Rise Of Russia:

The Rise of Russia and the Fall of the Soviet Empire John B. Dunlop,1995-04-03 This is the first work to set one of the great bloodless revolutions of the twentieth century in its proper historical context John Dunlop pays particular attention to Yeltsin's role in opposing the covert resurgence of Communist interests in post coup Russia and faces the possibility that new institutions may not survive long enough to sink roots in a traditionally undemocratic culture **The Rise Of Russia**

In Asia David J. Dallin,2013-05-31 An in depth history of Russia's involvement in Asia Dallin escaped from Russia at an early age and studied its global policies for the rest of his life A book that is a must read for any keen amateur historian or student of modern history **Rise of Russia** Robert Wallace,1967 Rise of Russia Robert Wallace,1969 China's Rise, Russia's

Fall Peter Nolan,1995-10-30 A lively and well written comparison of economic transformation in China and the USSR Russia combining a good knowledge of the Chinese economy with a radical critique of Western transition orthodoxy this very topical and very controversial book will be useful reading for students administrators in many countries and international agencies and business people Michael Ellman University of Amsterdam Peter Nolan makes a pungent challenge to conventional wisdom by arguing that the Chinese approach to system reform has been vastly more successful than the shock therapy applied to Russia His book is based on extensive comparison and deep insight into the political economy of both countries John Toye Institute of Development Studies Sussex This book is the first attempt to analyse systematically the dramatic contrast in the results of post Stalinist reform in China and Russia It argues that there emerged a transition orthodoxy about how to reform the communist systems of political economy However it was deeply flawed The advice which flowed from this orthodoxy was the primary cause of the Soviet disaster The decision not to follow it was the main reason for China's enormous success in its reform programme **The Politics of Unfree Labour in Russia** Mary Buckley,2018-01-11

Discusses human trafficking out of the Russian Federation since the collapse of the Soviet state and labour migration into and within Russia **Byzantium and the Rise of Russia** John Meyendorff,1980-12-18 The history of Russia is often considered as if that immense country had always been an isolated continent However at the time of its rise as a nation it was politically a province of the Mongol Empire whose capital was in Central Asia and ecclesiastically it was a dependency of the Orthodox Patriarchate of Constantinople or Byzantium This book describes the role of Byzantine predominantly ecclesiastical diplomacy in the emergence of Moscow as the capital of Russia in the fourteenth century and the cultural religious and political ties which connected the Northern periphery of the Byzantine Orthodox Commonwealth with its centre in Constantinople After 1370 the religious and monastic revival in Byzantium and the weakening of Mongol power provided an orientation to the policies of the Orthodox church in Russia towards supra national unity spiritual and artistic achievements and political reconciliation between principalities Putin's Wars Marcel H. Van Herpen,2015-07-01 This fully updated book offers the first systematic analysis of Putin's three wars placing the Second Chechen War the war with Georgia

of 2008 and the war with Ukraine of 2014 2015 in their broader historical context Drawing on extensive original Russian sources Marcel H Van Herpen analyzes in detail how Putin s wars were prepared and conducted and why they led to allegations of war crimes and genocide He shows how the conflicts functioned to consolidate and legitimate Putin s regime and explores how they were connected to a fourth hidden internal war waged by the Kremlin against the opposition The author convincingly argues that the Kremlin relying on the secret services the Orthodox Church the Kremlin youth Nashi and the rehabilitated Cossacks is preparing for an imperial revival most recently in the form of a Eurasian Union An essential book for understanding the dynamics of Putin s regime this study digs deep into the Kremlin s secret long term strategies Readable and clearly argued it makes a compelling case that Putin s regime emulates an established Russian paradigm in which empire building and despotic rule are mutually reinforcing As the first comprehensive exploration of the historical antecedents and political continuity of the Kremlin s contemporary policies Van Herpen s work will make a valuable contribution to the literature on post Soviet Russia and his arguments will stimulate a fascinating and vigorous debate

Conservatism and the Kissinger-Mao Axis Lam Lai Sing, 2015-05-20 Kissinger s dual purpose instrument of the US China and US Soviet d tente was devised to achieve a stable balance of power in the contemporary world in the second half of the 1960s Stimulated by both Kissinger s doctrine and the historical novel the Romance of the Three Kingdoms Mao s global order of tripolarity was created to feature the new US China relations in the early 1970s with his initiative of the ping pong diplomacy through this Kissinger Mao axis This made his quest for a modernization revolution possible with the Western market oriented approach Strengthening Mao s modernization program Xiaoping s good neighborhood policy was designed to induce the world to help modernize China Vitally including Russia with the collapse of the Soviet Union Deng s policy helped maintain a peaceful and stable international environment though it also marked the end of Mao s global order Perceiving the PRC s rise as a threat to its dominance in the Asia Pacific region the US containment effort was enhanced with US Japanese collusion and siding with the Philippines and Vietnam in relevant maritime disputes with the PRC The US united with the Republic of Korea nations in Southeast Asia and Australia in establishing a wide range alliance to go against the China threat The post Cold War eastward expansion of the US led NATO and the Russian determination to be a great power again contributed to tension with the United States The Russian desire to maintain its nuclear deterrent capability was at odds with the US missile defense plans Thus the US deployment of its missile shield in Eastern Europe as part of its strategic configuration in Alaska and the Far East was to contain Russia from both the Far East and Europe *A Short History of Europe* Charles Sanford Terry, 1912
