** Tinatin Japaridze, 2022-02-21 This book examines Joseph Stalin's increasing popularity in the post Soviet space and analyzes how his image and the nostalgia it evokes is manipulated and exploited for political gain The author argues that in addition to the evil dictator and the Georgian comrade there is a third portrayal of Stalin the one projected by the generation that saw the tail end of the USSR the post

Soviet millennials This book is not a biography of one of the most controversial historical figures of the past century Rather through a combination of sociopolitical commentary and autobiographical elements that are uncommon in monographs of this kind the attempt is to explore how Joseph Stalin s complex legacies and the conflicting cult of his irreconcilable tripartite of personalities still loom over the region as a whole including Russia and perhaps to an even deeper extent Koba s native land now the independent Republic of Georgia caught between its unreconciled Soviet past and the potential future within the European Union
